Approximate date of commencement of proposed sale to the public: **As soon as practicable after the effective date of this Registration Statement.**

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933 check the following box.

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer
Non-accelerated filer

Accelerated filer
Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided to Section 7(a)(2)(B) of the Securities Act.

CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Proposed Maximum Aggregate Offering Price(1)(2)	Amount of Registration Fee
Common Stock, \$0.00001 par value per share	\$ 28,750,000	\$ [*]
Warrants to purchase Common Stock to be issued to the Underwriter (3)(4)	—	
Common Stock issuable upon exercise of Warrants to purchase Common Stock to be issued to the Underwriters (5)	\$ 1,581,250	\$ [*]
Total	\$ 30,331,250	\$ [*]

- (1) Includes additional shares (15% of the shares being sold in this offering) that may be purchased by the underwriters pursuant to their over-allotment option that may be exercised over a 45-day period.
- (2) There is no current market for the securities or price at which the shares are being offered. Estimated solely for the purpose of calculating the amount of the registration fee pursuant to Rule 457(o) under the Securities Act of 1933, as amended.
- (3) We have agreed to issue to the representative of the several underwriters, who we refer to as the representative, warrants to purchase the number of shares of common stock in the aggregate equal to [*] (5%) of the shares of common stock to be issued and sold in this offering. The warrants are exercisable for a price per share equal to 110% of the public offering price.
- (4) No fee required pursuant to Rule 457(g).
- (5) Pursuant to Rule 416 under the Securities Act, the shares of common stock registered hereby also include an indeterminate number of additional shares of common stock as may from time to time be issued or become issuable because of stock splits, stock dividends and similar transactions.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the Registration Statement shall become effective on such date as the Commission acting pursuant to said Section 8(a), may determine.

EXPLANATORY NOTE

Pursuant to the applicable provisions of the Fixing America's Surface Transportation (FAST) Act, we are omitting our combined unaudited financial statements as of September 30, 2021 and for the three months then ended. While this financial information is otherwise required by Regulation S-X, we reasonably believe that it will not be required to be included in the prospectus at the time of the contemplated offering. We intend to amend this registration statement to include all financial information required by Regulation S-X at the date of such amendment before distributing a preliminary prospectus to investors.

The information in this prospectus is not complete and may be changed. These securities may not be sold until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state or other jurisdiction where the offer or sale is not permitted.

Subject to Completion, dated [*], 2022

PRELIMINARY PROSPECTUS

TREASURE GLOBAL INC

[*] Shares of Common Stock

This is an initial public offering of [*] shares of Treasure Global Inc common stock, par value, \$0.00001 per share.

Prior to this offering, there has been no public market for our common stock. We anticipate that the initial public offering price will be between \$[*] and \$[*]. We will intend to have our common stock listed on the Nasdaq Capital Market under the symbol “[*],” which listing is a condition to this offering. There can be no assurance that we will be successful in listing our common stock on the Nasdaq Capital Market.

We intend to use the proceeds from this offering for general corporate purposes, including working capital. See *Use of Proceeds*.”

Investing in our common stock involves a high degree of risk. See “Risk Factors” beginning on page 19 of this prospectus for a discussion of information that should be considered in connection with an investment in our common stock.

Neither the Securities and Exchange Commission (“SEC”) nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We are an “emerging growth company” as that term is used in the Jumpstart Our Business Startups Act of 2012 (the “Jobs Act”), and we have elected to comply with certain reduced public company reporting requirements.

	Per Share		Total	
Initial public offering price	\$	[*]	\$	[*]
Underwriting discounts and commissions (1)	\$	[*]	\$	[*]
Proceeds, before expenses, to us (2)	\$	[*]	\$	[*]

(1) Represents underwriting discount and commissions equal to seven percent (7%) per share (or \$ per share), which is the underwriting discount we have agreed to pay on all investors in this offering introduced by the underwriters in this offering.

(2) Does not include an accountable expense allowance of up to \$150,000 from the gross proceeds of this offering payable to EF Hutton, as representative of the underwriters or non-accountable expense allowance of one percent (1.0%) of the gross proceeds of this offering payable to EF Hutton. See “*Underwriting*” beginning on page 87 of this prospectus for a description of all compensation payable to the underwriters.

In addition to the underwriting discounts listed above and the non-accountable expense allowance described in the footnote, we have agreed to issue upon the closing of this offering to EF Hutton, as representative of the underwriters, warrants that will expire on the fifth anniversary of the effective date of this registration statement entitling the representative to purchase 5% of the number of shares of common stock sold in this offering. The registration statement of which this prospectus is a part also covers the underwriters’ warrants and the common shares issuable upon the exercise thereof. For additional information regarding our arrangement with the underwriters, please see “*Underwriting*” beginning on page 87.

We have granted the representative of the underwriters an option to purchase from us, at the public offering price, up to [*] additional shares of common stock, less the underwriting discounts and commissions, within 45 days from the date of this prospectus to cover over-allotments, if any. If the representative of the underwriters exercises the option in full, the total underwriting discounts and commissions payable will be \$[*], and the total proceeds to us, before expenses, will be \$[*].

The underwriters expect to deliver the shares against payment on or about [*], 2022.

Through and including [*, 2022 (the 25th day after the date of this prospectus), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriter and with respect to their unsold allotments or subscriptions.

You should rely only on the information contained in this prospectus or any prospectus supplement or amendment. Neither we, nor the underwriters, have authorized any other person to provide you with information that is different from, or adds to, that contained in this prospectus. If anyone provides you with different or inconsistent information, you should not rely on it. Neither we nor the underwriters take responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. You should assume that the information contained in this prospectus or any free writing prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or of any sale of our common stock. Our business, financial condition, results of operations and prospects may have changed since that date. We are not making an offer of any securities in any jurisdiction in which such offer is unlawful.

No action is being taken in any jurisdiction outside the United States to permit a public offering of our common stock or possession or distribution of this prospectus in that jurisdiction. Persons who come into possession of this prospectus in jurisdictions outside the United States are required to inform themselves about and to observe any restrictions as to this public offering and the distribution of this prospectus applicable to that jurisdiction.

ABOUT THIS PROSPECTUS

Throughout this prospectus, unless otherwise designated or the context suggests otherwise,

- all references to the “Company,” “TGI,” the “registrant,” “we,” “our,” or “us” in this prospectus mean Treasure Global Inc and its subsidiaries;
- assumes an initial public offering price of our common stock of \$[*] per share, the midpoint of the estimated range of \$[*] to \$[*] per share;
- “year” or “fiscal year” mean the year ending June 30th;
- all dollar or \$ references, when used in this prospectus, refer to United States dollars; and
- all RM or MYR references, when used in this prospectus, refer to Malaysian Ringgit.

MARKET DATA

Market data and certain industry data and forecasts used throughout this prospectus were obtained from internal company surveys, market research, consultant surveys, publicly available information, reports of governmental agencies and industry publications and surveys. Industry surveys, publications, consultant surveys and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable, but the accuracy and completeness of such information is not guaranteed. To our knowledge, certain third-party industry data that includes projections for future periods does not take into account the effects of the worldwide coronavirus pandemic. Accordingly, those third-party projections may be overstated and should not be given undue weight. Forecasts are particularly likely to be inaccurate, especially over long periods of time. In addition, we do not necessarily know what assumptions regarding general economic growth were used in preparing the forecasts we cite. Statements as to our market position are based on the most currently available data. While we are not aware of any misstatements regarding the industry data presented in this prospectus, our estimates involve risks and uncertainties and are subject to change based on various factors, including those discussed under the heading “*Risk Factors*” in this prospectus.

PROSPECTUS SUMMARY

This summary provides a brief overview of the key aspects of our business and our securities. The reader should read the entire prospectus carefully, especially the risks of investing in our common stock discussed under “Risk Factors.” Some of the statements contained in this prospectus, including statements under “Summary” and “Risk Factors” as well as those noted in the documents incorporated herein by reference, are forward-looking statements and may involve a number of risks and uncertainties. Our actual results and future events may differ significantly based upon a number of factors. The reader should not put undue reliance on the forward-looking statements in this document, which speak only as of the date on the cover of this prospectus.

Solely for convenience, our trademarks and tradenames referred to in this registration statement, may appear without the ® or ™ symbols, but such references are not intended to indicate in any way that we will not assert, to the fullest extent under applicable law, our rights to these trademarks and tradenames. All other trademarks, service marks and trade names included in this prospectus are the property of their respective owners.

Our Mission

Our mission is to bring together the worlds of online e-commerce and offline physical retailers; widening consumer choice and rewarding loyalty, while sustaining and enhancing our earning potential.

Our Company

We have created an innovative online-to-offline (“O2O”) e-commerce platform business model offering consumers and merchants instant rebates and affiliate cashback programs, while providing a seamless e-payment solution with rebates in both e-commerce (i.e., online) and physical retailers/merchant (i.e., offline) settings.

Our proprietary product is an internet application (or “App”) branded “ZCITY App”, was successfully launched in Malaysia in June 2020. We have the know-how and expertise to develop additional/add-on technology-based products and services to complement the ZCITY App, thereby growing its reach and user base.

Through simplifying a user’s e-payment gateway experience, as well as by providing great deals, rewards and promotions with every use, we aim to make the ZCITY App Malaysia’s top reward and payment gateway platform. Our longer-term goal for the ZCITY App is for it to become one of the most used applications throughout Southeast Asia and Japan.

As of January 25, 2022 we had over 1,100,000 registered users and over 1,900 registered merchants.

Our Consumer Business

Southeast Asian (or “SEA”) consumers have access to a plethora of smart ordering, delivery and “loyalty” websites and apps, but in our experience, SEA consumers very rarely receive personalized deals based on their purchases and behavior.

The ZCITY App targets consumers by providing personalized deals based on consumers’ purchase history, location and preferences. Our technology platform allows us to identify the spending trends of our customers (the when, where, why, and how much). We are able to offer these personalized deals through the application [of our proprietary] artificial intelligence (or “AI”) technology that scours the available database to identify and create opportunities to extrapolate the greatest value from the data, analyze consumer behavior and roll out attractive rewards-based campaigns for targeted audiences. We believe this AI technology is currently a unique market differentiator for the ZCITY App.

We have branded our ZCITY App with the hashtag: “#RewardsOnRewards”. We believe this branding demonstrates to users the ability to spend ZCITY App-based Reward Points (or “RP”) and “ZCITY Cash Vouchers” with discount benefits at checkout. Additionally, users can use RP while they earn rewards from selected e-Wallet or other payment methods.

ZCITY App users do not require any on-going credit top-up or need to provide bank card number with their binding obligations. We have partnered with Malaysia’s leading payment gateway, IPAY88, for secure and convenient transactions. Users can use our secure platform and enjoy cashless shopping experiences with rebates when they shop with e-commerce and retail merchants through trusted and leading e-wallet providers such as Touch’n Go eWallet, Boost eWallet, GrabPay eWallet and credit card/online banking like the “FPX” (the Malaysian Financial Process Exchange) as well as more traditional providers such as Visa and Mastercard.

Our ZCITY App also provides the following functions:

1. Registration Rewards
Users may register as a ZCITY App user simply, using their mobile device. They can then verify their ZCITY App account by submitting a valid email address to receive new user “ZCITY Newbie Rewards”.
2. Geo-location-based Homepage
Based on users’ location, nearby merchants and exclusive offers are selected and directed to them on their homepage for a smooth, user-friendly interaction.
3. Affiliate Partnership
Our ZCITY App is affiliated with more than 5 local services providers such as Shopee and Lazada. The ZCITY App allows users to enjoy more rewards when they navigate from the ZCITY App to a partner’s website.
4. Bill Payment & Prepaid service
Users can access and pay utility bills, such as water, phone, internet and TV bills, while generating instant discounts and rewards points with each payment.
5. Branded e-Vouchers
Users can purchase their preferred e-Vouchers with instant discounts and rewards points with each checkout.
6. User Engagement through Gamification
Users can earn daily rewards by playing our ZCITY App minigame “Spin & Win” where they can earn further ZCITY RP, ZCITY e-Vouchers as well as monthly grand prizes.

7. Charity CSR program

Users can make cashless donations through our ZCITY App to the Kentang Charity, which we have collaborated with, or apply donations to other charitable entities.

8. Zstore e-Mall

Zstore is ZCITY App's e-mall service that offers group-buys and instant rebate to users with embedded AI and big data analytics to provide an express shopping experience.

Reward Points. Operating under the hashtag #RewardsOnRewards, we believe the ZCITY App reward points program encourages users to sign up the app, as well as increasing user engagement and spending on purchases/repeat purchases and engenders user loyalty.

Furthermore, we believe the simplicity of the steps to obtaining Reward Points (or "RP") is an attractive incentive to user participation in that participants receive:

- 200 RP for registration as a new user;
- 100 RP for referral of a new user;
- Conversion of Malaysian ringgit spent into RP;
- 50% RP of every referred user paid amount as a result of the referral; and
- Spin & Win eligibility to receive RP (which may be "doubled up" when participants share the Spin & Win program on social media).

The key objectives of our RP are:

- Social Engagement:
RP are offered to users for increased social engagement.
- Spending:
RP incentivizes users with every MYR spent in order to increase the spending potential and to build users loyalty.
- Sign-up:
Drives loyalty and greater customer engagement. Every new user onboarded will get 200 RP as welcoming gift.
- Referral Program:
Rewards users with RP when they refer a new user

Offline Merchant

When using our ZCITY App to make payment to a registered physical merchant, the system will automatically calculate the amount of RP to deduct. The deducted RP amount is based on the percentage of profit sharing as with the merchant and the available RP of the user.

Online Merchant

When using our ZCITY App to pay utility bills or purchase any e-vouchers, our system shows the maximum RP deduction allowed and the user determines the amount of discount deducted subject to maximum deductions described below and the number of RP owned by such user.

Different features have different maximum deduction amounts. For example, for bill payments, the maximum deduction is up to 3% of the bill amount. For e-vouchers, the maximum deduction is up to 5% of the voucher amount.

In order to increase the spending power of the user, our ZCITY App RP program will credit RP to the user for all MYR paid.

Merchant Facing Business

At present, our ZCITY merchants are concentrated in the F&B and lifestyle sectors. Moving forward, we plan to expand our product/service offering to include grocery stores, convenience stores, “micro-SME” (“small to medium size enterprises”) loan programs, affiliate programs and advertising agencies.

We believe that ZCITY’s Taste-iT Smart F&B System, which we plan to launch in the second quarter of 2022, will provide merchants with a one-stop automated solution to digitalize their business. It will offer an innovative and integrated technology ecosystem that addresses and personalizes each merchant’s technological needs and will be at the forefront of creating a smart consumer experience, thereby eliminating conventional and outdated standalone point of sale (or “POS”) systems.

Taste-iT will allow merchants to effortlessly record transactions with online payment or QR digital payment technology, set discounts and execute RP redemptions and rewards online, all via our ZCITY App. It utilizes ZCITY App’s CRM analytics software to attract and retain consumers through personalized, data-driven engagement to generate greater profitability.

Taste-iT Smart F&B System will also feature a ‘Deviceless Queue System’ that reduces staff headcount and a private domain delivery service that will allow merchants access to multiple dedicated delivery partners to ensure outstanding delivery service to consumers.

Revenue Model

ZCITY's revenues are generated from a diversified mix of:

- e-commerce activities for users
- services to merchants to help them grow their businesses
- membership subscription fees.

The revenue streams consist of "Consumer Facing" revenues and "Merchant Facing" revenues.

The revenue streams can be further categorized as following: (1) product and loyalty program revenue, (2) transaction revenue, (3) agent subscription revenue, and (4) I.T professional service revenue. Please see "*Management's Discussion and Analysis—Revenue Recognition*".

Our Competitive Strengths

Powerful, Unique and Integrated App. We have designed an application – the ZCITY App – which serves both consumers and merchants in ways that concurrently maximize value creation and enhance the shopping experience. Furthermore, through the application of our proprietary developed AI technology, we can offer consumers a more personalized and targeted rewards offering/experience.

Unique Loyalty Program. Operating under our hashtag #RewardsOnRewards, we believe our RP program increases user engagement and loyalty. Through consumer redemption and platform issuance of RP, we believe our system is advantageous to both consumers and merchants.

Attractive Markets. We currently operate in Malaysia, which, prior to the Covid pandemic, was one of the fastest growing economies in the world¹. As the Covid pandemic recedes, economists expect economic growth to return to pre-pandemic levels.

As we scale our operations, we intend to expand to other countries in Southeast Asia, which possesses solid economic fundamentals, fast growing middle classes, favorable demographic trends and accelerating adoption of mobile technology.

Experienced Management Team. Our executives and directors combine decades of on-the-ground local e-commerce operations and social media marketing experience, as well as professional expertise in the global finance field.

Corporate Structure

Treasure Global, Inc. is a Delaware corporation that was incorporated on March 20, 2020. We issued 10,000,000 shares to Darren Tan, our founder and former Chief Executive Officer on July 1, 2020, who as a result became our sole shareholder.

¹ IMF: Malaysia's GDP to grow 9pct in 2021, fastest among Asean-5 countries <https://www.malaysiakini.com/news/520659>

Gem Reward Sdn Bhd. (“GEM”), a Malaysia private limited company was incorporated on June 6, 2017. Prior to the incorporation of GEM, Darren Tan entered into a Beneficial Shareholding Agreement (“Beneficial Shareholding Agreement 1”) with two individuals, one of which is a vice president of the Company (the “Initial GEM Shareholders”), which provided for the Initial Shareholders to hold the GEM shares issued to them in equal amounts and for the sole benefit of Darren Tan and provided Darren Tan with control over the voting and disposition over such shares as well as control over the issuance of additional GEM shares in consideration for equity in a company that had not been determined on the date of Beneficial Shareholding Agreement 1. On November 10, 2020, Darren Tan instructed the Initial GEM Shareholders to issue 1 million additional GEM shares to Sam Teo, currently our Chief Executive Officer, and as a result each Initial GEM Shareholder and Sam Teo held 1 million shares of GEM. On November 10, 2020 Sam Teo entered into a Beneficial Shareholding Agreement with Darren Tan with terms similar to Beneficial Shareholding Agreement 1 (“Beneficial Shareholding Agreement 2” and together with the Beneficial Shareholding Agreement 1, “Beneficial Shareholding Agreements”). As a result of Darren Tan’s 100% ownership of our common stock and the Beneficial Shareholding Agreements, TGI and GEM were both under the sole control of Darren Tan.

TGI and GEM were reorganized into a parent subsidiary structure pursuant to a Share Swap Agreement, dated March 11, 2021, as amended on March 11, 2021 among TGI, the Initial GEM Shareholders and Sam Teo (the “Share Swap Agreement”), in which TGI exchanged 312,585 shares of its common stock (the “Swap Shares”) for all equity of GEM. Pursuant to the Share Swap Agreement, the purchase and sale of the Swap Shares was completed on March 11, 2021, but the issuance of the Swap Shares did not occur until October 27, 2021 when TGI amended its certificate of incorporation to increase the number of its authorized common stock to a number that was sufficient to issue the Swap Shares. As a result of the Share Swap Agreement, (i) GEM became the 100% subsidiary of TGI and Darren Tan no longer had any control over GEM’s ordinary shares; and (ii) Darren Tan, the Initial GEM Shareholders and Sam Teo owned 100% of the TGI common stock (Darren Tan owning approximately 97%). Subsequent to the date of the Share Swap Agreement, Darren Tan transferred 9,529,002 of his 10,000,000 shares of TGI common stock to 16 individuals and entities and currently owns less than 5% of our common stock.

We operate solely through GEM. GEM owns all intellectual property rights to copyrightable, patentable, and other protectable intangible assets relating to our business, including trademarks.

Corporate Information

Our principal executive offices are located at 276 5th Avenue, Suite 704 #739, New York, New York 10001 and 45, Jalan USJ21/10 USJ 21 47640 Subang Jaya Selangor, Malaysia. Our corporate website address is <https://treasureglobal.co>. Our ZCITY website address is <https://zcity.io>.

Market Opportunity

We expect that continued strong economic expansion, robust population growth, rising level of urbanization, the emergence of the middle class and the increasing rate of adoption of mobile technology provide market opportunities for our Company in South East Asia (“SEA”). SEA is a large economy and, as of 2020, its gross domestic product (“GDP”) was US\$3.08 trillion². In comparison, the respective GDP for both the European Union (“EU”) and the United States (“US”) totaled US\$15 trillion and US\$20.89 trillion³ in 2020. SEA has experienced rapid economic growth rates in recent years, far exceeding growth in major world economies such as Japan, the EU and the US. According to the IMF, Malaysia’s GDP growth averaged more than 4.3% from 2016 to 2019, but contracted by 6.0% in 2020 due to the COVID-19 pandemic and is expected to average 5.7% growth for the next five years (including 2021).⁴ The GDP of Malaysia amounted to US\$337 billion in 2020 and is projected to reach approximately US\$500 billion by 2025.⁵

² <https://www.statista.com/statistics/796245/gdp-of-the-asean-countries/>

³ <https://www.statista.com/statistics/263591/gross-domestic-product-gdp-of-the-united-states/>

SEA continues to enjoy robust population growth. The United Nations Population Division estimates that the population of the SEA countries in 2000 was approximately 525 million people growing to 668 million in 2020. According to the World Bank, Malaysia had a population of approximately 32 million people in 2020 compared to 23 million people in 2000.⁶

A high percentage of Malaysians have lived in cities for the last decade and that percentage is increasing. Since 2010⁷, Malaysia's urbanization has increased from approximately 71% to approximately 77% in 2020. By comparison, in 2020 the urbanization rates for China, Vietnam and India were approximately 64%, 37% and 35%, respectively.⁸

Urbanization is highly correlated with the size and growth of the middle class. Simply put, urbanization drives middle class consumption demand. According to the World Bank, Malaysia is likely to transition from an upper-middle-income economy to a high-income economy between 2024 and 2028, a reflection of the country's economic transformation development trajectory over past decades. In fact, Malaysia's gross national income per capita is at US\$11,200 according to latest estimates, only US\$1,335 short of the current threshold level that defines a high-income economy.¹⁰

And despite the ongoing effects from the Covid-19 pandemic, the Internet economy continues to boom in SEA. According to Google Temasek e-Conomy SEA 2021 Report (the "Google Report"), internet usage in the region increased with 40 million new users added in 2021 for a total of 440 million compared to 360 million in 2019 and 400 million in 2020.¹¹ Eighty nine percent of Malaysia's population is now online, compared to approximately fifty-six percent in 2010.¹² 81% and 80% of Malaysia and SEA's internet users, respectively, have made at least one purchase online. E-commerce, online media and food delivery adoption and usage surged with the total value of goods and services sold via the Internet, or gross merchandise value ("GMV"), in SEA, expected to reach approximately US\$170 billion by year end 2021 according to the Google Report. In fact, according to the Google Report, the SEA Internet sector GMV is forecast to grow to over US\$360 billion by 2025 up from the \$300 billion forecast in the Google, Temasek, Bain SEA Report 2020.¹³

Malaysia's internet economy has grown from \$14 billion in 2020 to \$21 billion in 2021 (47% growth) and is expected to grow to \$35 billion in 2025¹⁴

As consumers in these markets that gradually shifting towards online platforms model, the total value of internet-based transactions has grown tremendously and is expected to keep doing so. According to the Google Report, total GMV of South Asia's Internet economy is expected to skyrocket from US\$174 billion in 2021 to US\$363 billion in 2025.

We believe that these ongoing positive economic and demographic trends in SEA and South Asia propel demand for our e-commerce platform.

Going Concern

The Company's has spent significant amounts to acquire users for the ZCity App, and expects to continue to spend to acquire users and has spent significant amounts on its technologies. The company's management has considered whether there is substantial doubt about its ability to continue as a going concern due to (1) loss from operations of approximately \$7.6 million for the year ended June 30, 2021, (2) accumulated deficit of approximately \$8.0 million as of June 30, 2021; (3) the working capital deficit of approximately \$1.6 million as of June 30, 2021; and (4) net operating cash outflow of approximately \$6.8 million for the year ended June 30, 2021. Based on the above considerations, the Company's management is of the opinion that it will probably not having sufficient funds to meet the Company's working capital requirements and debt obligations as they become due starting from one year from the date of this report. As a result, the Company's management has determined there is substantial doubt about its ability to continue as a going concern.

Management is trying to alleviate the going concern risk by the following sources:

- Obtaining other available sources of financing from Malaysia banks and other financial institutions;
- issuance of additional convertible notes;
- financial support from the Company's related parties and shareholders; and
- obtaining funds through this initial public offering.

There can be no assurance that the Company will be successful in securing sufficient funds to sustain its operations.

Recent Developments

Effects of COVID-19 Outbreak. In December 2019, a novel strain of coronavirus was reported to have surfaced in Wuhan, China, which has and is continuing to spread throughout China and other parts of the world, including the United States. On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease (COVID-19) a "Public Health Emergency of International Concern." In March 2020, the COVID-19 outbreak in Malaysia led the government to impose a nationwide Movement Control Order ("MCO") to curb the spread of COVID-19 which resulted in quarantines, travel restrictions, and the temporary closure of stores and facilities in Malaysia. Since then, there have been a series of variations of the first MCO which are periodically imposed (in different parts of the country) depending on the increase or decrease in the rate of infection in a particular state or region. Following the expiration of the first MCO, there have been a series of orders including the Conditional Movement Control Order, Recovery Movement Order, Enhanced MCO and the Targeted Enhanced MCO. These orders were made under the Prevention and Control of Infectious Diseases Act 1988 (PCID Act) setting out permitted and prohibited activities and conditions to be complied with to prevent the spread of COVID-19.

¹⁴ <https://www.digitalnewsasia.com/digital-economy/e-economy-sea-report-2021-malysias-internet-economy-crosses-us21-bil>

On June 15, 2021, the Malaysian Prime Minister unveiled the National Recovery Plan (“NRP”) which comprises four phases with the first phase imposing the most stringent Standard Operating Procedures (“SOPs”). The various states in Malaysia have since transitioned onto different phases depending on how successfully they have managed to contain the outbreak. For example, Labuan has already transitioned to the fourth phase with all economic sectors there being allowed to operate with 100% workforce subject to the prescribed SOPs whereas some states such as Selangor remains in the first phase.

On August 8, 2021, it was announced that the prohibitions and restrictions under the SOPs of the NRP for individuals who have been fully vaccinated against COVID-19 would be relaxed. This includes the ability to dine-in at restaurants and food premises and the removal of the "ten-kilometer rule" for travel.

We are monitoring the global outbreak and spread of COVID-19 and taking steps in an effort to identify and mitigate the adverse impacts on, and risks to, our business posed by its spread and the governmental and community reactions thereto. The current outbreak of COVID-19 has globally resulted in loss of life, business closures, restrictions on travel, and widespread cancellation of social gatherings. The extent to which the COVID-19 pandemic impacts our business will depend on future developments, which are highly uncertain and cannot be predicted at this time, including:

- new information which may emerge concerning the severity of the disease in Malaysia;
- the duration and spread of the outbreak;
- the severity of travel restrictions imposed by geographic areas in which we operate, mandatory or voluntary business closures;
- regulatory actions taken in response to the pandemic, which may impact merchant operations, consumer and merchant pricing, and our product offerings;
- other business disruptions that affect our workforce;
- the impact on capital and financial markets; and
- actions taken throughout the world, including in markets in which we operate, to contain the COVID-19 outbreak or treat its impact.

In addition, the current outbreak of COVID-19 has resulted in a widespread global health crisis and adversely affected global economies and financial markets, and similar public health threats could do so in the future. Such events have impacted, and could in the future impact, demand for merchants and consumer purchase patterns, which in turn, could adversely affect our revenue and results of operations.

The spread of COVID-19 has caused us to modify our business practices, including employee travel, employee work locations in certain cases, and cancellation of physical participation in certain meetings, events and conferences and further actions may be taken as required or recommended by government authorities or as we determine are in the best interests of our employees, customers and other business partners. We are monitoring the global outbreak of the pandemic, in Malaysia, and are taking steps in an effort to identify and mitigate the adverse impacts on, and risks to, our business posed by its spread and the governmental and community reactions thereto. See “Risk Factors - Our business may be materially adversely affected by the recent coronavirus (COVID-19) outbreak”.

Corporate Reorganization. Prior to March 11, 2021, TGI and GEM were separate companies under the common control of Darren Tan, which resulted from Mr. Tan’s prior 100% ownership of TGI and his prior 100% voting and investment control over GEM pursuant to the Beneficial Shareholding Agreements. For a more detailed description of the Beneficial Shareholding Agreements and Mr. Tan’s common control over TGI and GEM see “Prospectus Summary—Corporate Structure.

TGI and GEM were reorganized into a parent subsidiary structure pursuant to a Share Swap Agreement, dated March 11, 2021, as amended on March 11, 2021 among TGI, the Initial GEM Shareholders and Sam Teo (the “Share Swap Agreement”), in which TGI exchanged 312,585 shares of its common stock (the “Swap Shares”) for all equity of GEM. Pursuant to the Share Swap Agreement, the purchase and sale of the Swap Shares was completed on March 11, 2021, but the issuance of the Swap Shares did not occur until October 27, 2021 when TGI amended its certificate of incorporation to increase the number of its authorized common stock to a number that was sufficient to issue the Swap Shares. As a result of the Share Swap Agreement, (i) GEM became the 100% subsidiary of TGI and Darren Tan no longer had any control over GEM’s ordinary shares; and (ii) Darren Tan, the Initial GEM Shareholders and Sam Teo owned 100% of the TGI common stock (Darren Tan owning approximately 97%). Subsequent to the date of the Share Swap Agreement, Darren Tan transferred 9,529,002 of his 10,000,000 shares of TGI common stock to 16 individuals and entities and currently owns less than 5% of our common stock.

Financings.

- On November 13, 2020 we issued a 13.33% Convertible Redeemable Note in the principal amount of \$2,123,600 to Space Capital Berhad, a Malaysian public company (the "Space Capital Note"). Jau Long “Jerry” Ooi, a Vice President of the Company owns 30% of the equity of Cloudmaxx Sdn. Bhd.

Other than the Space Capital Note the effective conversion price for all of the Convertible Notes is approximately \$6.90. The effective conversion price for the Space Capital Note is \$4.00.

Summary Risk Factors

Our business is subject to a number of risks. You should be aware of these risks before making an investment decision. These risks are discussed more fully in the section of this prospectus titled “Risk Factors,” which begins on page [*] of this prospectus. These risks include, among others, that:

- We have a limited operating history in an evolving industry, which makes it difficult to evaluate our future prospects and may increase the risk that we will not be successful;
- We are a holding company and our ability to pay dividends will be limited.
- If we fail to raise capital when needed it will have a material adverse effect on the Company’s business, financial condition and results of operations;
- We rely on email, internet search engines and application marketplaces to drive traffic to our ZCITY platform, certain providers of which offer products and services that compete directly with our products. If links to our applications and website are not displayed prominently, traffic to our ZCITY platform could decline and our business would be adversely affected;
- The ecommerce market is highly competitive and if the Company does not have sufficient resources to maintain research and development, marketing, sales and client support efforts on a competitive basis our business could be adversely affected;
- The market for our ZCITY platform is new and unproven;
- If we are unable to expand our systems or develop or acquire technologies to accommodate increased volume or an increased variety of operating systems, networks and devices broadly used in the marketplace our ZCITY platform could be impaired;

- The Company may not be able to successfully develop and promote new products or services which could result in adverse financial consequences;
- A decline in the demand for goods and services of the merchants included in the ZCITY platform could result in adverse financial consequences;
- The effective operation of the Company's ZCITY platform is dependent on technical infrastructure and certain third-party service providers;
- There is no assurance that the Company will be profitable;
- Illegal use of our ZCITY platform could result in adverse consequences to the Company;
- Many of the economies in SEA countries are experiencing substantial inflationary pressures which may prompt the governments to take action to control the growth of the economy and inflation that could lead to a significant decrease in our profitability;
- The economy of Malaysia in general might not grow as quickly as expected, which could adversely affect our revenues and business prospects.
- If inflation increases significantly in Malaysia, it could adversely affect our profitability;
- Our business has been, and may continue to be, materially adversely affected by the recent coronavirus (COVID-19) outbreak;
- Regulation of gift cards or "E-vouchers" could have adverse consequences on our business;
- The requirements of being a public company are complex and will increase costs;
- Litigation is costly and time consuming and could have a material adverse effect our business, results or operations and reputation.
- Our financial statements have been prepared on a going-concern basis and our continued operations are in doubt;
- We face potential liability and expense for legal claims based on the content on our Platform;
- Our intellectual property rights may be inadequate to protect us against protect us others claiming violations of their proprietary rights and the cost of enforcement could be significant;
- Third parties may assert that our employees or consultants have wrongfully used or disclosed confidential information or misappropriated trade secrets;
- Our management will have broad discretion over the use of any net proceeds from this offering and you may not agree with how we use the proceeds, and the proceeds may not be invested successfully;
- Investors in this offering may experience future dilution as a result of this and future equity offerings;
- Sales of a significant number of shares of our common stock in the public markets, or the perception that such sales could occur, could depress the market price of our common stock;

- There is no active public trading market for our common stock and we cannot assure you that an active trading market will develop in the near future;
- The public price of our common stock may be volatile, and could, following a sale decline significantly and rapidly;
- We may not be able to satisfy listing requirements of Nasdaq to maintain a listing of our common stock;
- There has been no public market for our common stock prior to this offering, and an active market in which investors can resell their shares may not develop;
- If there is no viable public market for our common stock, you may be unable to sell your shares at or above the initial public offering price;
- We must implement additional and expensive procedures and controls in order to grow our business and organization and to satisfy new reporting requirements, which will increase our costs and require additional management resources;

Information Regarding our Capitalization

As of January 25, 2022, we have 10,545,251 shares of common stock issued and outstanding. Additional information regarding our issued and outstanding securities may be found under “Market for Common Equity and Related Stockholder Matters” and “Description of Securities.”

Unless otherwise specifically stated, information throughout this prospectus does not assume the exercise of outstanding options or warrants to purchase shares of our common stock.

Corporate Information

Our principal executive offices are located at 276 5th Avenue, Suite 704 #739, New York, New York 10001. Our corporate website address is www.treasureglobal.co. The information included on our websites is not part of this prospectus.

Implications of Being an Emerging Growth Company

We are an “emerging growth company,” as defined in the Jobs Act. We will remain an emerging growth company until the earlier of (i) the last day of the fiscal year following the fifth anniversary of the date of the first sale of our common stock pursuant to an effective registration statement under the Securities Act; (ii) the last day of the fiscal year in which we have total annual gross revenues of \$1.07 billion or more; (iii) the date on which we have issued more than \$1 billion in nonconvertible debt during the previous three years; or (iv) the date on which we are deemed to be a large accelerated filer under applicable SEC rules. We expect that we will remain an emerging growth company for the foreseeable future, but cannot retain our emerging growth company status indefinitely and will no longer qualify as an emerging growth company on or before the last day of the fiscal year following the fifth anniversary of the date of the first sale of our common stock pursuant to an effective registration statement under the Securities Act. For so long as we remain an emerging growth company, we are permitted and intend to rely on exemptions from specified disclosure requirements that are applicable to other public companies that are not emerging growth companies.

These exemptions include:

- being permitted to provide only two years of audited financial statements, in addition to any required unaudited interim financial statements, with correspondingly reduced “Management’s Discussion and Analysis of Financial Condition and Results of Operations” disclosure;
- not being required to comply with the requirement of auditor attestation of our internal controls over financial reporting;
- not being required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements;
- reduced disclosure obligations regarding executive compensation; and
- not being required to hold a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

We have taken advantage of certain reduced reporting requirements in this prospectus. Accordingly, the information contained herein may be different than the information you receive from other public companies in which you hold stock.

An emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. This allows an emerging growth company to delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have irrevocably elected to avail ourselves of this extended transition period and, as a result, we will not be required to adopt new or revised accounting standards on the dates on which adoption of such standards is required for other public reporting companies.

We are also a “smaller reporting company” as defined in Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and have elected to take advantage of certain of the scaled disclosure available for smaller reporting companies.

SUMMARY OF THE OFFERING

Common stock offered by us	[*] shares.
Common stock outstanding prior to the offering ⁽¹⁾	10,545,251 shares.
Common stock to be outstanding after the offering ⁽²⁾	[*] ([*] shares if the underwriters exercise their option to purchase additional shares in full).
Over-allotment option of common stock offered by us	The underwriters have a 45-day option to purchase up to [*] additional shares of common stock solely to cover over-allotments, if any.
Use of Proceeds	The principal purposes of this offering are to increase our capitalization and financial flexibility, increase our visibility in the marketplace and create a public market for our common stock. As of the date of this prospectus, we cannot specify with certainty all of the particular uses for the net proceeds to us from this offering. For additional information regarding our arrangement with the underwriters, please see “ <i>Underwriting</i> .”
Transfer Agent	VStock Transfer LLC.
Risk Factors	You should carefully consider the information set forth in this prospectus and, in particular, the specific factors set forth in the “ <i>Risk Factors</i> ” section beginning on page 19 of this prospectus before deciding whether or not to invest in shares of our common stock.

(1) As of January 25, 2022.

(2) Includes (i) 1,403,083 shares of our common stock that are to be issued upon the listing of our common stock on Nasdaq as a result of the automatic conversion of our Convertible Notes and (ii) [*] shares to be issued to Exchange Listing, LLC, pursuant to anti-dilution protection provided to them in their consulting agreement, but excludes (i) [*] shares of our common stock underlying the underwriter’s warrant and (ii) 300,000 shares of our common stock underlying a warrant issued to Exchange Listing, LLC for consulting services and (iii) [*] shares issuable upon exercise of the underwriter’s over-allotment option

RISK FACTORS

Our business is subject to many risks and uncertainties, which may affect our future financial performance. If any of the events or circumstances described below occur, our business and financial performance could be adversely affected, our actual results could differ materially from our expectations, and the price of our stock could decline. The risks and uncertainties discussed below are not the only ones we face. There may be additional risks and uncertainties not currently known to us or that we currently do not believe are material that may adversely affect our business and financial performance. You should carefully consider the risks described below, together with all other information included in this prospectus including our financial statements and related notes, before making an investment decision. The statements contained in this prospectus that are not historic facts are forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those set forth in or implied by forward-looking statements. If any of the following risks actually occurs, our business, financial condition or results of operations could be harmed. In that case, the trading price of our common stock could decline, and investors in our securities may lose all or part of their investment.

Risks Related to Our Business

We have a limited operating history in an evolving industry, which makes it difficult to evaluate our future prospects and may increase the risk that we will not be successful.

The Company has a limited operating history on which to base an evaluation of its business and prospects. The Company is subject to all the risks inherent in a small company seeking to develop, market and distribute new services, particularly companies in evolving markets such as the internet, technology, and payment systems. The likelihood of the Company's success must be considered, in light of the problems, expenses, difficulties, complications and delays frequently encountered in connection with the development, introduction, marketing and distribution of new products and services in a competitive environment.

Such risks for the Company include, but are not limited to, dependence on the success and acceptance of the Company's services, the ability to attract and retain a suitable client base, and the management of growth. To address these risks, the Company must, among other things, generate increased demand, attract a sufficient clientele base, respond to competitive developments, increase the "GEM" and "ZCity" brand names' visibility, successfully introduce new services, attract, retain and motivate qualified personnel and upgrade and enhance the Company's technologies to accommodate expanded service offerings. In view of the rapidly evolving nature of the Company's business and its limited operating history, the Company believes that period-to-period comparisons of its operating results are not necessarily meaningful and should not be relied upon as an indication of future performance.

The Company is therefore subject to many of the risks common to early-stage enterprises, including under-capitalization, cash shortages, limitations with respect to personnel, financial, and other resources and lack of revenues.

We are a holding company and our ability to pay dividends will be limited.

Upon completion of this offering, the Company will be a holding company with no operations of its own. The Company's primary assets will be its equity interest in GEM and any net proceeds of the offering not contributed to GEM. Thus, the ability of the Company to pay dividends to our stockholders will depend upon the cash and liquid investments held at the holding company level and GEM's ability to pay dividends to the Company. GEM operates an early-stage e-commerce platform and has a limited operating history spanning from June of 2017 and may have negative cashflows for the foreseeable future.

If we fail to raise capital when needed it will have a material adverse effect on the Company's business, financial condition and results of operations.

The Company has limited revenue-producing operations and will require the proceeds from this offering to execute its full business plan. The Company believes the proceeds from this offering will be sufficient to cover its funding needs until [*]. Further, no assurance can be given if additional capital is needed as to how much additional capital will be required or that additional financing can be obtained, or if obtainable, that the terms will be satisfactory to the Company, or that such financing would not result in a substantial dilution of shareholder's interest. A failure to raise capital when needed would have a material adverse effect on the Company's business, financial condition and results of operations. In addition, debt and other equity financing may involve a pledge of assets and may be senior to interests of equity holders. Any debt financing secured in the future could involve restrictive covenants relating to capital raising activities and other financial and operational matters, which may make it more difficult for the Company to obtain additional capital or to pursue business opportunities, including potential acquisitions. If adequate funds are not obtained, the Company may be required to reduce, curtail, or discontinue operations.

We rely on email, internet search engines and application marketplaces to drive traffic to our ZCITY platform, certain providers of which offer products and services that compete directly with our products. If links to our applications and website are not displayed prominently, traffic to our ZCITY platform could decline and our business would be adversely affected.

Email continues to be a verification source of organic traffic for us. If email providers or internet service providers implement new or more restrictive email or content delivery or accessibility policies, including with respect to net neutrality, it may become more difficult to deliver emails to our users or for user verification process. For example, certain email providers, including Google, categorize our emails as "promotional," and these emails are directed to an alternate, and less readily accessible, section of a users' inbox. If email providers materially limit or halt the delivery of our emails, or if we fail to deliver emails to users in a manner compatible with email providers' email handling or authentication technologies, our ability to contact users through email could be significantly restricted. In addition, if we are placed on "spam" lists or lists of entities that have been involved in sending unwanted, unsolicited emails, marketing campaigns and business updates could be substantially harmed.

We rely heavily on Internet search engines, such as Google, to drive traffic to our ZCITY platform through their unpaid search results and on application marketplaces to drive downloads of our applications. Although search results and application marketplaces have allowed us to attract a large audience with low organic traffic acquisition costs to date, if they fail to drive sufficient traffic to our ZCITY platform, we may need to increase our marketing spend to acquire additional traffic. We cannot assure you that the value we ultimately derive from any such additional traffic would exceed the cost of acquisition, and any increase in marketing expense may in turn harm our operating results.

The amount of traffic we attract from search engines is due in large part to how and where information from and links to our website are displayed on search engine result pages. The display, including rankings, of unpaid search results can be affected by a number of factors, many of which are not in our direct control, and may change frequently. Search engines have made changes in the past to their ranking algorithms, methodologies and design layouts that may have reduced the prominence of links to our ZCITY platform and negatively impacted our traffic, and we expect they will continue to make such changes from time to time in the future. Similarly, marketplace operators may make changes to their marketplaces that make access to our products more difficult. For example, our applications may receive unfavorable treatment compared to the promotion and placement of competing applications, such as the order in which they appear within marketplaces.

We may not know how or otherwise be in a position to influence search results or our treatment in application marketplaces. With respect to search results in particular, even when search engines announce the details of their methodologies, their parameters may change from time to time, be poorly defined or be inconsistently interpreted. For example, Google previously announced that the rankings of sites showing certain types of app install interstitials could be penalized on its mobile search results pages. While we believe the type of interstitial we currently use is not being penalized, we cannot guarantee that Google will not unexpectedly penalize our app install interstitials, causing links to our mobile website to be featured less prominently in Google's mobile search results and harming traffic to our ZCITY platform as a result.

In some instances, search engine companies and application marketplaces may change their displays or rankings in order to promote their own competing products or services or the products or services of one or more of our competitors. For example, Google has integrated its local product offering with certain of its products, including search and maps. The resulting promotion of Google's own competing products in its web search results has negatively impacted the search ranking of our website. Because Google in particular is the most significant source of traffic to our website, accounting for a substantial portion of the visits to our website, our success depends on our ability to maintain a prominent presence in search results for queries regarding local businesses on Google. As a result, Google's promotion of its own competing products, or similar actions by Google in the future that have the effect of reducing our prominence or ranking on its search results, could have a substantial negative effect on our business and results of operations.

The ecommerce market is highly competitive and if the Company does not have sufficient resources to maintain research and development, marketing, sales and client support efforts on a competitive basis our business could be adversely affected.

The internet-based ecommerce business is highly competitive and the Company competes with several different types of companies that offer some form of user-vendor connection experience, as well as marketing data companies. Certain of these competitors may have greater industry experience or financial and other resources than the Company.

To become and remain competitive, the Company will require research and development, marketing, sales, and client support. The Company may not have sufficient resources to maintain research and development, marketing, sales and client support efforts on a competitive basis which could materially and adversely affect the business, financial condition and results of operations of the Company. The Company intends to differentiate itself from competitors by developing a payments platform that allows consumers and merchants to accept and use bonus points.

The market for consumer's lifestyle is rapidly evolving and intensely competitive, and the Company expects competition to intensify further in the future. There is no guarantee that any factors that differentiate the Company from its competitors will give the Company a market advantage or continue to be a differentiating factor for the Company in the foreseeable future. Competitive pressures created by our direct or indirect competitors could have a material adverse effect on the Company's business, results of operations and financial condition.

The market for our ZCITY platform is new and unproven.

We were founded in 2020 and GEM was founded in 2017 and since our inception have been creating products for the developing and rapidly evolving market for API-based software platforms, a market that is largely unproven and is subject to a number of inherent risks and uncertainties. We believe that our future success will depend in large part on the growth, if any, in the market for software platforms that provide features and functionality to create the entire lifestyle ecosystem. It is difficult to predict customer adoption and renewal rates, customer demand for our solutions, the size and growth rate of the overall market that our ZCITY platform addresses, the entry of competitive products or the success of existing competitive products. Any expansion of the market our ZCITY platform addresses depends upon a number of factors, including the cost, performance, and perceived value associated with such solutions. If the market our ZCITY platform addresses does not achieve significant additional growth or there is a reduction in demand for such solutions caused by a lack of customer acceptance, technological challenges, competing technologies and products or decreases in corporate spending, it could have a material adverse effect on the Company's business, results of operations and financial condition.

If we are unable to expand our systems or develop or acquire technologies to accommodate increased volume or an increased variety of operating systems, networks and devices broadly used in the marketplace our ZCITY platform could be impaired.

We seek to generate a high volume of traffic and transactions through our technologies. Accordingly, the satisfactory performance, reliability and availability of the Company's website and platform, processing systems and network infrastructure are critical to our reputation and its ability to attract and retain large numbers of users who transact sales on its platform through a variety of operating systems, networks and devices while maintaining adequate customer service levels. The Company's revenues depend, in substantial way, on the volume of user transactions that are successfully completed. Any system interruptions that result in the unavailability of our service or reduced customer activity would ultimately reduce the volume of transactions completed. Interruptions of service may also diminish the attractiveness of our company and its services. Any substantial increase in the volume of traffic on our ZCITY platform, the number of transactions being conducted by customers or substantial increase in the variety of operating systems, networks or devices that are broadly used in the marketplace will require us to expand and upgrade our technology, transaction processing systems and network infrastructure. There can be no assurance that we will be able to accurately project the rate or timing of increases, if any, in the use of the ZCITY platform or timely expand and upgrade our systems and infrastructure to accommodate such increases or increases in the variety of operating systems, networks or devices in a timely manner. Any failure to expand or upgrade its systems could have a material adverse effect on the Company's business, results of operations and financial condition.

The Company uses internally developed systems to operate its service and for transaction processing. The Company must continually enhance and improve these systems in order to accommodate the level of use of its products and services and increase its security. Furthermore, in the future, the Company may add new features and functionality to its services that would result in the need to develop or license additional technologies. The Company's inability to add new software and hardware to develop and further upgrade its existing technology, transaction processing systems or network infrastructure to accommodate increased traffic on its platforms or increased transaction volume through its processing systems or to accommodate new operating systems, networks or devices broadly used in the marketplace or to provide new features or functionality may cause unanticipated system disruptions, slower response times, degradation in levels of customer service, impaired quality of the user's experience on the Company's service, and delays in reporting accurate financial information. There can be no assurance that the Company will be able in a timely manner to effectively upgrade and expand its systems or to integrate smoothly any newly developed or purchased technologies with its existing systems. Any inability to do so would have a material adverse effect on the Company's business, results of operations and financial condition.

As we increase our reliance on cloud-based applications and platforms to operate and deliver our products and services, any disruption or interference with these platforms could adversely affect our financial condition and results of operations.

We rely on cloud-based applications and platforms for critical business functions. We also are migrating a significant portion of our computing infrastructure to third party hosted cloud-based computing platforms. If we are not able to complete this migration on our expected timeline, we could incur additional costs. Further, these migrations can be risky and may cause disruptions to the availability of our products due to service outages, downtime or other unforeseen issues that could increase our costs. We also may be subject to additional risk of cybersecurity breaches or other improper access to our data or confidential information during or following migrations to cloud-based computing platforms. In addition, cloud computing services may operate differently than anticipated when introduced or when new versions or enhancements are released. As we increase our reliance on cloud-based computing services, our exposure to damage from service interruptions may increase. In the event any such issues arise; it may be difficult for us to switch our operations from our primary cloud-based providers to alternative providers. Further, any such transition could involve significant time and expense and could negatively impact our ability to deliver our products and services, which could harm our financial condition and results of operations.

The Company's failure to successfully market its ZCITY platform could result in adverse financial consequences.

The Company believes that continuing to strengthen its ZCITY platform is critical to achieving widespread acceptance of the Company, particularly in light of the competitive nature of the Company's market. Promoting and positioning its ZCITY platform will depend largely on the success of the Company's marketing efforts and the ability of the Company to provide high quality services. In order to promote its ZCITY platform, the Company will need to increase its marketing budget and otherwise increase its financial commitment to creating and maintaining brand loyalty among users. There can be no assurance that ZCITY platform promotion activities will yield increased revenues or that any such revenues would offset the expenses incurred by the Company in building its ZCITY platform. Further, there can be no assurance that any new users attracted to the Company will conduct transactions over the ZCITY platform on a regular basis. If the Company fails to promote and maintain its brand or incurs substantial expenses in an attempt to promote and maintain its brand or if the Company's existing or future strategic relationships fail to promote the ZCITY platform or increase awareness, the Company's business, results of operations and financial condition would be materially adversely affected.

The Company may not be able to successfully develop and promote new products or services which could result in adverse financial consequences.

The Company plans to expand its operations by developing and promoting new or complementary services, products or transaction formats or expanding the breadth and depth of services. There can be no assurance that the Company will be able to expand its operations in a cost-effective or timely manner or that any such efforts will maintain or increase overall market acceptance. Furthermore, any new business or service launched by the Company that is not favorably received by consumers could damage the Company's reputation and diminish the value of its brand. Expansion of the Company's operations in this manner would also require significant additional expenses and development, operations and other resources and would strain the Company's management, financial and operational resources. The lack of market acceptance of such services or the Company's inability to generate satisfactory revenues from such expanded services to offset their cost could have a material adverse effect on the Company's business, results of operations and financial condition.

In addition, if we are unable to keep up with changes in technology and new hardware, software and services offerings, for example, by providing the appropriate training to out account managers, sales technology specialists, engineers and consultants to enable them to effectively sell and deliver such new offerings to customers, our business, results of operations, or financial condition could be adversely affected.

A decline in the demand for goods and services of the merchants included in the ZCITY platform could result in adverse financial consequences.

The Company expects to derive most of its revenues from fees from successfully completed transactions on its consumer facing platforms. The Company's future revenues will depend upon continued demand for the types of goods and services that are offered by the merchants that are included on such platforms. Any decline in demand for the goods offered through the Company's services as a result of changes in consumer trends could have a material adverse effect on the Company's business, results of operations and financial condition.

The effective operation of the Company's platform is dependent on technical infrastructure and certain third-party service providers.

Our ability to attract, retain, and serve customers is dependent upon the reliable performance of our ZCITY platform and the underlying technical infrastructure. We may fail to effectively scale and grow our technical infrastructure to accommodate these increased demands. In addition, our business will be reliant upon third party partners such as financial service providers and cash-out providers, payment terminals and equipment providers. Any disruption or failure in the services from third party partners used to facilitate our business could harm our business. Any financial or other difficulties these partners face may adversely affect our business, and we exercise little control over these partners, which increases vulnerability to problems with the services they provide.

There is no assurance that the Company will be profitable.

There is no assurance that we will earn profits in the future, or that profitability will be sustained. There is no assurance that future revenues will be sufficient to generate the funds required to continue our business development and marketing activities. If we do not have sufficient capital to fund our operations, we may be required to reduce our sales and marketing efforts or forego certain business opportunities.

We could lose the right to the use of our domain names.

We have registered domain names for our website that we use in our business. If we lose the ability to use a domain name, whether due to trademark claims, failure to renew the applicable registration, or any other cause, we may be forced to market our products under a new domain name, which could cause us substantial harm, or to incur significant expense in order to purchase rights to the domain name in question. In addition, our competitors and others could attempt to capitalize on our brand recognition by using domain names similar to ours, especially in light of our expected expansion in SEA countries and East Asia. Domain names similar to ours may be registered in the United States and elsewhere. We may be unable to prevent third parties from acquiring and using domain names that infringe on, are similar to, or otherwise decrease the value of our brand or our trademarks or service marks. Protecting and enforcing our rights in our domain names may require litigation, which could result in substantial costs and diversion of management's attention.

We may be required to expend resources to protect ZCITY platform information or we may be unable to launch our services.

From time to time, other companies may copy information from our ZCITY platform, through website scraping, robots or other means, and publish or aggregate it with other information for their own benefit. We have no assurance other companies will not copy, publish or aggregate content from our ZCITY platform in the future. When third parties copy, publish, or aggregate content from our ZCITY platform, it makes them more competitive, and decreases the likelihood that consumers will visit our website or use our mobile app to find the information they seek, which could negatively affect our business, results of operations and financial condition. We may not be able to detect such third-party conduct in a timely manner and, even if we could, we may not be able to prevent it. In some cases, particularly in the case of websites operating outside of the United States, our available remedies may be inadequate to protect us against such practices. In addition, we may be required to expend significant financial or other resources to successfully enforce our rights.

Breaches of our online commerce security could occur and could have an adverse effect on our reputation.

A significant barrier to online commerce and communications is the secure transmission of confidential information over public networks. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography and cybersecurity, or other events or developments will not result in a compromise or breach of the technology used by the Company to protect customer transaction data. If any such compromise of the Company's security were to occur, it could have a material adverse effect on the Company's reputation and, therefore, on its business, results of operations and financial condition. Furthermore, a party who is able to circumvent the Company's security measures could misappropriate proprietary information or cause interruptions in the Company's operations. The Company may be required to expend significant capital and other resources to protect against such security breaches or to alleviate problems caused by such breaches. Concerns over the security of transactions conducted on the Internet and other online services and the privacy of users may also inhibit the growth of the Internet and other online services generally, and the Web in particular, especially as a means of conducting commercial transactions. To the extent that activities of the Company involve the storage and transmission of proprietary information, security breaches could damage the Company's reputation and expose the Company to a risk of loss or litigation and possible liability. There can be no assurance that the Company's security measures will prevent security breaches or that failure to prevent such security breaches will not have a material adverse effect on the Company's business, results of operations and financial condition.

The Company may not have the ability to manage its growth.

The Company anticipates that significant expansion will be required to address potential growth in its customer base and market opportunities. The Company's anticipated expansion is expected to place a significant strain on the Company's management, operational and financial resources. To manage any material growth of its operations and personnel, the Company may be required to improve existing operational and financial systems, procedures and controls and to expand, train and manage its employee base. There can be no assurance that the Company's planned personnel, systems, procedures and controls will be adequate to support the Company's future operations, that management will be able to hire, train, retain, motivate and manage required personnel or that the Company's management will be able to successfully identify, manage and exploit existing and potential market opportunities. If the Company is unable to manage growth effectively, its business, prospects, financial condition and results of operations may be materially adversely affected.

We rely on the performance of highly skilled personnel, and if we are unable to attract, retain and motivate well-qualified employees, our business could be harmed.

The Company is, and will be, heavily dependent on the skill, acumen and services of the management and other employees of the Company. Our future success depends on our continuing ability to attract, develop, motivate and retain highly qualified and skilled employees. Qualified individuals are in high demand, and we may incur significant costs to attract them. In addition, the loss of any of our senior management or key employees could materially adversely affect our ability to execute our business plan, and we may not be able to find adequate replacements. All of our officers and employees are at-will employees, which means they may terminate their employment relationship with us at any time, and their knowledge of our business and industry would be extremely difficult to replace. We cannot ensure that we will be able to retain the services of any members of our senior management or other key employees. If we do not succeed in attracting well-qualified employees or retaining and motivating existing employees, our business could be harmed.

Illegal use of our ZCITY platform could result in adverse consequences to the Company.

Despite measures the Company will implement to detect and prevent identify theft or other fraud, our ZCITY platform remains susceptible to potentially illegal or improper uses. Despite measures the Company will take to detect and lessen the risk of this kind of conduct, the Company cannot assure that these measures will succeed. The Company's business could suffer if customers use the ZCITY platform for illegal or improper purposes.

If merchants on our ZCITY platform are operating illegally, the Company could be subject to civil and criminal lawsuits, administrative action, and prosecution for, among other things, money laundering or for aiding and abetting violations of law. The Company would lose the revenues associated with these accounts and could be subject to material penalties and fines, both of which would seriously harm its business.

We are subject to certain risks by virtue of our international operations.

We operate and expand internationally. We expect to expand our international operations significantly by accessing new markets abroad and expanding our offerings in new languages: not less than all languages in SEA countries and Japan. Our platform is now available in English and several other languages. However, we may have difficulty modifying our technology and content for use in non-English-speaking markets or fostering new communities in non-English-speaking markets. Our ability to manage our business and conduct our operations internationally requires considerable management attention and resources, and is subject to the particular challenges of supporting a rapidly growing business in an environment of multiple languages, cultures, customs, legal systems, alternative dispute systems, regulatory systems, and commercial infrastructures. Furthermore, in most international markets, we would not be the first entrant, and our competitors may be better positioned than we are to succeed. Expanding internationally may subject us to risks that we have either not faced before or increase our exposure to risks that we currently face, including risks associated with:

- recruiting and retaining qualified, multi-lingual employees, including customer support personnel;
- increased competition from local websites and guides and potential preferences by local populations for local providers;
- compliance with applicable foreign laws and regulations, including different privacy, censorship and liability standards and regulations and different intellectual property laws;
- providing solutions in different languages for different cultures, which may require that we modify our solutions and features to ensure that they are culturally relevant in different countries;
- the enforceability of our intellectual property rights;

- credit risk and higher levels of payment fraud;
- compliance with anti-bribery laws;
- currency exchange rate fluctuations;
- foreign exchange controls that might prevent us from repatriating cash earned outside the United States;
- political and economic instability in some countries;
- double taxation of our international earnings and potentially adverse tax consequences due to changes in the tax laws of the United States or the foreign jurisdictions in which we operate; and
- higher costs of doing business internationally.

We do not have liability business interruption, litigation or natural disaster insurance.

We do not have any business liability, disruption insurance or any other forms of insurance coverage for our operations in Malaysia because our business is still in planning and early stage. Any potential liability, business interruption, litigation or natural disaster may result in our business incurring substantial costs and the diversion of resources.

The economy of Malaysia in general might not grow as quickly as expected, which could adversely affect our revenues and business prospects.

Our business and prospects depend on the continuing development of the economy in Malaysia. We cannot assure you that the Malaysian economy will continue to grow at the same pace as in the past. Economic growth is determined by countless factors, and it is extremely difficult to predict with any level of absolute certainty. In the event that the Malaysian economy suffers, demand for the services and/or products of our wholly owned subsidiaries may diminish, which would in turn result in decreased likelihood of profitability. This could in turn result in a substantial need for restructuring of our business objectives and could result in a partial or entire loss of an investment in our Company.

We face the risk that changes in the policies of the Malaysian government could have a significant impact upon the business we may be able to conduct in Malaysia and the profitability of such business.

Policies of the Malaysian government can have significant effects on the economic conditions of Malaysia. A change in policies by the Malaysian government could adversely affect our interests by, among other factors: changes in laws, regulations or the interpretation thereof, confiscatory taxation, restrictions on currency conversion, imports or sources of supplies, or the expropriation or nationalization of private enterprises. We cannot assure you that the government will continue to pursue current policies or that such policies may not be significantly altered, especially in the event of a change in leadership, social or political disruption, or other circumstances affecting Malaysia's political, economic and social environment.

We are subject to foreign exchange control policies in Malaysia.

The ability of our subsidiaries to pay dividends or make other payments to us may be restricted by the foreign exchange control policies in the countries where we operate. For example, there are foreign exchange policies in Malaysia which support the monitoring of capital flows into and out of the country in order to preserve its financial and economic stability. The foreign exchange policies are administered by the Foreign Exchange Administration, an arm of Bank Negara Malaysia ("BNM"), the central bank of Malaysia. The foreign exchange policies monitor and regulate both residents and non-residents. Under the current Foreign Exchange Administration rules issued by BNM, non-residents are free to repatriate any amount of funds from Malaysia in foreign currency other than the currency of Israel at any time (subject to limited exceptions), including capital, divestment proceeds, profits, dividends, rental, fees and interest arising from investment in Malaysia, subject to any withholding tax. In the event BNM or any other country where we operate introduces any restrictions in the future, we may be affected in our ability to repatriate dividends or other payments from our subsidiaries in Malaysia or in such other countries. Since we are a holding company and rely principally on dividends and other payments from our subsidiaries for our cash requirements, any restrictions on such dividends or other payments could materially and adversely affect our liquidity, financial condition and results of operations.

Malaysia is experiencing substantial inflationary pressures which may prompt the governments to take action to control the growth of the economy and inflation that could lead to a significant decrease in our profitability.

While the Malaysian economy has experienced rapid growth over the last two decades, they have also experienced inflationary pressures. As governments take steps to address inflationary pressures, there may be significant changes in the availability of bank credits, interest rates, limitations on loans, restrictions on currency conversions and foreign investment. There also may be imposition of price controls. If our revenues rise at a rate that is insufficient to compensate for the rise in our costs, it may have an adverse effect on our profitability. If these or other similar restrictions are imposed by a government to influence the economy, it may lead to a slowing of economic growth.

Our business will be exposed to foreign exchange risk.

We derive most of our revenue from the operations of our ZCITY platform in Malaysia and expect to derive our revenue from Malaysia, other SEA countries and Japan in the future. Our functional currencies will by necessity be the currencies of the countries of SEA and Japan. Our reporting currency is the U.S. dollar. We translate our results of operations using the average exchange rate for the period, unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions, and we translate our financial position at the period-end exchange rate. Accordingly, any significant fluctuation between the currencies of countries of SEA and Japan on the one hand and the U.S. dollar on the other could expose us to foreign exchange risk.

Some of the currencies of the countries of SEA are not freely convertible. The foreign exchange management regime of many SEA countries has transitioned from a system of fixed multiple exchange rates controlled by the state banks to a system of flexible exchange rates regulated largely by market forces, though transfers of currency is regulated and controlled in some countries. A significant depreciation in many of the currencies of countries of SEA against major foreign currencies may have a material adverse impact on our results of operations and financial condition because our reporting currency is the U.S. dollar. There can be no assurance, that the governments will continue to relax their foreign exchange regulations, that they will maintain the same foreign exchange policy or that there will be sufficient foreign currency available in the market for currency conversions. If, in the future, the regulations restrict our ability to convert local currencies or there is insufficient foreign currency available in the market, we may be unable to meet any foreign currency payment obligations.

Fluctuations in exchange rates in the Malaysian Ringgit (“RM”) could adversely affect our business and the value of our securities.

The value of the RM against the U.S. dollar and other currencies may fluctuate and is affected by, among other things, changes in Malaysia's political and economic conditions. The value of our common stock will be indirectly affected by the foreign exchange rate between U.S. dollars and RM and between those currencies and other currencies in which our revenue may be denominated. Appreciation or depreciation in the value of the RM relative to the U.S. dollar would affect our financial results reported in U.S. dollar terms without giving effect to any underlying change in our business or results of operations. As we rely entirely on revenues earned in Malaysia, any significant revaluation of RM may materially and adversely affect our cash flows, revenues and financial condition. For example, to the extent that we need to convert U.S. dollars we receive from an offering of our securities into RM for our operations, appreciation of the RM against the U.S. dollar could cause the RM equivalent of U.S. dollars to be reduced and therefore could have a material adverse effect on our business, financial condition and results of operations. Conversely, if we decide to convert our RM into U.S. dollars for the purpose of making dividend payments on our common stock or for other business purposes and the U.S. dollar appreciates against the RM, the U.S. dollar equivalent of the RM we convert would be reduced. In addition, the depreciation of significant U.S. dollar denominated assets could result in a change to our operations and a reduction in the value of these assets.

Geopolitical unrest in the regions in which we operate could adversely affect our business.

Most of our operations and business activities are conducted in Malaysia, whose economy and legal system remain susceptible to risks associated with an emerging economy and which is subject to higher geopolitical risks than developed countries. Social and political unrest could give rise to various risks, such as loss of employment and safety and security risks to persons and property. Any such event may in turn have a material and adverse effect on our business, results of operations and financial position.

Because our principal assets are located outside of the United States and all of our directors and all our officers reside outside of the United States, it may be difficult for you to enforce your rights based on U.S. Federal Securities Laws against us and our officers and directors or to enforce a judgment of a United States court against us or our officers and directors.

All of our directors and officers reside outside of the United States. In addition, substantially all of our assets are located outside of the United States. It may therefore be difficult for investors in the United States to enforce their legal rights based on the civil liability provisions of the U.S. federal securities laws against us in the courts of either the U.S. or Malaysia and, even if civil judgments are obtained in U.S. courts, to enforce such judgments in Malaysian courts.

Our business has been, and may continue to be materially adversely affected by the recent coronavirus (COVID-19) outbreak.

The current outbreak of COVID-19 has globally resulted in loss of life, business closures, restrictions on travel, and widespread cancellation of social gatherings. According to the IMF, Malaysia's GDP growth averaged more than 4.8% from 2016 to 2019, but contracted by 6.0% in 2020 due to the COVID-19 pandemic. To help counter the transmission of COVID-19, the government of Malaysia initiated movement control orders ("MCO"), the first effective March 18, 2020. The MCO had resulted in quarantines, travel restrictions, and the temporary closure of stores and facilities in Malaysia. Since then, there have been a series of variations of the first MCO which are periodically imposed (in different parts of the country) depending on the increase or decrease in the rate of infection in a particular state or region. Following the expiration of the first MCO, there have been a series of orders including the Conditional Movement Control Order, Recovery Movement Order, Enhanced MCO and the Targeted Enhanced MCO. These orders were made under the Prevention and Control of Infectious Diseases Act 1988 (PCID Act) setting out permitted and prohibited activities and conditions to be complied with to prevent the spread of COVID-19.

On June 15, 2021, the Malaysian Prime Minister unveiled the National Recovery Plan ("NRP") which comprises four phases with the first phase imposing the most stringent Standard Operating Procedures ("SOPs"). At the time of writing various states in Malaysia have since transitioned onto different phases depending on how successfully they have managed to contain the outbreak. For example, Labuan has already transitioned to the fourth phase with all economic sectors there being allowed to operate with 100% workforce subject to the prescribed SOPs whereas some states such as Selangor remains in the first phase.

On August 8, 2021, it was announced that the prohibitions and restrictions under the SOPs of the NRP for individuals who have been fully vaccinated against COVID-19 would be relaxed. This includes the ability to dine-in at restaurants and food premises and the removal of the "ten-kilometer rule" for travel.

The extent to which the COVID-19 pandemic impacts our business will depend on future developments, which are highly uncertain and cannot be predicted at this time, including:

- new information which may emerge concerning the severity of the disease;
- the duration and spread of the outbreak;
- the severity of travel restrictions imposed by geographic areas in which we operate, mandatory or voluntary business closures;

- regulatory actions taken in response to the pandemic, which may impact merchant operations, consumer and merchant pricing, and our product offerings;
- other business disruptions that affect our workforce;
- the impact on capital and financial markets; and
- actions taken throughout the world, including in markets in which we operate, to contain the COVID-19 outbreak or treat its impact.

In addition, the current outbreak of COVID-19 has resulted in a widespread global health crisis and adversely affected global economies and financial markets, and similar public health threats could do so in the future. Such events have impacted, and could in the future impact, demand for merchants and consumer purchase patterns, which in turn, could adversely affect our revenue and results of operations.

Furthermore, if a virus or other disease is transmitted by human contact, as is the case with COVID-19, our employees and any constituent of our network may become infected, or may choose, or be advised, to avoid any contact with others, any of which may adversely affect our ability to provide our ZCITY platform and for our merchants and consumers to use our ZCITY platform. In addition, shelter-in-place orders and similar regulations impact merchants' ability to operate their businesses, consumers' ability to pick up orders, and our merchants' ability to make deliveries during certain times, or at all. Even if merchants are able to continue to operate their businesses, many may operate with limited hours, selection and capacity and other limitations. Any limitations on or disruptions or closures of merchants' businesses could adversely affect our business.

Even if a virus or other disease does not spread significantly and such measures are not implemented, the perceived risk of infection or significant health risk may adversely affect our business. Merchants may be perceived as unsafe during such public health threats, even for order delivery or pickup. If the services offered through our ZCITY platform or at other businesses in our industry become a significant risk for transmitting COVID-19 or similar public health threats, or if there is a public perception that such risk exists, demand for the use of our ZCITY platform would be adversely affected. Any negative impact on consumers' willingness or ability to order delivery or complete a pickup order, could adversely affect our business, financial condition, and results of operations.

Substantially all of our revenues are concentrated in Malaysia pending expansion into other markets in SEA and East Asia regions. Consequently, our results of operations will likely be adversely, and may be materially, affected, to the extent that the COVID-19 pandemic or any epidemic harms Malaysia's economy and society and the global economy in general. Any potential impact to our results will depend on, to a large extent, future developments and new information that may emerge regarding the duration and severity of the COVID-19 pandemic and the actions taken by government authorities and other entities to contain the COVID-19 pandemic or treat its impact, almost all of which are beyond our control. If the disruptions posed by the COVID-19 pandemic or other matters of global concern continue for an extensive period of time, the operations of our business may be materially adversely affected.

To the extent the COVID-19 pandemic or a similar public health threat has an impact on our business, it is likely to also have the effect of heightening many of the other risks described in this "Risk Factors" section.

Regulatory Risks

Failure to comply with laws and regulations applicable to our business could subject us to fines and penalties and could also cause us to lose customers or otherwise harm our business.

Our business is subject to regulation by various governmental agencies in Malaysia, including agencies responsible for monitoring and enforcing compliance with various legal obligations, such as privacy and data protection-related laws and regulations, intellectual property laws, employment and labor laws, workplace safety, governmental trade laws, import and export controls, anti-corruption and anti-bribery laws, and tax laws and regulations. These laws and regulations impose added costs on our business. Noncompliance with applicable regulations or requirements could subject us to:

- investigations, enforcement actions, and sanctions;
- mandatory changes to our network and products;
- disgorgement of profits, fines, and damages;
- civil and criminal penalties or injunctions;
- claims for damages by our customers or channel partners;
- termination of contracts;
- failure to obtain, maintain or renew certain licenses, approvals, permits, registrations or filings necessary to conduct our operations; and
- temporary or permanent debarment from sales to public service organizations.

If any governmental sanctions are imposed, or if we do not prevail in any possible civil or criminal litigation, our business, results of operations, and financial condition could be adversely affected. In addition, responding to any action will likely result in a significant diversion of our management's attention and resources and an increase in professional fees. Enforcement actions and sanctions could materially harm our business, results of operations, and financial condition.

Any reviews by regulatory agencies or legislatures may result in substantial regulatory fines, changes to our business practices, and other penalties, which could negatively affect our business and results of operations. Changes in social, political, and regulatory conditions or in laws and policies governing a wide range of topics may cause us to change our business practices. Further, our expansion into a variety of new fields also could raise a number of new regulatory issues. These factors could negatively affect our business and results of operations in material ways.

Moreover, we are exposed to the risk of misconduct, errors and failure to functions by our management, employees and parties that we collaborate with, who may from time to time be subject to litigation and regulatory investigations and proceedings or otherwise face potential liability and penalties in relation to noncompliance with applicable laws and regulations, which could harm our reputation and business.

Regulation of the internet generally could have adverse consequences on our business.

We are also subject to regulations and laws in Malaysia specifically governing the internet and e-commerce. Existing and future laws and regulations may impede the growth of the Internet, e-commerce or other online services, and increase the cost of providing online services. These regulations and laws may cover sweepstakes, taxation, tariffs, user privacy, data protection, pricing, content, copyrights, distribution, electronic contracts and other communications, consumer protection, broadband residential Internet access and the characteristics and quality of services. It is not clear how existing laws governing issues such as property ownership, sales, use and other taxes, libel and personal privacy apply to the internet and e-commerce. Unfavorable resolution of these issues may harm our business and results of operations.

Privacy regulations could have adverse consequences on our business.

We receive, collect, store, process, transfer, and use personal information and other user data. There are numerous international laws and regulations regarding privacy, data protection, information security, and the collection, storing, sharing, use, processing, transfer, disclosure, and protection of personal information and other content, the scope of which are changing, subject to differing interpretations, and may be inconsistent among countries, or conflict with other laws and regulations. We are also subject to the terms of our privacy policies and obligations to third parties related to privacy, data protection, and information security. We strive to comply with applicable laws, regulations, policies, and other legal obligations relating to privacy, data protection, and information security to the extent possible. However, the regulatory framework for privacy and data protection worldwide is, and is likely to remain for the foreseeable future, uncertain and complex, and it is possible that these or other actual or alleged obligations may be interpreted and applied in a manner that we do not anticipate or that is inconsistent from one jurisdiction to another and may conflict with other rules or our practices. Further, any significant change to applicable laws, regulations, or industry practices regarding the collection, use, retention, security, or disclosure of our users' data, or their interpretation, or any changes regarding the manner in which the express or implied consent of users for the collection, use, retention, or disclosure of such data must be obtained, could increase our costs and require us to modify our services and features, possibly in a material manner, which we may be unable to complete, and may limit our ability to store and process user data or develop new services and features.

We also expect that there will continue to be new laws, regulations, and industry standards concerning privacy, data protection, and information security proposed and enacted in various jurisdictions.

Any failure or perceived failure by us to comply with our posted privacy policies, our privacy-related obligations to users or other third parties, or any other legal obligations or regulatory requirements relating to privacy, data protection, or information security may result in governmental investigations or enforcement actions, litigation, claims, or public statements against us by consumer advocacy groups or others and could result in significant liability, cause our users to lose trust in us, and otherwise have an adverse effect on our reputation and business. Furthermore, the costs of compliance with, and other burdens imposed by, the laws, regulations, and policies that are applicable to the businesses of our users may limit the adoption and use of, and reduce the overall demand for, our ZCITY platform.

Additionally, if third parties we work with violate applicable laws, regulations, or agreements, such violations may put our users' data at risk, could result in governmental investigations or enforcement actions, fines, litigation, claims, or public statements against us by consumer advocacy groups or others and could result in significant liability, cause our users to lose trust in us, and otherwise have an adverse effect on our reputation and business. Further, public scrutiny of or complaints about technology companies or their data handling or data protection practices, even if unrelated to our business, industry, or operations, may lead to increased scrutiny of technology companies, including us, and may cause government agencies to enact additional regulatory requirements, or to modify their enforcement or investigation activities, which may increase our costs and risks.

Regulation of gift cards or "E-vouchers" could have adverse consequences on our business.

Our platform's payment system inevitably provides our customers with loyalty points that may or may not be deemed gift certificates, store gift cards, general-use prepaid cards, or other vouchers, or "gift cards", subject to, various laws of multiple jurisdictions. Many of these laws include specific disclosure requirements and prohibitions or limitations on the use of expiration dates and the imposition of certain fees. Various companies that provided deal products similar to ours around the world are currently or were defendants in purported class action lawsuits.

The application of various other laws and regulations to our products is uncertain. These include laws and regulations pertaining to unclaimed and abandoned property, partial redemption, revenue-sharing restrictions on certain trade groups and professions, sales and other local taxes and the sale of alcoholic beverages. In addition, we may become, or be determined to be, subject to United States federal or state laws or laws in Malaysia or other countries where we operate regulating money transmitters or aimed at preventing money laundering or terrorist financing, including the Bank Secrecy Act, the USA Patriot Act and other similar future laws or regulations in the United States and in the applicable SEA or East Asia countries.

If we become subject to claims or are required to alter our business practices as a result of current or future laws and regulations, our revenue could decrease, our costs could increase and our business could otherwise be harmed. In addition, the costs and expenses associated with defending any actions related to such additional laws and regulations and any payments of related penalties, fines, judgments or settlements could harm our business.

The requirements of being a public company are complex and will increase costs.

As a public company, we will be subject to the reporting requirements of the Exchange Act, the Sarbanes-Oxley Act, the Dodd-Frank Act, and other applicable securities rules and regulations. Compliance with these rules and regulations will increase our legal and financial compliance costs, make some activities more difficult, time-consuming or costly and increase demand on our systems and resources. The Exchange Act requires, among other things, that we file annual, quarterly and current reports with respect to our business and operating results. The Sarbanes-Oxley Act requires, among other things, that we maintain effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and, if required, improve our disclosure controls and procedures and internal control over financial reporting to meet this standard, significant resources and management oversight may be required. As a result, management's attention may be diverted from other business concerns, which could harm our business and operating results. We may need to hire more employees in the future to comply with these requirements, which will increase our costs and expenses.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure are creating uncertainty for public companies, increasing legal and financial compliance costs and making some activities more time consuming. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations, and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to practice, regulatory authorities may initiate legal proceedings against us and our business may be harmed.

We also expect that being a public company and these new rules and regulations will make it more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced coverage or incur substantially higher costs to obtain coverage. These factors could also make it more difficult for us to attract and retain qualified members of our board of directors ("Board"), particularly to serve on our audit committee and Remuneration Committee, and qualified executive officers.

As a result of disclosure of information in this prospectus and in filings required of a public company, our business and financial condition will become more visible, which we believe may result in increased threatened or actual litigation, including by competitors and other third parties. If such claims are successful, our business and operating results could be harmed, and even if the claims do not result in litigation or are resolved in our favor, these claims, and the time and resources necessary to resolve them, could divert the resources of our management and harm our business and operating results.

Failure to comply with the U.S. Foreign Corrupt Practices Act and Malaysia anti-corruption laws could subject us to penalties and other adverse consequences.

We are required to comply the Malaysia's anti-corruption laws and the United States Foreign Corrupt Practices Act, which generally prohibits U.S. companies from engaging in bribery or other prohibited payments to foreign officials for the purpose of obtaining or retaining business. In addition, we are required to maintain records that accurately and fairly represent our transactions and have an adequate system of internal accounting controls. Foreign companies, including some of our competitors, are not subject to these prohibitions. Corruption, extortion, bribery, pay-offs, theft and other fraudulent practices occur from time-to-time in Malaysia. If our competitors engage in these practices, they may receive preferential treatment from personnel of some companies, giving our competitors an advantage in securing business or from government officials who might give them priority in obtaining new licenses, which would put us at a disadvantage. Although we inform our personnel that such practices are illegal, we cannot assure you that our employees or other agents will not engage in such conduct for which we might be held responsible. If our employees or other agents are found to have engaged in such practices, we could suffer severe penalties and other consequences that may have a material adverse effect on our business, financial condition and results of operations. In addition, our brand and reputation, our sales activities or the price of our ordinary shares could be adversely affected if we become the target of any negative publicity as a result of actions taken by our employees or other agents.

Litigation is costly and time consuming and could have a material adverse effect our business, results or operations and reputation.

The Company and/or its directors and officers may be subject to a variety of civil or other legal proceedings, with or without merit. From time to time in the ordinary course of its business, we may become involved in various legal proceedings, including commercial, employment and other litigation and claims, as well as governmental and other regulatory investigations and proceedings. Such matters can be time-consuming, divert management's attention and resources and cause us to incur significant expenses. Furthermore, because litigation is inherently unpredictable, the results of any such actions may have a material adverse effect on our business, operating results or financial condition.

Even if the claims are without merit, the costs associated with defending these types of claims may be substantial, both in terms of time, money, and management distraction. In particular, patent and other intellectual property litigation may be protracted and expensive, and the results are difficult to predict and may require us to stop offering certain features, purchase licenses or modify our products and features while we develop non-infringing substitutes or may result in significant settlement costs.

The results of litigation and claims to which we may be subject cannot be predicted with certainty. Even if these matters do not result in litigation or are resolved in our favor or without significant cash settlements, these matters, and the time and resources necessary to litigate or resolve them, could harm our business, results or operations and reputation.

Our financial statements have been prepared on a going-concern basis and our continued operations are in doubt.

The financial statements have been prepared on a going concern basis under which an entity is considered to be able to realize its assets and satisfy its liabilities in the ordinary course of business. Our future operations are dependent upon the identification and successful completion of equity or debt financing and the achievement of profitable operations at an indeterminate time in the future. There can be no assurances that we will be successful in completing an equity or debt financing or in achieving profitability.

We face potential liability and expense for legal claims based on the content on our ZCITY platform.

We face potential liability and expense for legal claims relating to the information that we publish on our website and our ZCITY platform, including claims for copyright or trademark infringement, among others. These claims could divert management time and attention away from our business and result in significant costs to investigate and defend, regardless of the merits of the claims. In some instances, we may elect or be compelled to remove content or may be forced to pay substantial damages if we are unsuccessful in our efforts to defend against these claims. If we elect or are compelled to remove valuable content from our website or mobile app, our ZCITY platform may become less useful to consumers and our traffic may decline, which could have a negative impact on our business and financial performance.

Our intellectual property rights may be inadequate to protect us against others claiming violations of their proprietary rights and the cost of enforcement could be significant.

The future success of our business is dependent upon the intellectual property rights surrounding our technology, including trade secrets, know-how and continuing technological innovation. Although we will seek to protect our proprietary rights, our actions may be inadequate to protect any proprietary rights or to prevent others from claiming violations of their proprietary rights. There can be no assurance that other companies are not investigating or developing other technologies that are similar to our technology. In addition, effective intellectual property protection may be unenforceable or limited in certain countries, and the global nature of the Internet makes it impossible to control the ultimate designation of our technology. Any of these claims, with or without merit, could subject us to costly litigation. If the protection of proprietary rights is inadequate to prevent unauthorized use or appropriation by third parties, the value of our brand and other intangible assets may be diminished. Any of these events could have an adverse effect on our business and financial results.

Effective trade secret, copyright, trademark and domain name protection is expensive to develop and maintain, both in terms of initial and ongoing registration requirements and expenses and the costs of defending our rights. We are seeking to protect our trademarks and domain names in an increasing number of jurisdictions, a process that is expensive and may not be successful or which we may not pursue in every location. Litigation may be necessary to enforce our intellectual property rights, protect our respective trade secrets or determine the validity and scope of proprietary rights claimed by others. Any litigation of this nature, regardless of outcome or merit, could result in substantial costs and diversion of management and technical resources, any of which could adversely affect our business and operating results. We may incur significant costs in enforcing our trademarks against those who attempt to imitate our brand. If we fail to maintain, protect and enhance our intellectual property rights, our business and operating results may be harmed.

If we are unable to protect the confidentiality of our trade secrets, our business and competitive position could be harmed.

In addition to patent protection, we also rely upon copyright and trade secret protection, as well as non-disclosure agreements and invention assignment agreements with our employees, consultants and third parties, to protect our confidential and proprietary information. In addition to contractual measures, we try to protect the confidential nature of our proprietary information using commonly accepted physical and technological security measures. Such measures may not, for example, in the case of misappropriation of a trade secret by an employee or third party with authorized access, provide adequate protection for our proprietary information. Our security measures may not prevent an employee or consultant from misappropriating our trade secrets and providing them to a competitor, and recourse we take against such misconduct may not provide an adequate remedy to protect our interests fully. Unauthorized parties may also attempt to copy or reverse engineer certain aspects of our product that we consider proprietary. Enforcing a claim that a party illegally disclosed or misappropriated a trade secret can be difficult, expensive and time-consuming, and the outcome is unpredictable. Even though we use commonly accepted security measures, trade secret violations are often a matter of state law, and the criteria for protection of trade secrets can vary among different jurisdictions. In addition, trade secrets may be independently developed by others in a manner that could prevent legal recourse by us. If any of our confidential or proprietary information, such as our trade secrets, were to be disclosed or misappropriated, or if any such information was independently developed by a competitor, our business and competitive position could be harmed.

Third parties may assert that our employees or consultants have wrongfully used or disclosed confidential information or misappropriated trade secrets.

We employ individuals who previously worked with other companies, including our competitors or potential competitors. Although we try to ensure that our employees and consultants do not use the proprietary information or know-how of others in their work for us, we may be subject to claims that we or our employees, consultants or independent contractors have inadvertently or otherwise used or disclosed intellectual property, including trade secrets or other proprietary information, of a former employer or other third party. Litigation may be necessary to defend against these claims. If we fail in defending any such claims or settling those claims, in addition to paying monetary damages or a settlement payment, we may lose valuable intellectual property rights or personnel. Even if we are successful in defending against such claims, litigation could result in substantial costs and be a distraction to management and other employees.

Risks Related to this Offering

Our management will have broad discretion over the use of any net proceeds from this offering and you may not agree with how we use the proceeds, and the proceeds may not be invested successfully.

Our management will have broad discretion as to the use of any net proceeds from this offering and could use them for purposes other than those contemplated at the time of this offering and in ways that do not necessarily improve our results of operations or enhance the value of our common stock. Accordingly, you will be relying on the judgment of our management with regard to the use of any proceeds from this offering and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that the proceeds will be invested in a way that does not yield a favorable, or any, return for you.

If you purchase shares of common stock in this offering, you will incur immediate and substantial dilution in the book value of your common shares of common stock.

The initial public offering price is substantially higher than the net tangible book value per share of our common stock. Investors purchasing shares of common stock, in this offering will pay a price per share that substantially exceeds the net tangible book value of our common stock. As a result, investors purchasing shares of common stock in this offering will incur immediate dilution of \$[*] per share, based on the initial public offering price of \$[*] per share and our adjusted pro forma net tangible book value as of June 30, 2021. The exercise of outstanding warrants would result in additional dilution. As a result of this dilution, investors purchasing shares of common stock may receive significantly less than the purchase price paid in this offering in the event of liquidation. See “Dilution” for additional information.

Investors in this offering may experience future dilution as a result of this and future equity offerings.

In order to raise additional capital, we may in the future offer additional shares of our common stock or other securities convertible into or exchangeable for our common stock. Investors purchasing our shares or other securities in the future could have rights superior to existing common stockholders, and the price per share at which we sell additional shares of our common stock or other securities convertible into or exchangeable for our common stock in future transactions may be higher or lower than the price per share in this offering.

Sales of a significant number of shares of our common stock in the public markets, or the perception that such sales could occur, could depress the market price of our common stock.

Sales of a substantial number of shares of our common stock in the public markets could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities. We cannot predict the effect that future sales of our common stock would have on the market price of our common stock.

Existing shareholders may sell significant quantities of common stock.

The existing shareholders will own [*]% of our common stock following the successful completion of this offering. Notwithstanding that certain officers and directors who are shareholders will be locked up for a period of 180 days following the completion of this offering, they may have acquired their shares at a lower price than that of this offering. Accordingly, they may be incentivized to sell all or part of their holdings as soon as any applicable transfer restrictions have ended and such sales could have a negative impact on the market price of our common stock.

If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, our stock price and trading volume could decline.

The trading market for our common stock will depend in part on the research and reports that securities or industry analysts publish about us or our business. Several analysts may cover our stock. If one or more of those analysts downgrade our stock or publish inaccurate or unfavorable research about our business, our stock price would likely decline. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, demand for our stock could decrease, which might cause our stock price and trading volume to decline.

Risks Relating to Ownership of Our Securities

There is no active public trading market for our common stock and we cannot assure you that an active trading market will develop in the near future.

Our common stock is not quoted in the over-the-counter markets and is not listed on any stock exchange and there is currently no active trading in our securities. We will apply to have our common stock listed on the Nasdaq Capital Market under the symbol “[*]” which listing is a condition to this offering. We cannot assure you that an active trading market for our common stock will develop in the future due to a number of factors, including the fact that we are a small company that is relatively unknown to stock analysts, stock brokers, institutional investors and others in the investment community that generate or influence sales volume, and that even if we came to the attention of such persons, they tend to be risk-averse and would be reluctant to follow an unproven company such as ours or purchase or recommend the purchase of our shares until such time as we became more seasoned and viable. We cannot give you any assurance that an active public trading market for our common stock will develop or be sustained. You may not be able to liquidate your shares quickly or at the market price if trading in our common stock is not active.

The public price of our common stock may be volatile, and could, following a sale decline significantly and rapidly.

The initial public offering price for the shares will be determined by negotiations between us and the underwriters and may not be indicative of prices that will prevail in the open market following this offering. The market price of our common stock may decline below the initial offering price, and you may not be able to sell your shares of our common stock at or above the price you paid in the offering, or at all. Following this offering, the public price of our common stock in the secondary market will be determined by private buy and sell transaction orders collected from broker-dealers.

A possible “short squeeze” due to a sudden increase in demand of our common stock that largely exceeds supply may lead to price volatility in our common stock.

Following this offering, investors may purchase our common stock to hedge existing exposure in our common stock or to speculate on the price of our common stock. Speculation on the price of our common stock may involve long and short exposures. To the extent aggregate short exposure exceeds the number of shares of our common stock available for purchase in the open market, investors with short exposure may have to pay a premium to repurchase our common stock for delivery to lenders of our common stock. Those repurchases may in turn, dramatically increase the price of our common stock until investors with short exposure are able to purchase additional shares of common stock to cover their short position. This is often referred to as a “short squeeze.” A short squeeze could lead to volatile price movements in our common stock that are not directly correlated to the performance or prospects of our company and once investors purchase the shares of common stock necessary to cover their short position, the price of our common stock may decline.

We may not be able to satisfy listing requirements of Nasdaq to maintain a listing of our common stock.

If our common stock is listed on Nasdaq, we must meet certain financial and liquidity criteria to maintain such listing. If we violate the maintenance requirements for continued listing of our common stock, our common stock may be delisted. In addition, our board may determine that the cost of maintaining our listing on a national securities exchange outweighs the benefits of such listing. A delisting of our common stock from Nasdaq may materially impair our stockholders’ ability to buy and sell our common stock and could have an adverse effect on the market price of, and the efficiency of the trading market for, our common stock. In addition, the delisting of our common stock could significantly impair our ability to raise capital.

There has been no public market for our common stock prior to this offering, and an active market in which investors can resell their shares may not develop.

Prior to this offering, there has been no public market for our common stock. All investments in securities involve the risk of loss of capital. No guarantee or representation is made that an investor will receive a return of its capital. The value of our common stock can be adversely affected by a variety of factors, including development problems, regulatory issues, technical issues, commercial challenges, competition, legislation, government intervention, industry developments and trends, and general business and economic conditions. We cannot predict the extent to which an active market for our common stock will develop or be sustained after this offering, or how the development of such a market might affect the market price of our common stock.

Our directors, executive officers and stockholders that own greater than 5% of our outstanding voting stock own approximately [*]% of our combined voting stock and will be able to exert a controlling influence over our business affairs and matters submitted to stockholders for approval.

Our directors, executive officers and stockholders that own greater than 5% of our outstanding voting stock, in the aggregate, beneficially own approximately [*]% of the issued and outstanding shares of our voting, based on the number of shares outstanding as of January, 2022 and after this initial public offering will own approximately [*]% of our voting stock. As a result, these stockholders will be able to influence or control matters requiring approval by our stockholders, including the election of directors and the approval of mergers, acquisitions or other extraordinary transactions. They may also have interests that differ from yours and may vote in a manner that is adverse to your interests. This concentration of ownership may have the effect of deterring, delaying, or preventing a change of control of our company, could deprive our stockholders of an opportunity to receive a premium for their common stock as part of a sale of our company and might ultimately affect the market price of our common stock.

We may be subject to securities litigation, which is expensive and could divert our management's attention.

The market price of our securities may be volatile, and in the past companies that have experienced volatility in the market price of their securities have been subject to securities class action litigation. We may be the target of this type of litigation in the future. Securities litigation against us could result in substantial costs and divert our management's attention from other business concerns.

If there is no viable public market for our common stock, you may be unable to sell your shares at or above the initial public offering price.

Prior to this offering there has been no public market for shares of our common stock. Although we expect our common stock will be approved for listing on Nasdaq, an active trading market for our shares may never develop or be sustained following this offering. You may be unable to sell your shares quickly or at the market price if trading in shares of our common stock is not active. The initial public offering price for our common stock will be determined through negotiations with the underwriters, and the negotiated price may not be indicative of the market price of the common stock after the offering. As a result of these and other factors, you may be unable to resell your shares of our common stock at or above the initial public offering price. Further, an inactive market may also impair our ability to raise capital by selling shares of our common stock and may impair our ability to enter into strategic partnerships or acquire companies or products by using our shares of common stock as consideration.

Our failure to maintain effective internal controls over financial reporting could have an adverse impact on us

We are required to establish and maintain appropriate internal controls over financial reporting. Failure to establish those controls, or any failure of those controls once established, could adversely impact our public disclosures regarding our business, financial condition or results of operations. In addition, management's assessment of internal controls over financial reporting may identify weaknesses and conditions that need to be addressed in our internal controls over financial reporting or other matters that may raise concerns for investors. Any actual or perceived weaknesses and conditions that need to be addressed in our internal control over financial reporting, disclosure of management's assessment of our internal controls over financial reporting or disclosure of our public accounting firm's attestation to or report on management's assessment of our internal controls over financial reporting may have an adverse impact on the price of our common stock.

Prior to this offering, we have been a private company with limited accounting personnel and other resources with which to address our internal controls and procedures. Our independent registered public accounting firm did not conduct an audit of our internal control over financial reporting. However, in preparing our consolidated financial statements as of and for the years ended June 30, 2021 and 2020, we and our independent registered public accounting firms have identified 6 material weaknesses and other control deficiencies including significant deficiencies in our internal control over financial reporting, as defined in the standards established by the PCAOB. A “material weakness” is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company’s annual or interim financial statements will not be prevented or detected on a timely basis.

The material weaknesses identified included: (1) we did not have sufficient full-time personnel with appropriate levels of accounting knowledge and experience to monitor the daily recording of transactions, address complex U.S. GAAP accounting issues and to prepare and review financial statements and related disclosures under U.S. GAAP; (2) we lack of a functional internal audit department or personnel that monitors the consistencies of the preventive internal control procedures; lack of adequate policies and procedures in internal audit function to ensure that our policies and procedures have been carried out as planned; (3) we lack of proper procedures developed and implemented for Cybersecurity Vulnerabilities and IT Risk Assessment; (4) we lack of proper procedures developed and implemented for User Account Management and Password Management; (5) we lack of proper procedures developed and implemented for Segregation of Duties and Audit Log Review and (6) we lack of proper procedures developed and implemented for Third-Party (Service Organization) Vendor Management.

Following the identification of the material weaknesses and control deficiencies, we plan to take remedial measures including (i) hiring more qualified accounting personnel with relevant U.S. GAAP and SEC reporting experience and qualifications to strengthen the financial reporting function and to set up a financial and system control framework; (ii) implementing regular and continuous U.S. GAAP accounting and financial reporting training programs for our accounting and financial reporting personnel; (iii) establish internal audit function by engaging an external consulting firm to assist us with assessment of Sarbanes-Oxley compliance requirements and improvement of overall internal control; and (iv) strengthening corporate governance. However, the implementation of these measures may not fully address the material weaknesses in our internal control over financial reporting. Our failure to correct the material weaknesses or our failure to discover and address any other material weaknesses or control deficiencies could result in inaccuracies in our consolidated financial statements and could also impair our ability to comply with applicable financial reporting requirements and related regulatory filings on a timely basis. As a result, our business, financial condition, results of operations and prospects, as well as the trading price of our common stocks, may be materially and adversely affected. Moreover, ineffective internal control over financial reporting significantly hinders our ability to prevent fraud.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. In addition, the design of a control system must reflect the fact that there are resource constraints and the benefit of controls must be relative to their costs. Because of the inherent limitations in all control systems, no system of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Further, controls can be circumvented by individual acts of some persons, by collusion of two or more persons, or by management override of the controls. The design of any system of controls is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, a control may become inadequate because of changes in conditions or the degree of compliance with policies or procedures may deteriorate. Because of inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected.

If we fail to have effective controls and procedures for financial reporting in place, we could be unable to provide timely and accurate financial information which could result in an investigation by the Securities and Exchange Commission and civil or criminal sanctions; investors losing confidence in the accuracy of our periodic reports filed under the Exchange Act; and a decline in our stock price.

We are an “emerging growth company” under the JOBS Act and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our common stock less attractive to investors.

We are an “emerging growth company,” as defined in the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are not applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. We cannot predict if investors will find our common stock less attractive because we may rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our stock price may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act of 1933 (the “Securities Act”) for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We are choosing to take advantage of the extended transition period for complying with new or revised accounting standards.

We will remain an “emerging growth company” until the last day of the fiscal year following the fifth anniversary of the date of the first sale of our common stock pursuant to an effective registration statement under the Securities Act, although we will lose that status sooner if our revenues exceed \$1.07 billion, if we issue more than \$1 billion in non-convertible debt in a three year period, or if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the last day of our most recently completed second fiscal quarter.

The elimination of personal liability against our directors and officers under Delaware law and the existence of indemnification rights held by our directors, officers and employees may result in substantial expenses.

Our certificate of incorporation, as amended (“Certificate of Incorporation”) eliminates the personal liability of our directors and officers to us and our stockholders for damages for breach of fiduciary duty as a director or officer to the extent permissible under Delaware law. Further, our bylaws (“Bylaws”) provide that we are obligated to indemnify each of our directors or officers to the fullest extent authorized by the Delaware law and, subject to certain conditions, advance the expenses incurred by any director or officer in defending any action, suit or proceeding prior to its final disposition. Those indemnification obligations could expose us to substantial expenditures to cover the cost of settlement or damage awards against our directors or officers, which we may be unable to afford. Further, those provisions and resulting costs may discourage us or our stockholders from bringing a lawsuit against any of our current or former directors or officers for breaches of their fiduciary duties, even if such actions might otherwise benefit our stockholders.

You should consult your own independent tax advisor regarding any tax matters arising with respect to the securities offered in connection with this offering.

Participation in this offering could result in various tax-related consequences for investors. All prospective purchasers of the resold securities are advised to consult their own independent tax advisors regarding the U.S. federal, state, local and non-U.S. tax consequences relevant to the purchase, ownership and disposition of the resold securities in their particular situations.

We have not paid dividends in the past and do not expect to pay dividends in the future, and any return on investment may be limited to the value of our stock.

We have never paid cash dividends on our common stock and do not anticipate paying cash dividends on our common stock in the foreseeable future. We currently intend to retain any future earnings to support the development of our business and do not anticipate paying cash dividends in the foreseeable future. Our payment of any future dividends will be at the discretion of our Board after taking into account various factors, including, but not limited to, our financial condition, operating results, cash needs, growth plans and the terms of any credit agreements that we may be a party to at the time. In addition, our ability to pay dividends on our common stock may be limited by Delaware state law. Accordingly, investors must rely on sales of their common stock after price appreciation, which may never occur, as the only way to realize a return on their investment. Investors seeking cash dividends should not purchase our common stock.

IN ADDITION TO THE ABOVE RISKS, BUSINESSES ARE OFTEN SUBJECT TO RISKS NOT FORESEEN OR FULLY APPRECIATED BY MANAGEMENT. IN REVIEWING THIS FILING, POTENTIAL INVESTORS SHOULD KEEP IN MIND THAT OTHER POSSIBLE RISKS MAY ADVERSELY IMPACT THE COMPANY'S BUSINESS OPERATIONS AND THE VALUE OF THE COMPANY'S SECURITIES.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains "forward-looking statements." Forward-looking statements reflect the current view about future events. When used in this prospectus, the words "anticipate," "believe," "estimate," "expect," "future," "intend," "plan," or the negative of these terms and similar expressions, as they relate to us or our management, identify forward-looking statements. Such statements, include, but are not limited to, statements contained in this prospectus relating to our business strategy, our future operating results and liquidity and capital resources outlook. Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees of assurance of future performance. We caution you therefore against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, without limitation:

- Our ability to effectively operate our business segments;
- Our ability to manage our research, development, expansion, growth and operating expenses;
- Our ability to evaluate and measure our business, prospects and performance metrics;
- Our ability to compete, directly and indirectly, and succeed in a highly competitive and evolving industry;
- Our ability to respond and adapt to changes in technology and customer behavior;
- Our ability to protect our intellectual property and to develop, maintain and enhance a strong brand; and
- other factors (including the risks contained in the section of this prospectus entitled "*Risk Factors*") relating to our industry, our operations and results of operations.

Should one or more of these risks or uncertainties materialize, or should the underlying assumptions prove incorrect, actual results may differ significantly from those anticipated, believed, estimated, expected, intended or planned.

Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

USE OF PROCEEDS

We estimate that we will receive net proceeds of approximately \$[*] (or approximately \$[*] if the underwriters' option to purchase additional shares is exercised in full) from the sale of the common stock offered by us in this offering, based on an assumed public offering price of \$[*] per share (the midpoint of the price range set forth on the front cover page of this prospectus), and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.

The principal purposes of this offering are to increase our capitalization and financial flexibility, increase our visibility in the marketplace and create a public market for our common stock. As of the date of this prospectus, we cannot specify with certainty all of the particular uses for the net proceeds to us from this offering. However, we currently intend to use the net proceeds to us from this offering for working capital (including, but not limited to acquisitions, marketing, hiring and IT development) and general corporate purposes.

The table below sets forth the manner in which we expect to use the net proceeds we receive from this offering. All amounts included in the table below are estimates.

Description	Amount	
Working Capital, including, but not limited to, acquisitions, marketing, hiring, IT development	\$	[*]
General Corporate Purposes	\$	[*]
Total	\$	[*]

The foregoing information is an estimate based on our current business plan. We may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so. Pending these uses, we intend to invest the net proceeds of this offering in a money market or other interest-bearing account.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Prior to this offering, our common stock has not been listed on any stock exchange or quoted on any over-the-counter market or quotation system and there has been no public market for our common stock. We intend to apply to have our common stock listed on the Nasdaq Capital Market under the symbol “[*],” which listing is a condition to this offering. There can be no assurance that our listing application will be approved. For more information see the section “*Risk Factors*.”

As of January 25, 2022, 10,545,251 shares of our common stock were issued and outstanding and were held by 17 stockholders of record.

DIVIDEND POLICY

We have not declared any cash dividends since inception and we do not anticipate paying any dividends in the foreseeable future. Instead, we anticipate that all of our earnings will be used to provide working capital, to support our operations, and to finance the growth and development of our business. The payment of dividends is within the discretion of the Board and will depend on our earnings, capital requirements, financial condition, prospects, applicable Delaware law, which provides that dividends are only payable out of surplus or current net profits, and other factors our Board might deem relevant. There are no restrictions that currently limit our ability to pay dividends on our common stock other than those generally imposed by applicable state law.

CAPITALIZATION

The following table sets forth our consolidated cash and capitalization, as of June 30, 2021. Such information is set forth on the following basis:

- on an actual basis;
- on a pro forma basis to reflect (i) the receipt of cash in the amount of \$2,407,702 from the issuance of the Kainan Note 2, the Chuah Note, the Click Note, the Whitney Bee Note, the World Cloud Note and the Cloudmaxx Note and (ii) the issuance of 232,666 shares of our common stock to Exchange Listing, LLC pursuant to a consulting agreement dated July 1, 2021.
- on a pro forma as adjusted basis to reflect the (i) sale of [*] shares of our common stock by us in this initial public offering at an assumed initial public offering price of \$[*] per share (the midpoint of the price range set forth on the front cover page of this prospectus), after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us and (ii) issuance of 1,403,083 shares of common stock by us upon automatic conversion of our Convertible Notes in connection with the listing of our common stock on Nasdaq and (iii) the issuance of [*] shares of our common stock to Exchange Listing, LLC at the closing of the initial public offering pursuant to anti-dilution protection provided to them in their consulting agreement.

You should read the following table in conjunction with “*Use of Proceeds*,” “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and our financial statements and related notes included in this prospectus.

The pro forma as adjusted information set forth below is illustrative only and will be adjusted based on the actual public offering price and other terms of this offering determined at pricing.

	Actual	Pro Forma as Adjusted ⁽¹⁾ Pro Forma
Cash	\$ 2,843,398	\$ 5,251,100
Short term liabilities, including deferred revenue due within one year	\$ 5,147,782	\$ 5,147,782
Total liabilities	<u>\$ 10,208,305</u>	<u>\$ 12,616,007</u>
Stockholders' equity:		
Common stock, \$0.00001 par value, 150,000,000 shares authorized, 10,312,585 shares issued and outstanding, actual; 150,000,000 shares authorized, 10,545,251 shares issued and outstanding, pro forma; [*] shares issued and outstanding pro forma as adjusted	103	105
Additional paid-in capital	1,504,950	2,779,665
Accumulated deficit	(7,969,726)	(9,244,443)
Accumulated other comprehensive loss	<u>(55,580)</u>	<u>(55,580)</u>
Total stockholders' deficit	<u>(6,520,253)</u>	<u>(6,520,253)</u>
Total capitalization	<u>\$ 3,688,052</u>	<u>\$ 6,107,632</u>

(1) Includes (i) 1,403,083 shares of our common stock that are to be issued upon the listing of our common stock on Nasdaq as a result of the automatic conversion of our Convertible Notes and (ii) [*] shares to be issued to Exchange Listing, LLC, pursuant to anti-dilution protection provided to them in their consulting agreement, but excludes (i) [*] shares of our common stock underlying the underwriter's warrant and (ii) 300,000 shares of our common stock underlying a warrant issued to Exchange Listing, LLC for consulting services.

DILUTION

Purchasers of our common stock in this offering will experience an immediate and substantial dilution in the as adjusted net tangible book value of their shares of common stock. Dilution in as adjusted net tangible book value represents the difference between the public offering price per share and the as adjusted net tangible book value per share of our common stock immediately after the offering.

The historical net tangible book (deficit) value of our common stock as of June 30, 2021, was \$(6,520,253) or \$(0.63) per share. Historical net tangible book value per share of our common stock represents our total tangible assets (total assets less intangible assets) less total liabilities divided by the number of shares of common stock outstanding as of that date. After giving effect to the sale of [*] shares in this offering at an assumed initial public offering price of \$[*] per share (the midpoint of the price range set forth on the front cover page of this prospectus) for net proceeds of approximately \$[*] as if such offering and such share issuances had occurred on June 30, 2021, our pro forma net tangible book value as of June 30, 2021 would have been \$[*] or approximately \$[*] per share of our common stock. This represents an immediate increase in as adjusted pro forma, net tangible book value per share of \$[*] to the existing stockholders and an immediate dilution in as adjusted pro forma net tangible book value per share of \$[*] to new investors who purchase shares of common stock in the offering. The following table illustrates this per share dilution to new investors:

Public offering price per share	\$	
Historical net tangible book value per share as of June 30, 2021	\$	(0.63)
Increase in as adjusted pro forma net tangible book value per share attributable to the offering		
Pro forma net tangible book value (deficit) per share as of June 30, 2021		
Dilution in net tangible book value per share to new investors		

After completion of this offering, our existing stockholders would own approximately [*]% and our new investors would own approximately [*]% of the total number of shares of our common stock outstanding after this offering.

To the extent that outstanding options or warrants are exercised, you will experience further dilution. In addition, we may choose to raise additional capital due to market conditions or strategic considerations even if we believe we have sufficient funds for our current or future operating plans. To the extent that additional capital is raised through the sale of equity or convertible debt securities, the issuance of these securities may result in further dilution to our stockholders.

New Investors		%			

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of our financial condition and results of operations in conjunction with the section headed "Selected Consolidated Financial and Operating Data" and our consolidated financial statements and the related notes included elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results and the timing of selected events could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those set forth under "Risk Factors" and elsewhere in this prospectus.

Overview

Treasure Global Inc. ("TGI", "we", "our", or the "Company") is a holding company incorporated on March 20, 2020, under the laws of the State of Delaware. TGI has no substantive operations other than holding all of the outstanding shares of Gem Reward Sdn. Bhd. ("GEM"), which was established under the laws of the Malaysia on June 6, 2017, through a reverse recapitalization.

Prior to March 11, 2021, TGI and GEM were separate companies under the common control of Darren Tan, which resulted from Mr. Tan's prior 100% ownership of TGI and his prior 100% voting and investment control over GEM pursuant to the Beneficial Shareholding Agreements. For a more detailed description of the Beneficial Shareholding Agreements and Mr. Tan's common control over TGI and GEM see "Prospectus Summary—Corporate Structure."

On March 11, 2021, TGI and GEM were reorganized into a parent subsidiary structure pursuant to the Share Swap Agreement in which TGI exchanged the Swap Shares for all equity of GEM. Pursuant to the Share Swap Agreement, the purchase and sale of the Swap Shares was completed on March 11, 2021, but the issuance of the Swap Shares did not occur until October 27, 2021 when TGI amended its certificate of incorporation to increase the number of its authorized common stock to a number that was sufficient to issue the Swap Shares. As a result of the Share Swap Agreement, (i) GEM became the 100% subsidiary of TGI and Darren Tan no longer had any control over the GEM ordinary shares and (ii) Darren Tan, the Initial GEM Shareholders and Sam Teo owned 100% of the shares of TGI common stock (Darren Tan owning approximately 97%). Subsequent to the date of the Share Swap Agreement, Darren Tan transferred 9,529,002 of his 10,000,000 shares of TGI common stock to 16 individuals and entities and currently owns less than 5% of our common stock.

We have created an innovative O2O e-commerce platform business model offering consumers and merchants instant rebates and affiliate cashback programs, while providing a seamless e-payment solution with rebates in both e-commerce (i.e., online) and physical retailers/merchant (i.e., offline) settings.

Our proprietary product is an App branded “ZCITY App”, which was developed through GEM. The ZCITY App was successfully launched in Malaysia June 2020. GEM is equipped with the know-how and expertise to develop additional/add-on technology-based products and services to complement the ZCITY App, thereby growing its reach and user base.

Through simplifying a user’s e-payment gateway experience, as well as by providing great deals, rewards and promotions with every use, we aim to make the ZCITY App Malaysia’s top reward and loyalty platform. Our longer-term goal is for the ZCITY App and its ever-developing technology to become one of the most well-known commercialized applications more broadly in Southeast Asia and Japan.

As of January 25, 2022 we have on boarded over 1,100,000 registered users and 1,900 registered merchants onto our ZCITY platform.

SEA consumers have access to a plethora of smart ordering, delivery and “loyalty” websites and apps, but in our experience, SEA consumers very rarely receive personalized deals based on their purchases and behavior.

The ZCITY App targets consumer through the provision of personalized deals based on consumers’ purchase history, location and preferences. Our technology platform allows us to identify the spending trends of our customers (the when, where, why, and how much). We are able to offer these personalized deals through the application [of our proprietary] artificial intelligence (or “AI”) technology that scours the available database to identify and create opportunities to extrapolate the greatest value from the data, analyze consumer behavior and roll out attractive rewards-based campaigns for targeted audiences. We believe this AI technology is currently a unique market differentiator for the ZCITY App.

We operate our ZCITY App on the hashtag: “#RewardsOnRewards”. We believe this branding demonstrates to users the ability to spend ZCITY App-based Reward Points (or “RP”) and “ZCITY Cash Vouchers” with discount benefits at checkout. Additionally, users can earn rewards from selected e-Wallet or other payment methods.

ZCITY App users do not require any on-going credit top-up or need to provide bank card number with their binding obligations. We have partnered with Malaysia’s leading payment gateway, IPAY88, for secure and convenient transactions. Users can use our secure platform and enjoy cashless shopping experiences with rebates when they shop with e-commerce and retail merchants through trusted and leading e-wallet providers such as Touch’n Go eWallet, Boost eWallet, GrabPay eWallet and credit card/online banking like the “FPX” (the Malaysian Financial Process Exchange) as well as more traditional providers such as Visa and Mastercard.

Key Factors that Affect Operating Results

We believe the key factors affecting our financial condition and results of operations include the following:

Our Ability to Create Value for Our Users and Generate Revenue.

Our ability to create value for our users and generate our revenues from merchants is driven by the factors described below:

- *Number and volume of transactions completed by our consumers.* Consumers are attracted to ZCITY by the breath of personalized deals/rewards and the interactive user experience our platform offers. The number and volume of transaction completed by our member consumers is affected by our ability to continue to enhance and expand our product and service offerings and improve the user experience.
- *Empowering data and technology.* Our ability to engage our member consumers and empower our merchants and their brands is affected by the breadth and depth of our data insights, such as the accuracy of our members’ shopping preferences, and our technology capabilities and infrastructure, and our continued ability to develop scalable services and upgrade our platform user experience to adapt to the quickly evolving industry trends and consumer preferences.

Our Investment in User Base, Technology, People and Infrastructure.

We have made, and will continue to make, significant investments in our platform to attract consumers and merchants, enhance user experience and expand the capabilities and scope of our platform. We expect to continue to invest in our research and development team as well as in our technology capabilities and infrastructure, which will lower our margins but deliver overall long-term growth.

Impact of the COVID-19 Pandemic

The current outbreak of COVID-19 has globally resulted in the loss of life, business closures, restrictions on travel, and widespread cancellation of social gatherings. The extent to which the COVID-19 pandemic impacts our business will depend on future developments, which are highly uncertain and cannot be predicted at this time, including:

- new information which may emerge concerning the severity of the disease in Southeast Asia (or “SEA”);
- the duration and spread of the outbreak;
- the severity of travel restrictions imposed by geographic areas in which we operate, mandatory or voluntary business closures;
- regulatory actions are taken in response to the pandemic, including MCOs, which may impact merchant operations, consumer and merchant pricing, and our product offerings;
- other business disruptions that affect our workforce;
- the impact on capital and financial markets; and
- action taken throughout the world, including in markets in which we operate, to contain the COVID-19 outbreak or treat its impact.

In addition, the current outbreak of COVID-19 has resulted in a widespread global health crisis and adversely affected global economies and financial markets, and similar public health threats could do so in the future. Such events have impacted, and could in the future impact, demand for merchants and consumer purchase patterns, which in turn, could adversely affect our revenue and results of operations.

Since the onset of the COVID-19 pandemic in March 2020, all our merchant clients have been affected by COVID-19 measures for Food and Beverage (“F&B”) as these measures temporarily stopped restaurant dine-ins.

- Some of our restaurant clients ceased operations permanently and many were closed since June 2020 without any notice of reopening their business to date.
- We may face continuing challenges to onboard new merchant clients.

With the ongoing pandemic, we also face challenges in our operation as follows:

- disruptions of operations in SEA where staff have had to work from home;
- on ground Marketing Strategic for new users onboard, is even more difficult; and
- marketing events being delayed.

The pandemic, however, has also created more advantages for us as follows:

- usage of e-wallet technology has widened and become more common to the general public, people prefer to go cashless and utilize the “Scan and Pay” features ZCITY offers;
- our teams have transitioned from on-ground marketing strategies to digital marketing strategies in order to maintain and boost user recruitment;
- during the pandemic “lockdown phases, our business operations have carried on without significant disruption even as most all of our employees’ work remotely; and

we have taken advantage of the push to digitalization posture taken by the Malaysian government, by providing a platform and channel to meet users daily essential payment needs such as processing bill payments, online shopping vouchers, “gaming pin” and e-wallet top-up vouchers.

In this regard, ZCITY has acted as an aggregator payment gateway, but not a digital wallet itself. We believe the business model has further enhanced user experience and reliance and developed user loyalty to our platform.

We have experienced a slow-down in hiring new personnel. We believe this is due to a downturn in the available human capital in the employment market generally in Malaysia. However, with the existing talents in the organization, everyone is playing their role to fulfil the business need while waiting the vacancies to be filled. Looking forward into the post-pandemic which the talents market may be resume back to normal, we have the detailed plan and putting effort to attract the suitable talents to join us.

The spread of COVID-19 has caused us to modify our business practices, including employee travel, employee work locations in certain cases, and cancellation of physical participation in certain meetings, events and conferences and further actions may be taken as required or recommended by government authorities or as we determine are in the best interests of our employees, customers and other business partners. Pandemic period is challenging, yet ZCITY is able to generate more sales revenue through virtual meeting and training to our business partners and potential market. We are monitoring the global outbreak of the pandemic, in SEA.

Because of the uncertainty surrounding the COVID-19 outbreak, the financial impact related to the outbreak of and response to the COVID-19 cannot be reasonably estimated at this time.

Key Operating Metrics

Our management regularly review a number of metrics to evaluate our business, measure our performance, identify trends, formulate financial projections and make strategic decisions. The main metrics we consider, and our results for each quarter during the years ended June 30, 2021, are set forth in the table below:

	For the three months ended September 30, 2020	For the three months ended December 31, 2020	For the three months ended March 31, 2021	For the three months ended June 30, 2021
Number of new registered user	14,336	44,532	281,470	262,784
Number of active users ⁽¹⁾	2,945	42,225	300,270	347,596
Number of new participating merchants	371	613	651	270

(1) active users are users who have logged into the ZCITY App at least once

	As of September 30, 2020	As of December 31, 2020	As of March 31, 2021	As of June 30, 2021
Accumulated registered users	14,336	58,868	340,338	603,122
Accumulated Participating merchants	371	984	1,635	1,905

We have experienced substantial growth in registered users and active users since we launched ZCITY platform in June 2020. For the year ended June 30, 2021, we recorded 603,122 register users and 341,219 active users from ZCITY platform. Our average percentage of growth of register and active users throughout the quarters during the year ended June 30, 2021 was 288.7% and 639.2%, respectively. However, the average percentage of growth of registered and active user decreased in the fourth quarter, ended June 30, 2021 compare with previous two quarters during the year ended June 30, 2021 which was a result of the resurgence of COVID-19 outbreak and the imposition by the Malaysian Government of a Movement Control Order (“MCO”) in May and June of 2021 as the majority of our participating merchants are restaurant owners or service providers and required the spending from our participating members to be in person. Despite the negative impact of the COVID-19 resurgence, we expect our product and loyalty program revenue to continue to grow for the fiscal year ended June 30, 2022 and beyond as a growing proportion of the Malaysian population have been fully vaccinated and we expect to continue to attract more people to engage with our platform.

Results of Operation

For the years ended June 30, 2021 and 2020

Revenue

Our breakdown of revenues by categories for the years ended June 30, 2020 and 2021, respectively, is summarized below:

	For the Years Ended				Change
	June 30,				
	2021	%	2020	%	%
Product and loyalty program revenue	\$ 13,889,370	99.1%	\$ -	-%	100.0%
Transaction revenue	30,562	0.2%	-	-%	100.0%
Agent subscription revenue	100,421	0.7%	29,374	11.0%	241.9%
I.T professional service revenue	-	-%	238,792	89.0%	(100.0)%
Total revenues	\$ 14,020,353	100.0%	\$ 268,166	100.0%	(5,128.2)%

Total revenues increased by approximately \$13.8 million or 5,128.2% to approximately \$14.0 million for the year ended June 30, 2021 from approximately \$0.3 million for the year ended June 30, 2020. The increase was mainly attributable to the launch of our O2O e-commerce platform known as “ZCITY” platforms in June 2020 which allows us to monetize newly developed revenue streams including product revenue, loyalty program revenue, transaction revenue and agent subscription revenue. The change for each revenue stream was as follows:

Product and loyalty program revenue

Product revenue was generated through sales of our e-voucher or other product through our ZCITY platform while loyalty program revenue was recognized when our customers redeem their previously earned loyalty point from our loyalty program or upon expiration of the loyalty point. We have experienced exponential growth in register users and active users since we launched our ZCITY platform in June 2020. For the year ended June 30, 2021, we recorded 603,122 register users and 341,219 active users from ZCITY platform. Our average percentage of growth of register and active users throughout the quarters during the year ended June 30, 2021 was approximately 288.7% and 639.2%, respectively. However, the average percentage of growth of register and active user was decreased in the quarter ended June 30, 2021 compare with previous two quarters during the year ended June 30, 2021 which was resulted from the resurgence of COVID-19 outbreak and MCO in May and June of 2021 as majority of our participated merchants are restaurant owners or service providers and required the spending from our participated members to be in person. Despite the negative impact of COVID-19 resurgence, we expect our product and loyalty program revenue continued to grow for the fiscal year ending June 30, 2022 and beyond as more population in the Malaysia have been fully vaccinated and we will continue to attract more people to engage with our platform.

Transaction revenue

The transactions revenue primarily consists of fees charged to merchants for participating in our ZCITY platform upon successful sales transaction and payment service taken place between the merchants and their customers online. As of June 30, 2021, we have engaged with 1,905 local merchants to connect them with their customers through our ZCITY platform. Our average percentage of growth of new merchants was 82.6% throughout the quarters during the year ended June 30, 2021. Even though we experience slowdown in adding new merchants to our platform during the last quarter of the year ended June 30, 2021, as a result of resurgence of COVID-19, we expect more local merchants will join us due to our fast-growing user base as soon as the COVID-19 restriction eased.

Agent subscription revenue

Agent subscription revenue primarily consist of fees charged to the agents in exchange for right by introducing merchants to join our merchant network and to earn a future fixed percentage of commission fee upon completion of each sales transaction between the referred merchants and their customers. Agent subscription revenue was increased by approximately \$71,000 or 241.9% to approximately \$0.1 million for the year ended June 30, 2021 from approximately \$29,000 for the year ended June 30, 2020. The increase was a result of increase of 296 agents subscribed to our Z-agent program when we first launched in June 2020.

I.T professional service revenue

I.T professional service revenue primarily consist of server assembling and I.T consulting service. Revenue from I.T professional service was decreased 100% for the year ended June 30, 2021 as we have shifted our focus to our aforementioned revenue streams in our ZCITY platform when we first launched it in June 2020. We expect our I.T professional service revenue continue to remain an insignificant portion of our revenue moving forward.

Cost of Revenue

Our breakdown of cost of revenues by categories for the years ended June 30, 2021 and 2020, respectively, is summarized below:

	For the Year Ended June 30,		Change %
	2021	2020	
Product and loyalty program revenue	\$ 13,880,408	\$ -	100.0%
I.T professional service revenue	-	225,173	(100.0)%
Total revenues	<u>\$ 13,880,408</u>	<u>\$ 225,173</u>	6,064.3%

Cost of revenues mainly consist of the purchases of the gift card or "E-voucher" pin code which is directly attributable to our product revenue. Cost of revenue also consists of third-party contractor fee which related to our I.T professional service revenue. Total cost of revenue increased by approximately \$13.7 million or 6,064.3% to approximately \$13.9 million for the year ended June 30, 2021 from approximately \$0.2 million for the year ended June 30, 2020. The increase was in line with our increase in revenue as we launched our ZCITY platform at the end of June 2020.

Gross Profit

Our gross profit from our major revenue categories is summarized as follows:

	For the year Ended June 30, 2021		For the year Ended June 30, 2020		Change	Percentage Change
Product and loyalty program revenue						
Gross profit	\$ 8,962	\$	-	\$	8,962	100.0%
Gross margin	0.1%		-		0.1%	
Transaction revenue						
Gross profit	\$ 30,562	\$	-	\$	30,562	100.0%
Gross margin	100.0%		-		100.0%	
Agent subscription revenue						
Gross profit	\$ 100,421	\$	29,374	\$	71,047	241.9%
Gross margin	100.0%		100.0%		-	
I.T professional service revenue						
Gross profit	\$ -	\$	13,619	\$	(13,619)	(100.0)%
Gross margin	-		5.7%		(5.7)%	
Total						
Gross profit	\$ 139,945	\$	42,993	\$	96,952	225.5%
Gross margin	1.0%		16.0%		15.0%	

Gross profit for the year ended June 30, 2021 amounted to approximately \$140,000 as compared to \$43,000 for the year ended June 30, 2020. Gross margin was approximately 1.0% and 16.0% for the years ended June 30, 2021 and 2020, respectively. The increase in gross profit was mainly due to increase of revenue in product and loyalty revenue, transaction revenue, and agent subscription revenue as result of the launch of our ZCITY platform in June 2020. The decrease in gross margin was mainly due to product and loyalty revenue possessed lower percentage gross margin as our strategy of providing competitive discount to attract more users to sign up with our platform.

Operating Expenses

Our operating expenses consist of selling expenses, general and administrative expenses, and research and development expenses.

Selling expenses

Selling expenses for the years ended June 30, 2021 and 2020 amounted to approximately \$3.0 million and \$46,000, respectively. Representing an increase of approximately \$3.0 million or 6,505.0%. The increase was mainly due to increase in marketing and promotion expense of approximately \$2.6 million related to promote our ZCITY platform and eventually attract more people to sign up as member.

General and administrative expense

General and administrative expenses for the years ended June 30, 2021 and 2020 amounted to approximately \$4.2 million and \$53,000, respectively. Representing an increase of approximately \$4.2 million or 8,002.5%. The increase was mainly due to increase of professional fee and independent director fee of approximately \$3.6 million as we are in the process of initial public offering to be listed in the United States. In addition, the increase was also due to an increase of approximately \$0.4 million in salaries and employee benefits expenses and approximately \$0.2 million in other miscellaneous general and administrative expenses as a result of expansion of our business operation after the launch of our ZCITY platform.

Research and development expenses

Research and development expense amounted to approximately \$0.4 million and \$55,000 for the years ended June 30, 2021 and 2020, respectively. Representing an increase of approximately \$0.4 million or 686.2%. The increase was mainly due to we increase our spending in website and mobile application developing in order to better provide user experience to our customers, and eventually attract more people to sign up for our ZCITY platform.

Other Expense, net

Other expense, net amounted to approximately \$327,000 and \$0 for the years ended June 30, 2021 and 2020, respectively. Representing an increase of approximately \$327,000 or 100%. The increase was mainly attribute to the issuances of our convertible notes during the year ended June 30, 2021, which incurred interest expense of approximately \$163,000 and amortization of debt discount of approximately \$239,000. The increase was offset by the increase of other income, net of approximately \$75,000 during the year ended June 30, 2021 as compared to the same period in 2020.

Provision for Income Taxes

Provision for income tax were amount to \$2,000 and \$0 for the years ended June 30, 2021 and 2020. The increase was attribute to \$2,000 tax imposed on Treasure Global Inc. from state of Delaware, as we are required to remit franchise tax to state of Delaware on annual basis.

Net Loss

Our net loss increased by approximately \$7.8 million from approximately \$0.1 million for the year ended June 30, 2020 to approximately \$7.9 million for the year ended June 30, 2021, predominately due to reasons as discussed above.

TGI also subject to controlled foreign corporations Subpart F income (“Subpart F”) tax, which is a tax primarily on passive income from controlled foreign corporations with a tax rate of 35%. In addition, the Tax Cuts and Jobs Act imposed a global intangible low-taxed income (“GILTI”) tax, which is a tax on certain off-shore earnings at an effective rate of 10.5% for tax years (50% deduction of the current enacted tax rate of 21%) with a partial offset for 80% foreign tax credits. If the foreign tax rate is 13.125% or higher, there will be no U.S. corporate tax after the 80% foreign tax credits are applied.

For the years ended June 30, 2021 and 2020, our foreign subsidiaries did not generate any income that are subject to Subpart F tax and GILTI tax.

Liquidity and Capital Resources

In assessing liquidity, we monitor and analyses cash on-hand and operating expenditure commitments. Our liquidity needs are to meet working capital requirements and operating expense obligations. To date, we financed our operations primarily through cash flows from contribution from shareholders, issuance of convertible notes and related party loans.

As of June 30, 2021, we had approximately \$2.8 million in cash and cash equivalent which primarily consists of bank deposits, which are unrestricted as to withdrawal and use. We have a working capital deficit of approximately \$1.6 million at June 30, 2021, approximately \$4.0 million of payable to related parties which are due on demand. However, we do not expect our related parties to request the on-demand payment we need to use the operating fund to fulfill our operation needs. Therefore, our working capital, excluding payable to related party, was approximately \$2.4 million.

If we are unable to generate sufficient cash flow within the normal operating cycle of a twelve-month period to pay for our future payment obligations, we may have to consider supplementing its available sources of funds through the following sources:

- Obtaining other available sources of financing from Malaysia banks and other financial institutions;
- issuance of additional convertible notes;

- financial support from the Company's related parties and shareholders; and
- obtaining funds through a future initial public offering.

Based on the above considerations, our management is of the opinion that we probably not having sufficient funds to meet the working capital requirements and debt obligations as they become due starting from one year from the date of this prospectus.

In addition, we issued the following Convertible Notes subsequent to June 30, 2021:

On July 29, 2021 we issued a Convertible Redeemable Note in the principal amount of \$236,462.52 to Kainan Resources Sdn Bhd, a Malaysian private limited company (the "Kainan Note 2"). The Kainan Note 2 is convertible by the Company in full, but not in part, into 34,270 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Kainan Note 2 is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Kainan Note 2 is prepayable at any time.

On September 22, 2021 we issued a Convertible Redeemable Note in the principal amount of \$240,442.41 to Chuah Su Mei, an existing stockholder of the Company (the "Chuah Note"). The Chuah Note is convertible by the Company in full, but not in part, into 34,847 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Chuah Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Chuah Note is prepayable at any time.

On October 20, 2021 we issued a Convertible Redeemable Note in the principal amount of \$120,235.66 to Click Development Berhad, a Malaysian company and an existing stockholder of the Company (the "Click Note"). The Click Note is convertible by the Company in full, but not in part, into 17,425 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Click Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Click Note is prepayable at any time.

On November 4, 2021 we issued a Convertible Redeemable Note in the principal amount of \$120,555.15 to Whitney Tan Ann Bee, an existing stockholder of the Company (the "Whitney Bee Note"). The Whitney Bee Note is convertible by the Company in full, but not in part, into 17,472 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Whitney Bee Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Whitney Bee Note is prepayable at any time.

On November 4, 2021 we issued a Redeemable Convertible Note in the principal amount of \$1,013,106.38 to Repro Solution Sdn Bhd, a Malaysian private limited company and an existing stockholder of the Company (the "Repro Note 2"). The Repro Note 2 is convertible by the Company in full, but not in part, into 146,827 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Repro Note 2 is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Repro Note 2 is prepayable at any time.

On November 5, 2021 we issued a Convertible Redeemable Note in the principal amount of \$108,590.73 to World Cloud Ventures Sdn Bhd, a Malaysian private company and an existing stockholder of the Company (the "World Cloud Note"). The World Cloud Note is convertible by the Company in full, but not in part, into 15,738 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The World Cloud Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The World Cloud Note is prepayable at any time. Jau Long "Jerry" Ooi, a Vice President of the Company owns 50% of the equity of World Cloud Ventures Sdn. Bhd.

On January 3, 2022 we issued a Convertible Redeemable Note in the principal amount of \$568,308.87 to Cloudmaxx Sdn Bhd, a Malaysian private company (the “Cloudmaxx Note”). The Cloudmaxx Note is convertible by the Company in full, but not in part, into 82,363 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Cloudmaxx Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. Jau Long “Jerry” Ooi, a Vice President of the Company owns 30% of the equity of Cloudmaxx Sdn. Bhd.

For further details of who the above-described Convertible Notes were issued to, see *Prospectus Summary—Recent Developments—Financings.*”

The following summarizes the key components of our cash flows for the years ended June 30, 2021 and 2020:

	For the Years Ended	
	June 30, 2021	June 30, 2020
Net cash used in operating activities	\$ (6,797,648)	\$ (489,304)
Net cash used in investing activities	(84,850)	(342)
Net cash provided by financing activities	9,796,905	493,865
Effect of exchange rate on cash and cash equivalents	(71,381)	(3,869)
Net change in cash and cash equivalents	<u>\$ 2,843,026</u>	<u>\$ 350</u>

Operating activities

Net cash used in operating activities for the year ended June 30, 2021 was approximately \$6.8 million and were mainly comprised of the net loss of approximately \$7.9 million, increase of inventories of approximately \$0.4 million as we need to stock up the gift card or “E-voucher” after the launch of our ZCITY platform for resale and the increase in prepayments of approximately \$0.2 million as our vendors required us to make more deposits to secure our E-voucher purchases. The net cash used in operating activities was mainly offset by the amortization of debt discount of approximately \$0.2 million, the decrease in other receivable and other current assets of approximately \$0.5 million as we collected back our security deposits during the period, the increase in accounts payable (including related parties) of approximately \$0.2 million, the increase in customer deposits (including related parties) of approximately \$0.3 million, and the increase in other payables and accrued liability of approximately \$0.5 million mainly related to the unredeemed portion of the reward point.

Net cash used in operating activities for the year ended June 30, 2020 was approximately \$0.5 million and was mainly comprised of our net loss of approximately \$0.1 million and the increase in other receivables and other current assets of approximately \$0.5 million as our software developer required us to make security deposits prior to the start of their services. The net cash used in operating activities was mainly offset by the increase in other payables and accrued liability of approximately \$0.1 million mainly related to the accrued professional expenses.

Investing activities

Net cash used in investing activities for the year ended June 30, 2021 was approximately \$85,000, which was in respect of purchase of equipment for our operations.

Net cash used in investing activities for the year ended June 30, 2020 was approximately \$300, which was in respect of purchase of equipment for our operations.

Financing activities

Net cash provided by financing activities for the year ended June 30, 2021 was approximately \$9.8 million, which were mainly comprised of capital contributions received from the shareholders of approximately \$0.2 million, proceeds received from the issuance of convertible note and senior note of approximately \$5.5 million and proceeds borrowed from our related parties of approximately \$4.0 million.

Net cash provided by financing activities for the year ended June 30, 2020 was approximately \$0.5 million, which were mainly comprised of capital contributions received from the shareholders of approximately \$0.5 million, and proceeds borrowed from our related parties of approximately \$15,000.

Off-Balance Sheet Arrangements

As of June 30, 2021, we have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to our stockholders.

Critical Accounting Policies and Estimate

Basis of presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for information pursuant to the rules and regulations of the Securities Exchange Commission (“SEC”), and include all normal and recurring adjustments that management considers necessary for a fair presentation of its financial position and operation results.

Use of estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements and the reported amounts of revenues and expenses during the periods presented. Significant accounting estimates reflected in our consolidated financial statements include allowance for doubtful accounts, allowance for inventories obsolescence, useful lives of property and equipment, impairment of long-lived assets, allowance for deferred tax assets, fair value of convertible note and uncertain tax position. Actual results could differ from these estimates.

Foreign currency translation and transaction

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the Consolidated Statements of Operations and Comprehensive Loss.

The reporting currency of the Company is United States Dollars (“US\$”) and the accompanying financial statements have been expressed in US\$. The Company’s subsidiary in Malaysia conducts its businesses and maintains its books and record in the local currency, Malaysian Ringgit (“MYR” or “RM”), as its functional currency.

In general, for consolidation purposes, assets and liabilities of its subsidiaries whose functional currency is not US\$ are translated into US\$, in accordance with ASC Topic 830-30, “*Translation of Financial Statement*”, using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the period. The gains and losses resulting from translation of financial statements of foreign subsidiary are recorded as a separate component of accumulated other comprehensive loss within the statements of stockholders’ equity. Cash flows are also translated at average translation rates for the periods, therefore, amounts reported on the statement of cash flows will not necessarily agree with changes in the corresponding balances on the consolidated balance sheets.

Cash and cash equivalent

Cash is carried at cost and represent cash on hand, time deposits placed with banks or other financial institutions and all highly liquid investments with an original maturity of three months or less. Cash equivalent consist of funds received from customer, which funds were held at the third-party platform’s fund account and which are unrestricted and immediately available for withdrawal and use.

Accounts receivable, net

Accounts receivable are recorded at the invoiced amount less an allowance for any uncollectible accounts and do not bear interest, which are due after 30 days. Accounts receivable include money due from agent subscription and other professional service revenue. Management reviews the adequacy of the allowance for doubtful accounts on an ongoing basis, using historical collection trends and aging of receivables. Management also periodically evaluates individual customer's financial condition, credit history, and the current economic conditions to make adjustments in the allowance when it is considered necessary. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Our management continues to evaluate the reasonableness of the valuation allowance policy and update it if necessary.

Inventories

Inventories are stated at the lower of cost or net realizable value, cost being determined on a first-in-first-out method. Costs include gift card or "E-voucher" pin code which are purchased from our suppliers as merchandized goods or store credit. Management compares the cost of inventories with the net realizable value and if applicable, an allowance is made for writing down the inventory to its net realizable value, if lower than cost. On an ongoing basis, inventories are reviewed for potential write-down for estimated obsolescence or unmarketable inventories which equals the difference between the costs of inventories and the estimated net realizable value based upon forecasts for future demand and market conditions. When inventories are written-down to the lower of cost or net realizable value, it is not marked up subsequently based on changes in underlying facts and circumstances.

Other receivables and other current assets, net

Other receivables and other current assets primarily include refundable advance to third party service provider and other deposits. Management regularly reviews the aging of receivables and changes in payment trends and records allowances when management believes collection of amounts due are at risk. Accounts considered uncollectable are written off against allowances after exhaustive efforts at collection are made.

Prepayments

Prepayments and deposits are mainly cash deposited or advanced to suppliers for future inventory purchases. This amount is refundable and bears no interest. For any prepayments determined by management that such advances will not be in receipts of inventories, services, or refundable, we will recognize an allowance account to reserve such balances. Management reviews its prepayments on a regular basis to determine if the allowance is adequate, and adjusts the allowance when necessary. Delinquent account balances are written-off against allowance for doubtful accounts after management has determined that the likelihood of collection is not probable. Our management continues to evaluate the reasonableness of the valuation allowance policy and update it if necessary.

Property and equipment, net

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets with no residual value. The estimated useful lives are as follows:

	Expected useful lives
Motor vehicles	5 years
Office equipment	5 years
Furniture and fixtures	5 years

The cost and related accumulated depreciation of assets sold or otherwise retired are eliminated from the accounts and any gain or loss is included in the consolidated statements of income and comprehensive income. Expenditures for maintenance and repairs are charged to earnings as incurred, while additions, renewals and betterments, which are expected to extend the useful life of assets, are capitalized. We also re-evaluate the periods of depreciation to determine whether subsequent events and circumstances warrant revised estimates of useful lives.

Impairment for long-lived assets

Long-lived assets, including property and equipment, and intangible assets with finite lives are reviewed for impairment whenever events or changes in circumstances (such as a significant adverse change to market conditions that will impact the future use of the assets) indicate that the carrying value of an asset may not be recoverable. We assessed the recoverability of the assets based on the undiscounted future cash flows the assets are expected to generate and recognize an impairment loss when estimated undiscounted future cash flows expected to result from the use of the asset plus net proceeds expected from disposition of the asset, if any, are less than the carrying value of the asset. If an impairment is identified, we would reduce the carrying amount of the asset to its estimated fair value based on a discounted cash flows approach or, when available and appropriate, to comparable market values.

Customer deposits

Customer deposits represent amounts advanced by customers on service order. Customer deposits are reduced when the related sale is recognized in accordance with our revenue recognition policy.

Revenue recognition

We adopted Accounting Standards Update (“ASU”) 2014-09, Revenue from Contracts with Customers (ASC Topic 606) for all periods presented. The core principle underlying the revenue recognition of this ASU allows us to recognize - revenue that represents the transfer of goods and services to customers in an amount that reflects the consideration to which we expect to be entitled in such exchange. This will require us to identify contractual performance obligations and determine whether revenue should be recognized at a point in time or over time, based on when control of goods and services transfers to a customer.

To achieve that core principle, we apply five-step model to recognize revenue from customer contracts. The five-step model requires that we (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, including variable consideration to the extent that it is probable that a significant future reversal will not occur, (iv) allocate the transaction price to the respective performance obligations in the contract, and (v) recognize revenue when (or as) we satisfy the performance obligation.

We account for a contract with a customer when the contract is committed in writing, the rights of the parties, including payment terms, are identified, the contract has commercial substance and consideration is probable of substantially collection.

Revenue recognition policies for each type of revenue stream are as follows:

Product Revenues

- Performance obligations satisfied at a point in time

We primarily sell discounted gift cards from retailers and computer products through individual orders directly through our online marketplace platform and its mobile application (“Z-City”). We account for the revenue generated from our sales of gift cards and computer products on a gross basis as we are acting as a principal in these transactions and are responsible for fulfilling the promise to provide these goods. In making this determination, we assess whether we are primarily obligated, subject to inventory risk or have latitude in establishing prices. We recognize the sales of gift card and computer products revenue when the control of the specified goods is transferred to the customer. No refund or return policy is provided to the customer.

Loyalty Program

- Performance obligations satisfied over time

Our Z-City reward loyalty program allows members to earn points on purchases that can be redeemed for rewards that include discounts on future purchases. When members purchase our product or make purchase with our participated vendor through Z-City, we allocate the transaction price between the product or service, and the loyalty points earned based on the relative stand-alone selling prices and expected point redemption. The portion allocated to the loyalty points is initially recorded as contract liability and subsequently recognized as revenue upon redemption or expiration.

The two primary estimates utilized to record the contract liability for loyalty points earned by members are the estimated retail price per point and estimated breakage. The estimated retail price per point is based on the actual historical retail prices of product purchased or service obtained through the redemption of loyalty points. We estimate breakage of loyalty points based on historical redemption rates. We continually evaluate its methodology and assumptions based on developments in retail price per point redeemed, redemption patterns and other factors. Changes in the retail price per point and redemption rates have the effect of either increasing or decreasing the contract liability through current period revenue by an amount estimated to represent the retail value of all points previously earned but not yet redeemed by loyalty program members as of the end of the reporting period.

Transactions Revenue

- Performance obligations satisfied at a point in time

The transactions revenues primarily consist of fees charged to merchants for participating in Z-City upon successful sales transaction and payment service taken place between the merchants and their customers online.

We earn transaction revenue from merchants when transactions are completed on certain retail marketplaces. Such revenue is generally determined as a percentage based on the value of merchandise or services being sold by the merchants. In connection with the transaction revenue, we are required to share the profit on the transactions (“agent commission”) to the agents who have referred merchants to participate in our online marketplace platform and in Z-City. Transaction revenue is recognized, net of agent commission, in the consolidated statements of operations at the time when the underlying transaction is completed.

Agent Subscription Revenue

- Performance obligations satisfied at a point in time

In order to attract more merchants to join our online marketplace and Z-City, we invite agents, an individual or a merchant, to join the Zagent program and assist us in developing more merchants to join our merchant network. The agent subscription revenues primarily consist of fees charged to the agents in exchange for the right to introduce merchants to join our merchant network and earn a future fixed percentage of commission fee upon completion of each sales transaction between the referred merchants and their customers. As the agent subscription fee is non-refundable, agent subscription revenue is recognized in the consolidated statements of operations at the time an agent completes the Zagent program training and the remittance of payment of the subscription fee.

I.T Professional Service Revenue

- Performance obligations satisfied at a point in time

We also generate revenue from I.T professional service revenue which included server assembling and I.T consulting service where a separate contract is entered into with the customers. We bear a single performance obligation in the transaction of providing IT professional service to the customer. We recognize revenue upon completion of a service performed at a point in time when the single performance obligation is satisfied and we have the right to receive payment for the services rendered.

Cost of revenues

Cost of revenues sold mainly consist s of the purchases of the gift card or “E-voucher” pin code which is directly attributable to the sales of gift card or “E-voucher” pin code.

Research and development

Research and development expenses include salaries and other compensation-related expenses to our research and product development personnel, and related expenses for our research and product development team.

Income taxes

We account for income taxes in accordance with U.S. GAAP for income taxes. The charge for taxation is based on the results for the fiscal year as adjusted for items, which are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred taxes are accounted for using the asset and liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax basis used in the computation of assessable tax profit. In principle, deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilized. Deferred tax is calculated using tax rates that are expected to apply to the period when the asset is realized or the liability is settled. Deferred tax is charged or credited in the income statement, except when it is related to items credited or charged directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Current income taxes are provided for in accordance with the laws of the relevant taxing authorities.

An uncertain tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded.

Treasure Global Inc. is incorporated in the State of Delaware and is required to pay franchise taxes to the State of Delaware on an annual basis.

We conduct much of our business activities in Malaysia and is subject to tax in its jurisdiction. As a result of its business activities, we will file separate tax returns that are subject to examination by the foreign tax authorities.

Comprehensive income (loss)

Comprehensive income (loss) consists of two components, net income (loss) and other comprehensive income (loss). Other comprehensive income (loss) refers to revenue, expenses, gains and losses that under GAAP are recorded as an element of stockholders’ equity but are excluded from net income. Other comprehensive income (loss) consists of a foreign currency translation adjustment resulting from us not using the U.S. dollar as its functional currencies.

Earnings (loss) per share

We compute earnings (loss) per share (“EPS”) in accordance with ASC 260, “Earnings per Share”. ASC 260 requires companies to present basic and diluted EPS. Basic EPS is measured as net income divided by the weighted average ordinary share outstanding for the period. Diluted EPS presents the dilutive effect on a per share basis of the potential ordinary shares (e.g., convertible securities, options and warrants) as if they had been converted at the beginning of the periods presented, or issuance date, if later. Potential ordinary shares that have an anti-dilutive effect (i.e., those that increase income per share or decrease loss per share) are excluded from the calculation of diluted EPS.

Convertible notes

We evaluate our convertible notes to determine if those contracts or embedded components of those contracts qualify as derivatives. The result of this accounting treatment is that the fair value of the embedded derivative is recorded at fair value each reporting period and recorded as a liability. In the event that the fair value is recorded as a liability, the change in fair value is recorded in the statements of operations as other income or expense.

In circumstances where the embedded conversion option in a convertible instrument is required to be bifurcated and there are also other embedded derivative instruments in the convertible instrument that are required to be bifurcated, the bifurcated derivative instruments are accounted for as a single, compound derivative instrument.

If the conversion features of conventional convertible debt provide for a rate of conversion that is below market value at issuance, this feature is characterized as a beneficial conversion feature ("BCF"). A BCF is recorded by us as a debt discount pursuant to ASC Topic 470-20 "Debt with Conversion and Other Options." In those circumstances, the convertible debt is recorded net of the discount related to the BCF, and we amortize the discount to interest expense, over the life of the debt.

Fair value measurements

Fair value is defined as the price that would be received for an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. When determining the fair value measurements for assets and liabilities, we consider the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability. The following summarizes the three levels of inputs required to measure fair value, of which the first two are considered observable and the third is considered unobservable:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value for certain assets and liabilities such as cash, accounts receivable, inventories, other receivables and other current assets, prepayments, accounts payable, customers deposits, other payables and accrued liabilities have been determined to approximate carrying amounts due to the short maturities of these instruments. We believe that its bank loans and convertible notes approximates fair value based on current yields for debt instruments with similar terms.

Related parties

Parties, which can be a corporation or individual, are considered to be related if we have the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

Recent Accounting Pronouncements

See Note 2 of the notes to the consolidated financial statements included elsewhere in this prospectus for a discussion of recently issued accounting standards.

BUSINESS

Our Mission:

Our mission is to bring together the worlds of online e-commerce and offline physical retailers; widening consumer choice and rewarding loyalty, while sustaining and enhancing our earning potential.

Our Company

We have created an innovative online-to-offline (“O2O”) e-commerce platform business model offering consumers and merchants instant rebates and affiliate cashback programs, while providing a seamless e-payment solution with rebates in both e-commerce (i.e., online) and physical retailers/merchant (i.e., offline) settings.

Our proprietary product is an internet application (or “App”) branded “ZCITY App”, which was developed through our wholly owned subsidiary, Gem Reward Sdn Bhd. (“GEM”). The ZCITY App was successfully launched in Malaysia in June 2020. GEM is equipped with the know-how and expertise to develop additional/add-on technology-based products and services to complement the ZCITY App, thereby growing its reach and user base.

Through simplifying a user’s e-payment gateway experience, as well as by providing great deals, rewards and promotions with every use, we aim to make the ZCITY App Malaysia’s top reward and payment gateway platform. Our longer-term goal is for the ZCITY App and its ever-developing technology to become one of the most well-known commercialized applications more broadly in Southeast Asia and Japan.

As of January 25, 2022, we had over 1,100,000 registered users and over 1,900 registered merchants.

Corporate Structure

Treasure Global, Inc. is a Delaware corporation that was incorporated on March 20, 2020. We issued 10,000,000 shares to Darren Tan, our founder and former Chief Executive Officer on July 1, 2020, who as a result became our sole shareholder. As of January 25, 2022, we had a total of 48 full time employees

Gem Reward Sdn Bhd. (“GEM”), a Malaysia private limited company was incorporated on June 6, 2017. Prior to the incorporation of GEM, Darren Tan entered into a Beneficial Shareholding Agreement (“Beneficial Shareholding Agreement 1”) with two individuals, one of which is a vice president of the Company (the “Initial GEM Shareholders”), which provided for the Initial Shareholders to hold the GEM shares issued to them in equal amounts and for the sole benefit of Darren Tan and provided Darren Tan with control over the voting and disposition over such shares as well as control over the issuance of additional GEM shares in consideration for equity in a company that had not been determined on the date of Beneficial Shareholding Agreement 1. On November 10, 2020, Darren Tan instructed the Initial GEM Shareholders to issue 1 million additional GEM shares to shares to Sam Teo, currently our Chief Executive Officer, and as a result each Initial GEM Shareholder and Sam Teo held 1 million shares of GEM. On November 10, 2020 Sam Teo entered into a Beneficial Shareholding Agreement with Darren Tan with terms similar to Beneficial Shareholding Agreement 1 (“Beneficial Shareholding Agreement 2”) and together with the Beneficial Shareholding Agreement 1, “Beneficial Shareholding Agreements”). As a result of Darren Tan’s 100% ownership of our common stock and the Beneficial Shareholding Agreements, TGI and GEM were both under the sole control of Darren Tan.

TGI and GEM were reorganized into a parent subsidiary structure pursuant to a Share Swap Agreement, dated March 11, 2021, as amended on March 11, 2021 among TGI, the Initial GEM Shareholders and Sam Teo (the “Share Swap Agreement”), in which TGI exchanged 321,585 shares of its common stock (the “Swap Shares”) for all equity of GEM. Pursuant to the Share Swap Agreement, the purchase and sale of the Swap Shares was completed on March 11, 2021, but the issuance of the Swap Shares did not occur until October 27, 2021 when TGI amended its certificate of incorporation to increase the number of its authorized common stock to a number that was sufficient to issue the Swap Shares. As a result of the Share Swap Agreement, (i) GEM became the 100% subsidiary of TGI and Darren Tan no longer had any control over GEM’s ordinary shares; and (ii) Darren Tan, the Initial GEM Shareholders and Sam Teo owned 100% of the TGI common stock (Darren Tan owning 97%). Subsequent to the date of the Share Swap Agreement, Darren Tan transferred 9,529,002 of his 10,000,000 shares of TGI common stock to 16 individuals and entities and currently owns less than 5% of our common stock.

We operate solely through GEM. GEM owns all intellectual property rights to copyrightable, patentable, and other protectable intangible assets relating to our business, including trademarks.

Corporate Information

Our principal executive offices are located at 276 5th Avenue, Suite 704 #739, New York, New York 10001 and 45, Jalan USJ21/10 USJ 21 47640 Subang Jaya Selangor, Malaysia. Our corporate website address is <https://treasureglobal.co>. Our ZCITY website address is <https://zcity.io>.

Market Opportunity

We expect that continued strong economic expansion, robust population growth, rising level of urbanization, the emergence of the middle class and the increasing rate of adoption of mobile technology provide market opportunities for our Company in South East Asia (“SEA”). SEA is a large economy and, as of 2020, its gross domestic product (“GDP”) was US\$3.08 trillion¹⁵. In comparison, the respective GDP for both the European Union (“EU”) and the United States (“US”) totaled US\$15 trillion and US\$20.89 trillion¹⁶ in 2020. SEA has experienced rapid economic growth rates in recent years, far exceeding growth in major world economies such as Japan, the EU and the US. According to the IMF, Malaysia’s GDP growth averaged more than 4.3% from 2016 to 2019, but contracted by 6.0% in 2020 due to the COVID-19 pandemic and is expected to average 5.7% growth for the next five years (including 2021).¹⁷ The GDP of Malaysia amounted to US\$337 billion in 2020 and is projected to reach approximately US\$500 billion by 2025.¹⁸

SEA continues to enjoy robust population growth. The United Nations Population Division estimates that the population of the SEA countries in 2000 was approximately 525 million people growing to 668 million in 2020. According to the World Bank, Malaysia had a population of approximately 32 million people in 2020 compared to 23 million people in 2000.¹⁹

¹⁵ <https://www.statista.com/statistics/796245/gdp-of-the-asean-countries/>

¹⁶ <https://www.statista.com/statistics/263591/gross-domestic-product-gdp-of-the-united-states/>

¹⁷ <https://www.imf.org/en/News/Articles/2021/03/17/pr2172-malaysia-imf-executive-board-concludes-2021-article-iv-consultation-with-malaysia>

¹⁸ IMF Staff Report March 2021

¹⁹ <https://www.worldometers.info/world-population/south-eastern-asia-population/>, <https://www.worldometers.info/world-population/malaysia-population/>
<https://data.worldbank.org/indicator/SP.POP.TOTL?locations=MY>

A high percentage of Malaysians have lived in cities for the last decade and that percentage is increasing. Since 2010,²⁰ Malaysia's urbanization has increased from approximately 71% to approximately 77% in 2020. By comparison, in 2020 the urbanization rates for China, Vietnam and India were approximately 64%, 37% and 35%, respectively.²¹

Urbanization is highly correlated with the size and growth of the middle class. Simply put, urbanization drives middle class consumption demand. According to the World Bank, Malaysia is likely to transition from an upper-middle-income economy to a high-income economy between 2024 and 2028, a reflection of the country's economic transformation development trajectory over past decades. In fact, Malaysia's gross national income per capita is at US\$11,200 according to latest estimates, only US\$1,335 short of the current threshold level that defines a high-income economy.²³

And despite the ongoing effects from the Covid-19 pandemic, the Internet economy continues to boom in SEA. According to Google Temasek e-Conomy SEA 2021 Report (the "Google Report"), internet usage in the region increased with 40 million new users added in 2021 for a total of 440 million compared to 360 million in 2019 and 400 million in 2020.²⁴ Eighty nine percent of Malaysia's population is now online, compared to approximately fifty six percent in 2010;²⁵ 81% and 80% of Malaysia and SEA's internet users, respectively, have made at least one purchase online. E-commerce, online media and food delivery adoption and usage surged with the total value of goods and services sold via the Internet, or gross merchandise value ("GMV"), in SEA, expected to reach approximately US\$170 billion by year end 2021 according to the Google Report. In fact, according to the Google Report, the SEA Internet sector GMV is forecast to grow to over US\$360 billion by 2025 up from the \$300 billion forecast in the Google, Temasek, Bain SEA Report 2020.²⁶

Malaysia's internet economy has grown from \$14 billion in 2020 to \$21 billion in 2021 (47% growth) and is expected to grow to \$35 billion in 2025.²⁷

As consumers in these markets that gradually shifting towards online platforms model, the total value of internet-based transactions has grown tremendously and is expected to keep doing so. According to the Google Report, total GMV of South Asia's Internet economy is expected to skyrocket from US\$174 billion in 2021 to US\$363 billion in 2025.

We believe that these ongoing positive economic and demographic trends in SEA and South Asia propel demand for our e-commerce platform.

About the ZCITY App

SEA consumers have access to a plethora of smart ordering, delivery and “loyalty” websites and apps, but in our experience, SEA consumers very rarely receive personalized deals based on their purchases and behavior.

The ZCITY App targets consumers through the provision of personalized deals based on consumers’ purchase history, location and preferences. Our technology platform allows us to identify the spending trends of our customers (the when, where, why, and how much). We are able to offer these personalized deals through the application [of our proprietary] artificial intelligence (or “AI”) technology that scours the available database to identify and create opportunities to extrapolate the greatest value from the data, analyze consumer behavior and roll out attractive rewards-based campaigns for targeted audiences. We believe this AI technology is currently a unique market differentiator for the ZCITY App.

We operate our ZCITY App on the hashtag: “#RewardsOnRewards”. We believe this branding demonstrates to users the ability to spend ZCITY App-based Reward Points (or “RP”) and “ZCITY Cash Vouchers” with discount benefits at checkout. Additionally, users can use RP while they earn rewards from selected e-Wallet or other payment methods.

ZCITY App users do not require any on-going credit top-up or need to provide bank card number with their binding obligations. We have partnered with Malaysia’s leading payment gateway, IPAY88, for secure and convenient transactions. Users can use our secure platform and enjoy cashless shopping experiences with rebates when they shop with e-commerce and retail merchants through trusted and leading e-wallet providers such as Touch’n Go eWallet, Boost eWallet, GrabPay eWallet and credit card/online banking like the “FPX” (the Malaysian Financial Process Exchange) as well as more traditional providers such as Visa and Mastercard.

Our ZCITY App also provides the following functions:

1. Registration and Account verification
Users may register as a ZCITY App user simply, using their mobile device. They can then verify their ZCITY App account by submitting a valid email address to receive new user “ZCITY Newbie Rewards”.
2. Geo-location-based Homepage
Based on users’ location, nearby merchants and exclusive offers are selected and directed to them on their homepage for a smooth, user-friendly interaction.
3. Affiliate Partnership
Our ZCITY App is affiliated with more than 5 local services providers such as Shopee and Lazada. The ZCITY App allows users to enjoy more rewards when they navigate from the ZCITY App to a partner’s website.
4. Bill Payment & Prepaid service
Users can access and pay utility bills, such as water, phone, internet and TV bills, while generating instant discounts and rewards points with each payment.
5. Branded e-Vouchers
Users can purchase their preferred e-Vouchers with instant discounts and rewards points with each checkout.
6. User Engagement through Gamification
Users can earn daily rewards by playing our ZCITY App minigame “Spin & Win” where they can earn further ZCITY RP, ZCITY e-Vouchers as well as monthly grand prizes.
7. Charity CSR program
Users can make cashless donations through our ZCITY App to the Kentang Charity, which we have collaborated with, or apply donations to other charitable entities.

8. Taste-iT Smart F&B system

ZCITY App offers a “Smart F&B” system that provides a one stop solution and digitalization transformation for all [registered] Food and Beverage (“F&B”) outlets located in Malaysia. It also allows merchants to easily record transactions with QR Digital Payment technology, set discounts and execute RP redemptions and rewards online on the ZCITY App.

By utilizing our CRM analytics software to attract and retain consumers through personalized promotions, we believe that data-driven engagement can be more efficiently harnessed to generate greater profitability.

9. Zstore e-Mall

Zstore is ZCITY App’s e-mall service that offers group-buys and instant rebate to users with embedded AI and big data analytics to provide an express shopping experience. The functionality and benefit of users to use the Zstore can be summarized within the chart below:

Set out below is an illustration of some of our key partnerships by category:

Download ZCITY App

ZCITY App is free to download from the Google Play Store, Apple iOS Store, and Huawei AppGallery.

ZCITY Apps’s Reward Points Program

Operating under the hashtag #RewardsOnRewards, we believe the ZCITY App reward points program encourages users to sign up the app, as well as increasing user engagement and spending on purchases/repeat purchases and engenders user loyalty.

Furthermore, we believe the simplicity of the steps to obtaining Reward Points (or “RP”) is an attractive incentive to user participation in that participants receive:

- 200 RP for registration as a new user;
- 100 RP for referral of a new user;
- Conversion of Malaysian ringgit spent into RP;
- 50% RP of every referred user paid amount as a result of the referral; and
- Spin & Win eligibility to receive RP (which may be “doubled up” when participants share the Spin & Winprogram on social media).

The key objectives of our RP are:

- **Social Engagement:**
RP are offered to users for increased social engagement.
- **Spending:**
RP incentivizes users with every MYR spent in order to increase the spending potential and to build users loyalty.

- **Sign-up:**

Drives loyalty and greater customer engagement. Every new user onboarded will get 200 RP as welcoming gift.

- **Referral Program:**

Rewards users with RP when they refer a new user.

Offline Merchant

When using our ZCITY App to make payment to a registered physical merchant, the system will automatically calculate the amount of RP to deduct. The deducted RP amount is based on the percentage of profit sharing as with the merchant and the available RP of the user.

Online Merchant

When using our ZCITY App to pay utility bills or purchase any e-vouchers, our system shows the maximum RP deduction allowed and the user determines the amount of discount deducted subject to maximum deductions described below and the number of RP owned by such user.

Different features have different maximum deduction amounts. For example, for bill payments, the maximum deduction is up to 3% of the bill amount. For e-vouchers, the maximum deduction is up to 5% of the voucher amount.

In order to increase the spending power of the user, our ZCITY App RP program will credit RP to the user for all MYR paid.

Merchant Facing Business

At present, our ZCITY merchants are concentrated in the F&B and lifestyle sectors. Moving forward, we plan to expand our product/service offering to include grocery stores, convenience stores, “micro-SME” (“small to medium size enterprises”) loan programs, affiliate programs and advertising agencies.

We believe that ZCITY’s Taste-iT Smart F&B System, which we plan to launch in the second quarter of 2022, will provide merchants with a one-stop automated solution to digitalize their business. It will offer an innovative and integrated technology ecosystem that addresses and personalizes each merchant’s technological needs and will be at the forefront of creating a smart consumer experience, thereby eliminating conventional and outdated standalone point of sale (or “POS”) systems.

Taste-iT will allow merchants to effortlessly record transactions with online payment or QR digital payment technology, set discounts and execute RP redemptions and rewards online, all via our ZCITY App. It utilizes ZCITY App’s CRM analytics software to attract and retain consumers through personalized, data-driven engagement to generate greater profitability.

Taste-iT Smart F&B System will also feature a ‘Deviceless Queue System’ that reduces staff headcount and a private domain delivery service that will allow merchants access to multiple dedicated delivery partners to ensure outstanding delivery service to consumers.

Marketing Strategy - Consumer

With the number of available apps for download from the world’s leading app stores totaling over four million, we believe that structured and innovative user marketing strategy is the only way to stand out in today’s app market. Aside from focusing on app development and building our app features properly, we believe we need to get our app featured on the leading platforms to most successfully extend our reach and user base.

We believe that our ZCITY App marketing strategy covers the user from when they first learn about our ZCITY App, to when they become a regular repeat user. The marketing strategy for the ZCITY App involves defining our target audience, learning how best to reach them, how best to communicate with them, and analyzing their “in-app” behavior to make continuous AI driven improvements as users move through the recruitment funnel.

Ultimately, the goal of our ZCITY App marketing strategy is to acquire users that will not only drive repeat engagement, but will also become loyal advocates for the ZCITY App.

At the initial launch of the ZCITY App in June 2020, we combined both online and offline strategies in branding and marketing, which we believed would effectively communicate our objectives, reaching a prospective target audience and turning that target audience into users of our ZCITY App.

Other than just user experience and features offered in the app itself, we believe consumers are choosing brands whose messaging, marketing and values go beyond the product, and have a potentially deeper meaning to the user. For example, they may consider brand trustworthiness and identity to be major influences on their market decisions. As a result, we have focused on building brand loyalty to drive on going marketing success, increase repeat users and attain greater market share.

In this regard, we have chosen to adapt various marketing strategies, such as re-targeting users and enticing current users to use our app on multiple occasions, by providing what users look for when they choose our app in order to increase engagement and retention. The diagram below reflects the strategies we engage in to promote marketing success and avoid missed opportunities.

We adopt a multi-pronged approach to user outreach through outdoor digital billboards, radio commercials, third party editorials and advertorials, social media postings on platforms such as Facebook, Instagram, TikTok, YouTube, as well as the targeting of users through Google ads and direct email marketing to encourage downloads and promote various campaigns.

Since the outbreak of the COVID-19 pandemic, we have been very focused on reaching our target audience through digital media due to movement restrictions and retail closures. Advertisements especially on social media have become more routine.

Social media-based advertising can be very targeted, helping to convert new users into repeat users and building brand loyalty. We reach potential users based on criteria, including, among others, job title, interests, marital status, and recent locations. We believe that it is much easier to measure and optimize social media campaigns while they are active. If an advertisement isn't producing expected results, we can suspend the campaign or reallocate funds on demand.

Another key media vehicle that we utilize is Universal App Campaign (or “UAC”) by Google. UAC helps promote our ZCITY App across Google’s largest properties including Google Search, Google Play Store, YouTube, and the Google Display Network. It combines information Google has on users’ tendencies and perceived intents outside of the app (such as what they have searched for, what other apps they have downloaded and what they watched on YouTube) with advertisers’ information on user actions in the app.

UAC then uses machine learning technology to make decisions for each ad by analyzing potential data signal combinations in real-time, including the platform where users are most likely to engage with our ad (such as YouTube or Gmail), the right ad format (whether video, text, or combination of the two) and keywords that will perform best for our marketing goals.

In addition, in order to obtain more accurate data for analysis, AppsFlyer SDK is installed in our ZCITY App, where it provides conversion data of user acquisition and retention campaigns. Through AppsFlyer SDK, we can monitor digital media activities to optimize our marketing budget. The data can be utilized and turned into actionable insights (to run campaigns and promotions which users are more favorable to) that will share our strategic and tactical business decisions, while boosting the ZCITY App brand presence.

Marketing Strategy - Merchants “6Cs” Strategy

In order to roll out our system, we plan to implement our 6Cs marketing strategy: clients, convenience, competition, consistency with creative content, corporate social responsibilities and credibility.

Clients (Soon-to-be F&B Owners). We have forecast potential merchants by category, which will enable us to create a marketing plan that will attract them by aligning our promotional content with their business interests and ideals. We will initiate advertisements that connect with their preferences and generate brand loyalty. We have developed “The PILOT” program where we plan offer prospective merchant F&B owners a free Taste-iT Smart F&B system to facilitate their O2O business.

Convenience. We plan to demonstrate the convenience provided by our ZCITY App by launching a digitalization initiative which can get a merchant up and running on our platform within 24 hours. We believe this strategy emphasizes the ease of onboarding potential merchants and the potential positive transformation of their business in the shortest amount of time.

Competition. To further differentiate our system from our competitors, we expect to identify, compare and discover issues within their business model of operations against our own business model. The “SWITCH 180” program is where we plan to offer F&B owners not only a free Taste-iT Smart F&B system, but we will also offer additional support such as artificial intelligence inventory management system and discount vouchers.

Consistency with Creative Content. We plan to maintain a consistent brand image across all our current marketing approaches with creative and innovative content. We strive to make our brand recognizable to stand out among competitors to increase brand awareness and recognition.

Corporate Social Responsibilities. We expect to integrate social and environmental concerns in our business operations to gain positive publicity and recognition and greater market exposure. For example, our “Love Delivery” program under Taste-iT will allow consumers to donate food through our merchant family to charitable establishments such as orphanages and senior centers and similar charitable organizations. Our “Green Oil” program will allow our merchants to contribute to zero pollution by recycling used cooking oil with one of our strategic partners.

Credibility. We expect to prove our credibility by presenting our expertise to potential merchants who are seeking alternative business strategies in the ever-expanding technological age. We believe that promoting a credible and reliable system for merchants will increase referrals and positive reviews. Our “Taste- iT Cares <3” program offers F&B owners free business operations “health checks” and offers troubleshooting solutions by introducing Taste-iT Smart F&B System into their business.

Revenue Model

ZCITY’s revenues are generated from a diversified mix of:

- e-commerce activities for users
- services to merchants to help them grow their businesses
- membership subscription fees.

The revenue streams consist of “Consumer Facing” revenues and “Merchant Facing” revenues.

The revenue streams can be further categorized as following: (1) product and loyalty program revenue, (2) transaction revenue, (3) agent subscription revenue, and (4) I.T professional service revenue. Please see “*Management’s Discussion and Analysis–Revenue Recognition*”.

Our Competitive Strengths

Powerful, Unique and Integrated App. We have designed an application – the ZCITY App – which serves both consumers and merchants in ways that concurrently maximize value creation and enhance the shopping experience. Furthermore, through the application of our proprietary developed AI technology, we can offer consumers a more personalized and targeted rewards offering/experience.

Unique Loyalty Program. Operating under our hashtag #RewardsOnRewards, we believe our RP program increases user engagement and loyalty. Through consumer redemption and platform issuance of RP, we believe our system is advantageous to both consumers and merchants.

Attractive Markets. We currently operate in Malaysia, which according to the IMF is expected to average 5.7% GDP growth over the next five years. See “*Business—Market Opportunity.*”

As we scale our operations, we intend to expand to other countries in Southeast Asia, which possesses solid economic fundamentals, fast growing middle classes, favorable demographic trends and accelerating adoption of mobile technology.

Experienced Management Team. Our executives and directors combine decades of on-the-ground local e-commerce operations and social media marketing experience, as well as professional expertise in the global finance field.

Our Growth Strategy

Our main goal is focused on the recruitment of new consumers and the registration of as many Taste-iT merchants as possible in the most efficient way in the shortest amount of time. We believe that this approach establishes a cycle where more consumers lead to more merchants and more merchants lead to more consumers. External partnerships play an important part in our business, as we will continue sourcing more delivery partners to offer our merchants greater flexibility.

Consumer Growth. We strive to provide consumers with a smarter shopping experience from ordering to receiving goods and services as one seamless process. Our marketing efforts will focus on attracting consumers by awarding RP upon the execution of successful transactions (where they can redeem instant rebates).

Merchant Growth. We believe that our Taste-iT program is an example of an O2O platform focusing on transforming traditional ways of operating F&B business with digitalized smart ecosystems which better streamline merchant business operations and directly contribute to higher revenues. We feel Taste-iT has the potential for our ZCITY App to pioneer a generation of technologically astute “Smart Merchants”, effectively encouraging more merchants to join the technological trend. Apart from the technological advantages, merchants would be able to gain access to a significant consumer database of nearly 1 million registered users currently for their own brand marketing.

Partner Growth. We are continuously enhancing the ZCITY App through adding further strategic partnerships. We believe that collaborations will enable merchants and consumers to have more options to choose from and the delivery speed and rates related to transparency will benefit all parties.

Expansion Growth. With our proven systems and by leveraging our large network, leading technology, operational excellence, and product expertise, we expect the ZCITY App to launch and scale our expansion plans to neighboring countries such as Indonesia, Thailand, and Japan, by partnering with or acquiring local establishments.

Acquisition Growth. In order to complement our organic growth strategy, we will continue to evaluate investment and acquisition opportunities that will enable us to become market leaders. Our anticipated investments and acquisitions of other e-commerce platforms in different verticals are expected to expand our service offerings and attract new consumers and merchants. We expect negotiations with acquisition targets in the e-Commerce industries. Furthermore, we would expect to finance such acquisitions through internal and potential financings from the stock market.

²⁸ IMF: Malaysia's GDP to grow 9pct in 2021, fastest among Asean-5 countries <https://www.malaysiakini.com/news/520659>

Strategic Partnerships

We have entered into agreements with various Malaysian companies i.e.: TouchnGo e-wallet marketing, iPay88, Boost eWallet, Digi and Grabpay eWallet to provide essential services to our ZCITY App platform.

Strategic partnerships are vital to our strategy and operations, as they enable the ZCITY App to offer more value-added services to both our consumers and merchants. Through our partnerships, we intend to gain low-cost access to our partners' users, where possible, to drive user conversion. Our marketing approach to acquire strategic partners focuses on the benefits of brand awareness, stressing the ability to access a larger pool of consumers and clients while reducing marketing expenses via joint marketing efforts like crossover marketing campaigns, digital marketing and affiliate programs.

Competitive Outlook

We compete with other online platforms and apps for merchants, who can sell their products/services on other online shopping marketplaces and other food ordering platforms. We also compete with other e-commerce platforms and apps, fashion and lifestyle retailers and restaurants for the attention of consumers. Consumers have the choice of shopping with any online or offline retailer, large marketplaces or restaurant chain. We compete for consumers and merchants based on our ability to deliver a personalized e-commerce experience with an easy-to-use mobile app, unique cross-business reward system, instant rebate & cashback, and a trusted payment gateway which is both secure and convenient.

Within the Malaysian market, we believe the principal competitors to the ZCITY App to include, but not limited to Fave, Shopback and EZ. We have set out below how we perceive the ZCITY App differentiates its offering from these competitors in the Malaysian market both downstream (services provided to consumers) and upstream (services provided to merchants).

		DOWNSTREAM					UPSTREAM			
		Multiple Payment Modes	Real Cashback Withdrawal	Instant Cash Rebate	Support Online and Offline	User Referral Model	Merchant Driven Functionality	Cross Platform Profit Sharing	Business Automation	Group Purchasing
	Multicategory lifestyle platform that offering offline voucher	✓	✗	✗	✓	✓	✗	✗	✗	✗
	Online shopping & rewards platform	✗	✓	✗	✓	✓	✗	✗	✗	✗
	Offline + online e-commerce platform offering instant rebates & affiliate cashback programs	✓	✗	✓	✓	✓	✓	✓	✓	✓

We expect to be able to successfully compete for merchants based on our unique cross-business reward system, reward points module, instant rebate and cashback program, upcoming new features, which we expect will build lasting customer loyalty for our merchants, as well as our personalized, data-driven approach to customer engagement, both of which ensure that our success is aligned with that of our merchants.

Intellectual Property Matters

Our technology and ZCITY App are comprised of copyrightable and/or patentable subject matter licensed by our Malaysian subsidiary, GEM. Our intellectual property assets include trade secrets associated with our software platform. We have successfully carried out development of our multilayer cloud-based software platform based upon our reliance on third parties for payment and loyalty points deployment. As a result, we can monetize our software by making it available in locations such as the Apple iOS Store, Google Play Store, Huawei AppGallery and compatible with existing payment systems depending on the country's regulatory requirements. We are currently focusing on using our intellectual property in Malaysia and plan to expand further into Southeast Asia as part of our strategy. The loss of all of these third-party payment facilitators could not be easily replaced and therefore could materially affect our business and results of operations.

Trademarks. GEM has filed one trademark application stylized as “ZCITY” with the trademark offices of Malaysia. The name and mark, ZCITY App and other trade names and service marks of ZCITY in this prospectus are our property.

Patents. GEM has filed one patent application entitled “A Revenue Allocation System” with the Patents Registration Office of Malaysia.

We manage all our intellectual property matters in Malaysia including the registration of patents, trademarks, trade names, and service marks in the name of GEM, our subsidiary in Malaysia. It is not the intent of this prospectus to delineate each and every trademarkable matter of ours owned through GEM. Without prejudice to the generality of foregoing, GEM is, inter alia, the direct owner of the registered trademark “ZCITY” in connection with artificial intelligence software, electronic payment services, loyalty programs, SaaS platforms, and other subsets of our business.

Information Technology Protection. All of our software development professionals are required to sign and are bound by the IT Infrastructure, Security, Email, Intranet Usage Policy Manual (the “IT Policy Manual”), which governs use of our hardware, software, code, source code, data, computational data, screen data, analytics dashboards, data displayed on screens, emails, intranet and internet. This IT Policy Manual establishes standard practices and rules for responsible, safe, and productive use of our intellectual property, information and assets and is expected to ensure the protection of information and prevention of any misuse.

We have internally implemented the “Active Directory and VPN” to manage access to our assets in order to prevent any intentional or unintentional leaks of sensitive data, documentation or information, as well as to prevent users from installing irrelevant software or malware viruses.

Our ZCITY App’s server is hosted on the “Aliyun” cloud and is compliant with SOC2, which we believe securely manages our data across five aspects:

- Security – protects the system resources against unauthorized access.
- Availability – makes sure the server accessibility meets the SLA
- Processing integrity– data process monitoring couple with quality assurance procedures can help ensure processing integrity
- Confidentiality – data is encrypted during network transmission
- Privacy – data collection, use, retention, disclosure and disposal of personal information in conformity

We have in place a “Disaster Recovery” (“DR”) initiative, which we rely on the “Aliyun” cloud facilities to ensure as described below:

The architecture diagram shows how “Aliyun” cloud architect is powered by distributed servers and database services across multiple zones to ensure disaster recovery on deployment across multiple data centers, once the Server Load Balancer (SLB) detects the primary unavailable then it will direct all traffic to other in-service data centers.²⁹

The controls for restricting user access to our system and data, include:

- 1) User authorization
- 2) Maintaining the user access log
- 3) Periodic review user access
- 4) Revoking user access
- 5) Managing Privileged User accesses
- 6) Separation of Duties to reduce the risk of misuse of client code and assets
- 7) Change management, risk management and issue management are exercised as part of Management Reviews

Litigation

From time to time, we may become involved in legal proceedings arising in the ordinary course of our business. We believe that we do not have any pending or threatened litigation which, individually or in the aggregate, would have a material adverse effect on our business, results of operations, financial condition, and/or cash flows.

Properties

We lease and maintain our offices at located at 276 5th Avenue, Suite 704 #739, New York, New York 10001 and 45, Jalan USJ21/10 USJ 21 47640 Subang Jaya Selangor, Malaysia.

At i76, he completed Ipopema 76’s first acquisition: Impress Group from Constantia Industries and worked on post-acquisition and separation matters to post-acquisition optimize internal group structure. From 2011 to 2013 Mr. Roberts was a Principal at Corven Corporate Finance in London, UK. From 2002 to 2011, Mr Roberts was a Director of Lansdowne Capital, an investment banking boutique, where he originated and executed transactions within the broader industrials sector. Between 2000 and 2002, Mr Roberts was a Vice President in the investment banking division of Credit Suisse in London. Mr Roberts earned a BSc in Economics and Politics from University of Bath in 1994.

Code of Ethics

Our Board plans to adopt a written code of business conduct and ethics (“Code”) that applies to our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions. We intend to post on our website a current copy of the Code and all disclosures that are required by law in regard to any amendments to, or waivers from, any provision of the Code.

Board Leadership Structure and Risk Oversight

Our Board has responsibility for the oversight of our risk management processes and, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on our business and the steps we take to manage them. The risk oversight process includes receiving regular reports from board committees and members of senior management to enable our Board to understand our risk identification, risk management, and risk mitigation strategies with respect to areas of potential material risk, including operations, finance, legal, regulatory, cybersecurity, strategic, and reputational risk.

Board of Directors

Our business and affairs are managed under the direction of our Board. Our Board consists of [*] directors, [none] of whom qualify as “independent” under the listing standards of Nasdaq.

Directors serve until the next annual meeting and until their successors are elected and qualified. Officers are appointed to serve until their successors have been elected and qualified.

Director Independence

Our Board is composed of a majority of “independent directors” as defined under the rules of Nasdaq. We use the definition of “*independence*” applied by Nasdaq to make this determination. Nasdaq Listing Rule 5605(a)(2) provides that an “*independent director*” is a person other than an officer or employee of the company or any other individual having a relationship which, in the opinion of the Company’s Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Nasdaq listing rules provide that a director cannot be considered independent if:

- the director is, or at any time during the past three (3) years was, an employee of the company;
- the director or a family member of the director accepted any compensation from the company in excess of \$120,000 during any period of twelve (12) consecutive months within the three (3) years preceding the independence determination (subject to certain exemptions, including, among other things, compensation for board or board committee service);
- the director or a family member of the director is a partner in, controlling shareholder of, or an executive officer of an entity to which the company made, or from which the company received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient’s consolidated gross revenue for that year or \$200,000, whichever is greater (subject to certain exemptions);
- the director or a family member of the director is employed as an executive officer of an entity where, at any time during the past three (3) years, any of the executive officers of the company served on the compensation committee of such other entity; or
- the director or a family member of the director is a current partner of the company’s outside auditor, or at any time during the past three (3) years was a partner or employee of the company’s outside auditor, and who worked on the company’s audit.

Under such definitions, our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning his background, employment and affiliations, our Board has determined that [*] is an independent director of the Company. However, our common stock is not currently quoted or listed on any national exchange or interdealer quotation system with a requirement that a majority of our Board be independent and, therefore, the Company is not subject to any director independence requirements.

Committees of the Board of Directors

Our Board has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our Board has not yet adopted procedures by which stockholders may recommend nominees to the Board. The composition and responsibilities of each of the committees of our Board is described below. Members serve on these committees until their resignation or until as otherwise determined by our Board.

Audit Committee

We have established an audit committee consisting of [*]. [*] is the Chairman of the audit committee. In addition, our Board has determined that [*] is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933, as amended, or the Securities Act. The audit committee's duties, which are specified in our Audit Committee Charter, include, but are not limited to:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the Board whether the audited financial statements should be included in our annual disclosure report;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management major risk assessment and risk management policies;
- monitoring the independence of the independent auditor;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and
- approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

The audit committee is composed exclusively of "independent directors" who are "financially literate" as defined under the Nasdaq listing standards. The Nasdaq listing standards define "financially literate" as being able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement.

In addition, the Company intends to certify to Nasdaq that the committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual's financial sophistication.

Compensation Committee

We have established a compensation committee of the Board to consist of [*], each of whom is an independent director. Each member of our compensation committee is also a non-employee director, as defined under Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Code. [*] is the chairman of the compensation committee. The compensation committee's duties, which are specified in our Compensation Committee Charter, include, but are not limited to:

- reviews, approves and determines, or makes recommendations to our Board regarding, the compensation of our executive officers;
- administers our equity compensation plans;

- reviews and approves, or makes recommendations to our Board, regarding incentive compensation and equity compensation plans; and
- establishes and reviews general policies relating to compensation and benefits of our employees.

Nominating and Corporate Governance Committee

We have established a nominating and corporate governance committee consisting of [*]. [*] is the Chairman of the nominating and corporate governance committee. The nominating and corporate governance committee's duties, which are specified in our Nominating and Corporate Governance Audit Committee Charter, include, but are not limited to:

- identifying, reviewing and evaluating candidates to serve on our Board consistent with criteria approved by our Board;
- evaluating director performance on our Board and applicable committees of our Board and determining whether continued service on our Board is appropriate;
- evaluating nominations by stockholders of candidates for election to our Board; and
- corporate governance matters.

Family Relationships

Su Chen "Chanell" Chuah, our Chief Operating Officer and Su Huay "Sue" Chuah, our Chief Marketing Officer are sisters.

Involvement in Certain Legal Proceedings

Except as disclosed below, to our knowledge, none of our current directors or executive officers has, during the past ten (10) years:

- been convicted in a criminal proceeding or been subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
- had any bankruptcy petition filed by or against the business or property of the person, or of any partnership, corporation or business association of which he was a general partner or executive officer, either at the time of the bankruptcy filing or within two (2) years prior to that time;
- been subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction or federal or state authority, permanently or temporarily enjoining, barring, suspending or otherwise limiting, his or her involvement in any type of business, securities, futures, commodities, investment, banking, savings and loan, or insurance activities, or to be associated with persons engaged in any such activity;
- been found by a court of competent jurisdiction in a civil action or by the SEC or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated;
- been the subject of, or a party to, any federal or state judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated (not including any settlement of a civil proceeding among private litigants), relating to an alleged violation of any federal or state securities or commodities law or regulation, any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order, or any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or
- been the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

EXECUTIVE COMPENSATION

The following table illustrates the compensation paid by the Company to its executive officers. The disclosure is provided for the fiscal years ended June 30, 2020 and June 30, 2021.

Name and Principal Position	Year	Salary(\$) ⁽¹⁾	Total(\$)
Chong Chan "Sam" Teo ⁽²⁾ Chief Executive Officer	2021	\$ 30,106	\$ 30,106
	2020	\$ 9,632 ⁽³⁾	\$ 9,632 ⁽³⁾
Kok Pin "Darren" Tan ⁽⁴⁾ Chief Executive officer	2021	22,881	22,881
	2020	—	—

(1) Salaries were paid in Malaysian Ringgits. US dollar amounts are approximate.

(2) Mr. Teo was appointed Chief Executive Officer on June 16, 2021.

(3) Compensation relates to Mr. Teo's employment as Chief Executive Officer of GEM

(4) Mr. Tan was appointed Chief Executive Officer of the Company on July 1, 2020 and resigned on April 16, 2021

None of our executives earned compensation in excess of \$100,000 in fiscal years ended June 30, 2021 or 2020 and therefore pursuant to Instruction 1 to Item 402(m)(2) of Regulation S-K, only the compensation for our Chief Executive Officer and former Chief Executive Officer is provided.

Equity Awards

None.

Employment Agreements

Teo Employment Agreement Chong Chan "Sam" Teo, our Chief Executive Officer, and the Company entered into an Executive Employment Agreement dated as of July 1, 2020 (the "Teo Employment Agreement"), pursuant which Mr. Teo was appointed as our Chief Operating Officer. On June 16, 2021, Mr. Teo resigned as our Chief Operating Officer and was appointed Chief Executive Officer. Mr. Teo is still otherwise employed under the terms of the Teo Employment Agreement. The Teo Employment Agreement provides Mr. Teo with a basic salary of MYR10,000 (approximately \$2,408) per month, which was increased to MYR 10,500 per month on August 1, 2020, and benefits that are generally given to our senior executives. The Company or Mr. Teo may terminate the Chuah Employment Agreement with two months' notice. Mr. Teo was also employed as the Chief Executive Officer of GEM since March 1, 2020 on identical terms.

Tan Employment Agreement Kok Pin "Darren" Tan, our former Chief Executive Officer, and the Company entered into an Executive Employment Agreement dated as of July 1, 2020 (the "Tan Employment Agreement") The Tan Employment Agreement provided Mr. Teo with a basic salary of MYR10,000 (approximately \$2,408) per month, and benefits that are generally given to our senior executives. Mr. Tan resigned on April 16, 2021.

Board Compensation

The Board of Directors did not receive any compensation for their Board membership for fiscal years ended June 30, 2021 and June 30, 2020.

The independent directors (Joseph R. Banks, Marco Baccanello and Jeremy Roberts) are entitled to receive \$6,000 per month, commencing October 16, 2021 and will each be issued \$300,000 in shares of our common stock to be issued in \$60,000 installments on the 4th, 7th, 10th, 13th and 16th month after the listing of our common stock on Nasdaq. The value of the shares will be based on the average closing price of our common stock as reported on Nasdaq for the last five (5) business days of the third month from the initial listing date of our common stock on Nasdaq.

PRINCIPAL STOCKHOLDERS

The following table sets forth certain information, as of January 25, 2022 with respect to the holdings of (1) each person who is the beneficial owner of more than 5% of Company voting stock, (2) each of our directors, (3) each executive officer, and (4) all of our current directors and executive officers as a group.

Beneficial ownership of the voting stock is determined in accordance with the rules of the SEC and includes any shares of company voting stock over which a person exercises sole or shared voting or investment power, or of which a person has a right to acquire ownership at any time within 60 days of January 25, 2022. Except as otherwise indicated, we believe that the persons named in this table have sole voting and investment power with respect to all shares of voting stock held by them. Applicable percentage ownership in the following table is based on 10,545,251 shares of common stock issued and outstanding on January 25, 2022, and after the offering assuming a common stock offering of shares (includes (i) 1,403,083 shares of common stock to be issued on the conversion of the Company's Convertible Notes which automatically convert upon the consummation of this initial public offering and (ii) [*] shares our common stock to be issued to Exchange Listing at the closing of this initial public offering pursuant to the anti-dilution protection provided to them in their consulting agreement, but excludes (i) [*] shares which may be sold upon exercise of the underwriters' over-allotment option and (ii) 300,000 shares of our common stock underlying a warrant issued to Exchange Listing, LLC), plus, for each individual, any securities that individual has the right to acquire within 60 days of January 25, 2022.

To the best of our knowledge, except as otherwise indicated, each of the persons named in the table has sole voting and investment power with respect to the shares of our common stock beneficially owned by such person, except to the extent such power may be shared with a spouse. To our knowledge, none of the shares listed below are held under a voting trust or similar agreement, except as noted. To our knowledge, there is no arrangement, including any pledge by any person of securities of the Company, the operation of which may at a subsequent date result in a change in control of the Company.

For a description of the World Cloud Note, the Cloudmaxx Note and the V Capital Note, see “*Summary Prospectus—Recent Developments—Financings.*”

DESCRIPTION OF SECURITIES

The following description of our securities is only a summary and is qualified in its entirety by reference to the actual terms and provisions of the capital stock contained in our Certificate of Incorporation and our Bylaws.

General

The Company is authorized to issue one class of stock. The total number of shares of stock which the Company is authorized to issue is 170,000,000 shares of capital stock, 150,000,000 of which are common stock, \$0.00001 par value per share of which 10,545,251 shares of which are outstanding and 20,000,000 shares of which are preferred stock of which none are outstanding. As of January 25, 2022, there were approximately 17 holders of record of our common stock.

Common Stock

The holders of our common stock are entitled to the following rights:

Voting Rights. Each share of our common stock entitles its holder to one vote per share on all matters to be voted or consented upon by the stockholders.

Dividend Rights. Subject to limitations under Delaware law, holders of our common stock are entitled to receive ratably such dividends or other distributions, if any, as may be declared by our Board out of funds legally available therefor.

Liquidation Rights. In the event of the liquidation, dissolution or winding up of our business, the holders of our common stock are entitled to share ratably in the assets available for distribution after the payment of all of our debts and other liabilities.

Other Matters. The holders of our common stock that are not to be issued upon conversion of the convertible promissory notes have no subscription, redemption or conversion privileges; in addition, such common stock does not entitle its holders to preemptive rights. All of the outstanding shares of our common stock are fully paid and non-assessable.

Preferred Stock

As of January 25, 2022 we have not issued any shares of preferred stock. However, our Board has the authority to issue up to 20,000,000 shares of preferred stock in one or more classes or series and to fix the designations, powers, preferences, and rights, and the qualifications, limitations or restrictions thereof including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any class or series, without further vote or action by the stockholders.

While we do not currently have any plans for the issuance of any shares of preferred stock, the issuance of shares of preferred stock could adversely affect the rights of the holders of common stock and, therefore, reduce the value of the common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock on the rights of holders of the common stock until the Board determines the specific rights of the holders of the preferred stock; however, these effects may include:

- Restricting dividends on the common stock;
- Diluting the voting power of the common stock;
- Impairing the liquidation rights of the common stock; or
- Delaying or preventing a change in control of the Company without further action by the stockholders.

Convertible Notes

During the period commencing November 13, 2020, and ending on January 3, 2022, we entered into Securities Purchase Agreements with 12 accredited investors pursuant to which we issued the Convertible Notes in an aggregate principal amount of \$8,141,663.12, which are convertible into 1,403,083 shares of our common stock.

Senior Note

On June 30, 2021 we issued a Redeemable Senior Note in the principal amount of \$65,000.00 to Yong Kim Fong, a Malaysian citizen (the "Fong Note"). The Fong Note bears interest at 12.00% per annum and is due on the earlier of (x) the date on which our common stock is listed on Nasdaq and (y) July 1, 2024. The Fong Note is prepayable in full, but not in part.

Warrants

On July 1, 2021, we issued a five-year warrant to purchase 300,000 shares of our common stock to Exchange Listing, LLC pursuant to a consulting agreement dated July 1, 2021 between us and Exchange Listing, LLC. The warrant exercise price of \$4.00 per share.

Options

None.

Section 203 of the Delaware General Corporation Law

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a “business combination” with:

- a stockholder who owns 15% or more of our outstanding voting stock (otherwise known as an “interested stockholder”);
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A “business combination” includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- our Board approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction; or
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock will be Vstock Transfer LLC.

Listing

We will apply to have our common stock listed on the Nasdaq Capital Market under the symbol “[*]” which listing is a condition to this offering.

SHARES ELIGIBLE FOR FUTURE SALE

There is not currently an established U.S. trading market for our common stock. We cannot predict the effect, if any, that market sales of shares of our common stock or the availability of shares of our common stock for sale will have on the market price of our common stock prevailing from time to time. Sales of substantial amounts of our common stock, including shares issued upon exercise of outstanding warrants, in the public market after this offering, could adversely affect market prices prevailing from time to time and could impair our ability to raise capital through the sale of our equity securities.

Upon completion of the sale of [*] shares of common stock pursuant to this offering, we will have shares of common stock issued and outstanding. In the event the underwriters exercise the over-allotment option in full, we will have shares of common stock issued and outstanding. The common stock sold in this offering will be freely tradable without restriction or further registration or qualification under the Securities Act.

All previously issued shares of common stock that were not offered and sold in this offering, are or will be upon issuance, "restricted securities," as that term is defined in Rule 144 under the Securities Act. These restricted securities are eligible for public sale only if such public resale is registered under the Securities Act or if the resale qualifies for an exemption from registration under Rule 144 under the Securities Act, which are summarized below.

In general, a person who has beneficially owned restricted shares of our common stock for at least six months in the event we have been a reporting company under the Exchange Act for at least ninety (90) days before the sale, would be entitled to sell such securities, provided that such person is not deemed to be an affiliate of ours at the time of sale or to have been an affiliate of ours at any time during the ninety (90) days preceding the sale. A person who is an affiliate of ours at such time would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of shares that does not exceed the greater of the following:

1% of the number of shares of our common stock then outstanding; or

1% of the average weekly trading volume of our common stock during the four calendar weeks preceding the filing by such person of a notice on Form 144 with respect to the sale;

provided that, in each case, we are subject to the periodic reporting requirements of the Exchange Act for at least 90 days before the sale. Rule 144 trades must also comply with the manner of sale, notice and other provisions of Rule 144, to the extent applicable.

UNDERWRITING

The representative is acting as the sole book-running manager of the offering and as representative of the underwriters named below. Subject to the terms and conditions of the underwriting agreement dated the date of this prospectus, the underwriters named below, through the representative, have severally agreed to purchase, and we have agreed to sell to the underwriters, the following respective number of shares set forth opposite the underwriter's name.

Underwriters	Number of Shares
EF Hutton, division of Benchmark Investments, LLC	[*]
Total	[*]

The underwriting agreement provides that the underwriters must buy all of the shares of our common stock if they buy any of them. However, the underwriters are not required to take or pay for the shares covered by the underwriters' option to purchase additional shares as described below. Our shares of common stock are offered subject to a number of conditions, including:

- receipt and acceptance of our shares of common stock by the underwriters; and
- the underwriters' right to reject orders in whole or in part.

We have been advised by EF Hutton that the underwriters intend to make a market in our shares of common stock but that they are not obligated to do so and may discontinue making a market at any time without notice.

In connection with this offering, certain of the underwriters or securities dealers may distribute prospectuses electronically.

Option to Purchase Additional Shares

We have granted the underwriters an option to buy up to an aggregate of additional shares of our common stock. The underwriters have 45 days from the date of this prospectus to exercise this option. If the underwriters exercise this option, they will each purchase additional shares of our common stock approximately in proportion to the amounts specified in the table above.

Underwriting Discount

Shares sold by the underwriters to the public will initially be offered at the initial offering price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to \$ per share from the public offering price. The underwriters may offer the shares through one or more of their affiliates or selling agents. If all the shares are not sold at the public offering price, EF Hutton may change the offering price and the other selling terms. Upon execution of the underwriting agreement, the underwriters will be obligated to purchase the shares at the prices and upon the terms stated therein.

The underwriting discount is equal to the public offering price per share, less the amount paid by the underwriters to us per share. The underwriting discount was determined through an arms' length negotiation between us and the underwriters. We have agreed to sell the shares of our common stock to the underwriters at the offering price of \$[●] per share, which represents the public offering price of our shares set forth on the cover page of this prospectus less a seven percent (7.0%) underwriting discount. Pursuant to the underwriting agreement, we and the underwriters have agreed that Company-introduced investors may purchase a portion of the common stock in this offering at an underwriting discount and commission of three and one-half percent (3.5%) (an offering price of \$[●] per share) instead of the underwriting discount and commission set forth on the cover page of this prospectus.

The following table shows the per share and total underwriting discount we will pay to the underwriters assuming both no exercise and full exercise of the underwriters' option to purchase up to additional shares.

	No Exercise	Full Exercise
Per share	\$	\$
Total	\$	\$

We have agreed to pay EF Hutton's out-of-pocket accountable expenses, including EF Hutton's legal fees and disbursements, up to a maximum amount of \$150,000, irrespective of whether the offering is consummated. We have paid \$25,000 to EF Hutton as an advance to be applied towards reasonable out-of-pocket expenses (which we refer to as the Advance). Any portion of the Advance shall be returned back to us to the extent not actually incurred. We have also agreed to

We estimate that the total expenses of the offering payable by us, not including the underwriting discount, will be approximately \$[*]. Additionally, one percent (1.0%) of the gross proceeds of the offering will be provided to EF Hutton for non-accountable expenses.

Determination of Offering Price

Before this offering, there has been no public market for our common stock. Accordingly, the public offering price will be negotiated between us and EF Hutton. Among the factors to be considered in these negotiations are:

- the information set forth in this prospectus and otherwise available to the underwriters;

- the prospects for our Company and the industry in which we operate;
- an assessment of our management;
- our past and present financial and operating performance;
- our prospects for future earnings;
- financial and operating information and market valuations of publicly traded companies engaged in activities similar to ours;
- the prevailing conditions of United States securities markets at the time of this offering; and
- other factors deemed relevant.

Neither we nor EF Hutton can assure investors that an active trading market will develop for shares of our common stock, or that the shares will trade in the public market at or above the initial public offering price.

Underwriter Warrants

In addition, as additional compensation for EF Hutton's services, we agreed to issue warrants to the EF Hutton or its designees to purchase a number of shares of our common stock equal to five percent (5%) of the aggregate number of shares of our common stock sold in this offering (excluding shares of common stock sold to cover over-allotments, if any) at an exercise price equal to 110% of the public offering price of the shares of our common stock sold in this offering. We are registering hereby the issuance of the underwriters' warrants and the shares of Common Stock issuable upon exercise of such warrants. The underwriters' warrants will be non-exercisable for 180 days following the commencement of sales of the offering (except as provided for in FINRA Rule 5110(e)(2)) and will expire five (5) years following the commencement of such sales in compliance with FINRA Rule 5110(g)(8)(A). The underwriters' warrants will provide for one-time demand registration rights and unlimited "piggyback" registration rights for the shares of our common stock exercisable thereunder as well as customary anti-dilution provisions (for stock dividends and splits and recapitalizations) and anti-dilution protection (adjustment in the number and price of such warrants and the shares underlying such warrants) resulting from corporate events (which would include dividends, reorganizations, mergers, etc.) and future issuance of common stock or common stock equivalents at prices (or with exercise and/or conversion prices) below the offering price as permitted under FINRA Rule 5110(g)(8)(E). The demand registration rights and piggyback registration rights will terminate on the fifth anniversary of the commencement of sales of the offering in compliance with FINRA Rules 5110(g)(8)(C) and (D).

Tail Period

In the event that this offering is not consummated as contemplated herein, until July 20, 2023 (unless during the period from April 16 2022 to July 19, 2022 this initial public offering is not closed and either party terminates the engagement, then such date will be 12 months after such termination), EF Hutton will be entitled to receive a cash fee equal to seven percent (7.0%) of the gross proceeds received by the Company from the sale of the securities or debt instruments to any investor actually introduced by EF Hutton to the Company during the period beginning on July 20, 2021 and ending on July 20, 2022 (the "Engagement Period") and such tail financing is consummated at any time during the Engagement Period or with twelve (12) month period following the expiration of the Engagement Period, provided that such financing is by a party actually introduced to us in an offering in which we have direct knowledge of such party's participation.

Right of First Refusal

Until twelve (12) months from the closing date of this offering, EF Hutton will have an irrevocable right of first refusal, in its sole discretion, to act as sole investment banker, sole book-runner, and/or sole placement agent, at EF Hutton's sole discretion, for all future public and private equity and debt offerings, including all equity-linked financings on terms and conditions customary to EF Hutton for such transactions. EF Hutton will have the sole right to determine whether or not any other broker-dealer will have the right to participate in any such offering and the economic terms of any such participation.

Lock-Up Agreements

The Company has agreed not to, subject to certain limited exceptions, until July 15, 2022 (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend, or otherwise transfer or dispose of, directly or indirectly, any shares of capital stock of the Company or any securities convertible into or exercisable or exchangeable for shares of capital stock of the Company; (ii) file or caused to be filed any registration statement with the SEC relating to the offering of any shares of capital stock of the Company or any securities convertible into or exercisable or exchangeable for shares of capital stock of the Company; (iii) complete any offering of debt securities of the Company, other than entering into a line of credit with a traditional bank or (iv) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of capital stock of the Company, whether any such transaction described in clause (i), (ii), (iii) or (iv) above is to be settled by delivery of shares of capital stock of the Company or such other securities, in cash or otherwise.

Indemnification

We have agreed to indemnify the several underwriters against certain liabilities, including certain liabilities under the Securities Act. If we are unable to provide this indemnification, we have agreed to contribute to payments the underwriters may be required to make in respect of those liabilities.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

No Public Market

Prior to this offering, there has not been a public market for our securities in the U.S. and the public offering price for our common stock will be determined through negotiations between us and the underwriters. Among the factors to be considered in these negotiations will be prevailing market conditions, our financial information, market valuations of other companies that we and the underwriters believe to be comparable to us, estimates of our business potential, the present state of our development and other factors deemed relevant.

We offer no assurances that the initial public offering price will correspond to the price at which our common stock will trade in the public market subsequent to this offering or that an active trading market for our common stock will develop and continue after this offering.

Stock Exchange

We have applied to list our common stock on the Nasdaq Capital Market under the symbol “[*].” There can be no assurance that we will be successful in listing our common stock on the Nasdaq Capital Market.

Electronic Distribution

A prospectus in electronic format may be made available on websites or through other online services maintained by one or more of the underwriters of this offering, or by their affiliates. Other than the prospectus in electronic format, the information on any underwriter’s website and any information contained in any other website maintained by an underwriter is not part of this prospectus or the registration statement of which this prospectus forms a part, has not been approved and/or endorsed by us or any underwriter in its capacity as underwriter, and should not be relied upon by investors.

Price Stabilization, Short Positions

In connection with this offering, the underwriters may engage in activities that stabilize, maintain or otherwise affect the price of our common stock during and after this offering, including:

- stabilizing transactions;
- short sales;
- purchases to cover positions created by short sales;
- imposition of penalty bids; and
- syndicate covering transactions.

Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of our common stock while this offering is in progress. Stabilization transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. These transactions may also include making short sales of our common stock, which involve the sale by the underwriters of a greater number of common stock than they are required to purchase in this offering and purchasing common stock on the open market to cover short positions created by short sales. Short sales may be “covered short sales,” which are short positions in an amount not greater than the underwriters’ option to purchase additional shares referred to above, or may be “naked short sales,” which are short positions in excess of that amount.

The underwriters may close out any covered short position by either exercising their option, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option.

Naked short sales are short sales made in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market that could adversely affect investors who purchased in this offering.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because [*] has repurchased shares sold by or for the account of that underwriter in stabilizing or short covering transactions.

These stabilizing transactions, short sales, purchases to cover positions created by short sales, the imposition of penalty bids and syndicate covering transactions may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result of these activities, the price of our common stock may be higher than the price that otherwise might exist in the open market. The underwriters may carry out these transactions on the Nasdaq Capital Market, in the over-the-counter market or otherwise. Neither we nor the underwriters make any representation or prediction as to the effect that the transactions described above may have on the price of the shares. Neither we, nor any of the underwriters make any representation that the underwriters will engage in these stabilization transactions or that any transaction, once commenced, will not be discontinued without notice.

Affiliations

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and their affiliates may from time to time in the future engage with us and perform services for us or in the ordinary course of their business for which they will receive customary fees and expenses. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of us. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of these securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in these securities and instruments.

Offer Restrictions Outside the United States

No action has been taken in any jurisdiction (except in the United States) that would permit a public offering of the common stock the possession, circulation or distribution of this prospectus or any other material relating to us or the common stock in any jurisdiction where action for that purpose is required. Accordingly, the common stock may not be offered or sold, directly or indirectly, and neither this prospectus nor any other material or advertisements in connection with the common stock may be distributed or published, in or from any country or jurisdiction except in compliance with any applicable laws, rules and regulations of any such country or jurisdiction.

Japan. Common stock have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended) and, accordingly, will not be offered or sold directly or indirectly in Japan or to, or for the benefit of any Japanese person or to others, for re-offering or re-sale directly or indirectly in Japan or to any Japanese person, except in each case pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law of Japan and any other applicable laws, rules and regulations of Japan. For purposes of this paragraph, “Japanese person” means any person resident in Japan, including any corporation or other entity organized under the laws of Japan.

Malaysia. No prospectus or other offering material or document in connection with the offer and sale of the common stock has been or will be registered with the Securities Commission of Malaysia (the “Commission”) for the Commission’s approval pursuant to the Capital Markets and Services Act 2007. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the common stock may not be circulated or distributed, nor may the common stock be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Malaysia other than (i) a closed end fund approved by the Commission; (ii) a holder of a Capital Markets Services License; (iii) a person who acquires the common stock, as principal, if the offer is on terms that the common stock may only be acquired at a consideration of not less than RM 250,000 (or its equivalent in foreign currencies) for each transaction; (iv) an individual whose total net personal assets or total net joint assets with his or her spouse exceeds RM 3 million (or its equivalent in foreign currencies), excluding the value of the primary residence of the individual; (v) an individual who has a gross annual income exceeding RM 300,000 (or its equivalent in foreign currencies) per annum in the preceding twelve months; (vi) an individual who, jointly with his or her spouse, has a gross annual income of RM 400,000 (or its equivalent in foreign currencies), per annum in the preceding twelve months; (vii) a corporation with total net assets exceeding RM 10 million (or its equivalent in a foreign currencies) based on the last audited accounts; (viii) a partnership with total net assets exceeding RM 10 million (or its equivalent in foreign currencies); (ix) a bank licensee or insurance licensee as defined in the Labuan Financial Services and Securities Act 2010; (x) an Islamic bank licensee or takaful licensee as defined in the Labuan Financial Services and Securities Act 2010; and (xi) any other person as may be specified by the Commission; provided that, in the each of the preceding categories (i) to (xi), the distribution of the common stock is made by a holder of a Capital Markets Services License who carries on the business of dealing in securities. The distribution in Malaysia of this prospectus is subject to Malaysian laws. This prospectus does not constitute and may not be used for the purpose of public offering or an issue, offer for subscription or purchase, invitation to subscribe for or purchase any securities requiring the registration of a prospectus with the Commission under the Capital Markets and Services Act 2007.

People’s Republic of China. This prospectus may not be circulated or distributed in the PRC and the common stock may not be offered or sold, and will not offer or sell to any person for re-offering or resale directly or indirectly to any resident of the PRC except pursuant to applicable laws, rules and regulations of the PRC. For the purpose of this paragraph only, the PRC does not include Taiwan and the special administrative regions of Hong Kong and Macau.

Taiwan. The common stock has not been and will not be registered with the Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may not be sold, issued or offered within Taiwan through a public offering or in circumstances which constitutes an offer within the meaning of the Securities and Exchange Act of Taiwan that requires a registration or approval of the Financial Supervisory Commission of Taiwan. No person or entity in Taiwan has been authorized to offer, sell, give advice regarding or otherwise intermediate the offering and sale of the common stock in Taiwan.

Philippines. This prospectus may not be circulated or distributed in the Philippines and the common stock may not be offered or sold, and will not offer or sell to any person for re-offering or resale directly or indirectly to any resident of the Philippines except pursuant to applicable laws, rules and regulations of the Philippines.

EXPERTS

Friedman LLP, an independent certified public accounting firm, audited our consolidated financial statements for the years ended June 30, 2021 and 2020. We have included our consolidated financial statements in this prospectus and elsewhere in the registration statement in reliance on the reports of Friedman LLP, given on their authority as experts in accounting and auditing.

LEGAL MATTERS

Certain legal matters with respect to the validity of the securities being offered by this prospectus will be passed upon by Carmel, Milazzo & Feil LLP, New York, New York. Nelson Mullins Riley & Scarborough LLP, Washington, D.C., is acting as counsel for the underwriters with respect to the offering.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement on Form S-1 under the Securities Act with respect to the shares of our common stock offered by this prospectus. This prospectus, which constitutes a part of the registration statement, does not contain all of the information set forth in the registration statement, some of which is contained in exhibits to the registration statement as permitted by the rules and regulations of the SEC. For further information with respect to us and our common stock, we refer you to the registration statement, including the exhibits filed as a part of the registration statement. Statements contained in this prospectus concerning the contents of any contract or any other document is not necessarily complete. If a contract or document has been filed as an exhibit to the registration statement, please see the copy of the contract or document that has been filed. Each statement in this prospectus relating to a contract or document filed as an exhibit is qualified in all respects by the filed exhibit. You may obtain copies of this information by mail from the Public Reference Section of the SEC, 100 F Street, N.E., Room 1580, Washington, D.C. 20549, at prescribed rates. You may obtain information on the operation of the public reference rooms by calling the SEC at 1-800-SEC-0330. The SEC also maintains an Internet website that contains reports, proxy statements and other information about issuers, like us, that file electronically with the SEC. The address of that website is www.sec.gov.

We are subject to the information and reporting requirements of the Exchange Act and, in accordance with this law, are required to file periodic reports, proxy statements and other information with the SEC. These periodic reports, proxy statements and other information are available for inspection and copying at the SEC's public reference facilities and the website of the SEC referred to above. We also maintain a website at www.treasureglobal.co. You may access these materials free of charge as soon as reasonably practicable after they are electronically filed with, or furnished to, the SEC. Information contained on our website is not a part of this prospectus and the inclusion of our website address in this prospectus is an inactive textual reference only.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and
Stockholders of Treasure Global Inc.

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of Treasure Global Inc. (the "Company") as of June 30, 2021 and 2020, and the related consolidated statements of operations and comprehensive loss, changes in stockholders' (deficiency) equity and cash flows for each of the years in the two-year period ended June 30, 2021, and the related notes (collectively referred to as the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of June 30, 2021 and 2020, and the results of its operations and its cash flows for each of the years in the two-year period ended June 30, 2021, in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph - Going Concern

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has incurred recurring losses from operations, a working capital deficit and accumulated deficit at June 30, 2021. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 2. These consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties. If the Company is unable to successfully obtain the necessary additional financial support as specified in Note 2, there could be a material adverse effect on the Company.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 – Nature of business and organization

Treasure Global Inc. (“TGI” or the “Company”) is a holding company incorporated on March 20, 2020, under the laws of the State of Delaware. The Company has no substantive operations other than holding all of the outstanding shares of Gem Reward Sdn. Bhd. (“GEM”), which was established under the laws of the Malaysia on June 6, 2017, through a reverse recapitalization.

On March 11, 2021, TGI completed a reverse recapitalization (“Reorganization”) under common control of its then existing shareholders, who collectively owned all of the equity interests of GEM prior to the Reorganization through a Share Swap Agreement. GEM is under common control of the same shareholders of TGI through a beneficial ownership agreement, which results in the consolidation of GEM and has been accounted for as a Reorganization of entities under common control at carrying value. Before and after the Reorganization, the Company, together with its subsidiaries, is effectively controlled by the same shareholders, and therefore the Reorganization is considered as a recapitalization of entities under common control in accordance with Accounting Standards Codification (“ASC”) 805-50-25. The consolidation of the Company and its subsidiaries have been accounted for at historical cost and prepared on the basis as if the aforementioned transactions had become effective as of the beginning of the first period presented in the accompanying consolidated financial statements in accordance with ASC 805-50-45-5.

The Company, through its wholly owned subsidiary, GEM, engages in the payment processing industry and operate an online-to-offline (“O2O”) e-commerce platform known as “ZCITY”. The Company has extensive business interests in creating an innovative O2O e-commerce platform with an instant rebate and affiliate cashback program business model, focusing on providing a seamless payment solution and capitalizing on big data using artificial intelligence technology. The Company’s proprietary product is an internet application (or “app”) called “ZCITY App”. ZCITY App drives user app download and transactions by providing instant rebate and cashback. The Company aims to transform and simplify a user’s e-payment gateway experience by providing great deals, rewards and promotions with every use in an effort to make it Malaysia’s top reward and payment gateway platform.

The accompanying consolidated financial statements reflect the activities of TGI and its wholly owned subsidiary, GEM.

Note 2 – Summary of significant accounting policies

Going concern

In assessing the Company’s liquidity and substantial doubt about its ability to continue as a going concern, the Company monitors and analyzes cash on-hand and operating expenditure commitments. The Company’s liquidity needs are to meet working capital requirements and operating expense obligations. To date, the Company financed its operations primarily through cash flows from contribution from shareholders, issuance of convertible note and related parties loans.

The Company’s management has considered whether there is substantial doubt about its ability to continue as a going concern due to (1) loss from operations of approximately \$7.6 million for the year ended June 30, 2021, (2) accumulated deficit of approximately \$8.0 million as of June 30, 2021; (3) the working capital deficit of approximately \$1.6 million as of June 30, 2021; and (4) net operating cash outflow of approximately \$6.8 million for the year ended June 30, 2021. Based on the above considerations, the Company’s management is of the opinion that it will probably not having sufficient funds to meet the Company’s working capital requirements and debt obligations as they become due starting from one year from the date of this report. As a result, the Company’s management has determined there is substantial doubt about its ability to continue as a going concern.

Management is trying to alleviate the going concern risk by the following sources:

- Obtaining other available sources of financing from Malaysia banks and other financial institutions;
- issuance of additional convertible notes;
- financial support from the Company’s related parties and shareholders; and
- obtaining funds through a future initial public offerings.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Basis of presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Principles of consolidation

The consolidated financial statements include the financial statements of the Company and its sole subsidiary. All transactions and balances among the Company and its subsidiary have been eliminated upon consolidation.

Subsidiary is entity in which the Company, directly or indirectly, controls more than one half of the voting power; or has the power to govern the financial and operating policies, to appoint or remove the majority of the members of the board of directors, or to cast a majority of votes at the meeting of directors.

Enterprise wide disclosure

The Company’s chief operating decision-makers (i.e., chief executive officer and his direct reports) review financial information presented on a consolidated basis, accompanied by disaggregated information about revenues by different revenues streams for purposes of allocating resources and evaluating financial performance. There are no segment managers who are held accountable for operations, operating results and plans for levels or components below the consolidated unit level. Based on qualitative and quantitative criteria established by Accounting Standards Codification (“ASC”) 280, “Segment Reporting”, the Company considers itself to be operating within one reportable segment.

Use of estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements and the reported amounts of revenues and expenses during the periods presented. Significant accounting estimates reflected in the Company’s consolidated financial statements include allowance for doubtful accounts, allowance for inventories obsolescence, useful lives of property and equipment, impairment of long-lived assets, allowance for deferred tax assets, fair value of convertible note and uncertain tax position. Actual results could differ from these estimates.

Foreign currency translation and transaction

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the Consolidated Statements of Operations and Comprehensive Loss.

The reporting currency of the Company is United States Dollars (“US\$”) and the accompanying financial statements have been expressed in US\$. The Company’s subsidiary in Malaysia conducts its businesses and maintains its books and record in the local currency, Malaysian Ringgit (“MYR” or “RM”), as its functional currency.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In general, for consolidation purposes, assets and liabilities of its subsidiaries whose functional currency is not US\$ are translated into US\$, in accordance with ASC Topic 830-30, "Translation of Financial Statement", using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the period. The gains and losses resulting from translation of financial statements of foreign subsidiary are recorded as a separate component of accumulated other comprehensive loss within the statements of stockholders' equity. Cash flows are also translated at average translation rates for the periods, therefore, amounts reported on the statement of cash flows will not necessarily agree with changes in the corresponding balances on the consolidated balance sheets.

Translation of foreign currencies into US\$1 have been made at the following exchange rates for the respective periods:

	As of	
	June 30, 2021	June 30, 2020
Period-end MYR: US\$1 exchange rate	4.15	4.28
	For the years ended	
	June 30,	
	2021	2020
Period-average MYR: US\$1 exchange rate	4.13	4.21

Cash and cash equivalent

Cash is carried at cost and represent cash on hand, time deposits placed with banks or other financial institutions and all highly liquid investments with an original maturity of three months or less. Cash equivalent consist of funds received from customer, which funds were held at the third party platform's fund account and which are unrestricted and immediately available for withdrawal and use.

Accounts receivable, net

Accounts receivable are recorded at the invoiced amount less an allowance for any uncollectible accounts and do not bear interest, which are due after 30 days. Accounts receivable include money due from agent subscription and other professional service revenue. Management reviews the adequacy of the allowance for doubtful accounts on an ongoing basis, using historical collection trends and aging of receivables. Management also periodically evaluates individual customer's financial condition, credit history, and the current economic conditions to make adjustments in the allowance when it is considered necessary. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Company's management continues to evaluate the reasonableness of the valuation allowance policy and update it if necessary. As of June 30, 2021 and 2020, the Company recorded \$25,690 and \$0 of allowance for doubtful account, respectively. For the year ended June 30, 2021 and 2020, the Company wrote off \$2,388 and \$0, respectively against the account receivable balance of due from agent subscription revenue.

Inventories

Inventories are stated at the lower of cost or net realizable value, cost being determined on a first-in-first-out method. Costs include gift card or "E-voucher" pin code which are purchased from the Company's suppliers as merchandized goods or store credit. Management compares the cost of inventories with the net realizable value and if applicable, an allowance is made for writing down the inventory to its net realizable value, if lower than cost. On an ongoing basis, inventories are reviewed for potential write-down for estimated obsolescence or unmarketable inventories which equals the difference between the costs of inventories and the estimated net realizable value based upon forecasts for future demand and market conditions. When inventories are written-down to the lower of cost or net realizable value, it is not marked up subsequently based on changes in underlying facts and circumstances.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Other receivables and other current assets, net

Other receivables and other current assets primarily include refundable advance to third party service provider and other deposits. Management regularly reviews the aging of receivables and changes in payment trends and records allowances when management believes collection of amounts due are at risk. Accounts considered uncollectable are written off against allowances after exhaustive efforts at collection are made. As of June 30, 2021 and 2020, no allowance for doubtful account was recorded. For the year ended June 30, 2021 and 2020, the Company wrote off balance from other receivable of \$0 and \$8,009, respectively.

Prepayments

Prepayments and deposits are mainly cash deposited or advanced to suppliers for future inventory purchases. This amount is refundable and bears no interest. For any prepayments determined by management that such advances will not be in receipts of inventories, services, or refundable, the Company will recognize an allowance account to reserve such balances. Management reviews its prepayments on a regular basis to determine if the allowance is adequate, and adjusts the allowance when necessary. Delinquent account balances are written-off against allowance for doubtful accounts after management has determined that the likelihood of collection is not probable. The Company's management continues to evaluate the reasonableness of the valuation allowance policy and update it if necessary. As of June 30, 2021 and 2020, there was no allowance for the doubtful accounts.

Property and equipment, net

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets with no residual value. The estimated useful lives are as follows:

	Expected useful lives
Motor vehicles	5 years
Office equipment	5 years
Furniture and fixtures	5 years

The cost and related accumulated depreciation of assets sold or otherwise retired are eliminated from the accounts and any gain or loss is included in the consolidated statements of operations and comprehensive loss. Expenditures for maintenance and repairs are charged to earnings as incurred, while additions, renewals and betterments, which are expected to extend the useful life of assets, are capitalized. The Company also re-evaluates the periods of depreciation to determine whether subsequent events and circumstances warrant revised estimates of useful lives.

Impairment for long-lived assets

Long-lived assets, including property and equipment with finite lives are reviewed for impairment whenever events or changes in circumstances (such as a significant adverse change to market conditions that will impact the future use of the assets) indicate that the carrying value of an asset may not be recoverable. The Company assesses the recoverability of the assets based on the undiscounted future cash flows the assets are 75% expected to generate and recognize an impairment loss when estimated undiscounted future cash flows expected to result from the use of the asset plus net proceeds expected from disposition of the asset, if any, are less than the carrying value of the asset. If an impairment is identified, the Company would reduce the carrying amount of the asset to its estimated fair value based on a discounted cash flows approach or, when available and appropriate, to comparable market values. As of June 30, 2021 and 2020 no impairment of long-lived assets was recognized.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Customer deposits

Customer deposits represent amounts advanced by customers on service order. Customer deposits are reduced when the related sale is recognized in accordance with the Company's revenue recognition policy.

Revenue recognition

The Company adopted Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers (ASC Topic 606) for all periods presented. The core principle underlying the revenue recognition of this ASU allows the Company to recognize - revenue that represents the transfer of goods and services to customers in an amount that reflects the consideration to which the Company expects to be entitled in such exchange. This will require the Company to identify contractual performance obligations and determine whether revenue should be recognized at a point in time or over time, based on when control of goods and services transfers to a customer.

To achieve that core principle, the Company applies five-step model to recognize revenue from customer contracts. The five-step model requires that the Company (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, including variable consideration to the extent that it is probable that a significant future reversal will not occur, (iv) allocate the transaction price to the respective performance obligations in the contract, and (v) recognize revenue when (or as) the Company satisfies the performance obligation.

The Company accounts for a contract with a customer when the contract is committed in writing, the rights of the parties, including payment terms, are identified, the contract has commercial substance and consideration is probable of substantially collection.

Revenue recognition policies for each type of revenue stream are as follows:

Product Revenues

- Performance obligations satisfied at a point in time

The Company primarily sells discounted gift card from retailers and computer products through individual order directly through the Company's online marketplace platform and its mobile application ("Z-City"). The Company accounts for the revenue generated from its sales of gift card and computer products on a gross basis as the Company is acting as a principal in these transactions and is responsible for fulfilling the promise to provide the specified goods, which the Company has control of the goods and has the ability to direct the use of goods to obtain substantially all the benefits. In making this determination, the Company also assesses whether it is primarily obligated in these transactions, is subject to inventory risk, has latitude in establishing prices, or has met several but not all of these indicators. The Company recognizes the sales of gift card and computer products revenue when the control of the specified goods is transferred to its customer. No refund or return policy is provided to the customer.

Loyalty Program

- Performance obligations satisfied at a point in time

The Company's Z-City reward loyalty program allows members to earn points on purchases that can be redeemed for rewards that include discounts on future purchases. When members purchase the Company's product or make purchase with the Company's participated vendor through Z-City, the Company allocate the transaction price between the product or service, and the loyalty points earned based on the relative stand-alone selling prices and expected point redemption. The portion allocated to the loyalty points is initially recorded as contract liability and subsequently recognized as revenue upon redemption or expiration.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The two primary estimates utilized to record the contract liability for loyalty points earned by members are the estimated retail price per point and estimated breakage. The estimated retail price per point is based on the actual historical retail prices of product purchased or service obtained through the redemption of loyalty points. The Company estimate breakage of loyalty points based on historical redemption rates. The Company continually evaluates its methodology and assumptions based on developments in retail price per point redeemed, redemption patterns and other factors. Changes in the retail price per point and redemption rates have the effect of either increasing or decreasing the contract liability through current period revenue by an amount estimated to represent the retail value of all points previously earned but not yet redeemed by loyalty program members as of the end of the reporting period.

Transactions Revenue

- Performance obligations satisfied at a point in time

The transactions revenues primarily consist of fees charged to merchants for participating in Z-City upon successful sales transaction and payment service taken place between the merchants and their customers online.

The Company earns transaction revenue from merchants when transactions are completed on certain retail marketplaces. Such revenue is generally determined as a percentage based on the value of merchandise or services being sold by the merchants. In connection with the transaction revenue, the Company offers to share the profit of the transaction (“agent commission”) to the agents who has referred merchants to participating in Company’s online marketplace platform and in Z-City. Transaction revenue is recognized, net of agent commission, in the consolidated statements of operations at the time when the underlying transaction is completed.

Agent Subscription Revenue

- Performance obligations satisfied at a point in time

In order to attract more merchants to join the Company’s online marketplace and in Z-City, the Company provides a right to the agent, an individual or a merchant, to join the Zagent program and assist the Company to develop more merchants to join its merchant network. The agent subscription revenues primarily consist of fees charged to the agents in exchange for the right by introducing merchants to join the Company’s merchant network and to earn a future fixed percentage of commission fee upon completion of each sales transaction. As the agent subscription fee is non-refundable, agent subscription revenue is recognized in the consolidated statements of operations at the time when an agent completed the Zagent program training and the remittance of payment of the subscription fee.

IT Professional Service Revenue

- Performance obligations satisfied at a point in time

The Company also generates revenue from IT professional service revenue which included server assembling and IT consulting set up service where a separate contract is entered into with the customers, such services are normally completed within one day. The Company bears a single performance obligation in the transaction of providing IT professional service to the customer. The Company recognizes revenue upon completion of a service performed at a point in time when the single performance obligation is satisfied and the Company has the right to receive payment for the services rendered.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Disaggregated information of revenues by products/services are as follows at a point in time:

	For the years ended	
	June 30, 2021	June 30, 2020
Product revenue and loyalty program revenue	\$ 13,889,370	\$ -
Transaction revenue	30,562	-
Agent subscription revenue	100,421	29,374
IT professional service revenue	-	238,792
Total revenues	\$ 14,020,353	\$ 268,166

Cost of revenues

Cost of revenues sold mainly consists of the purchases of the gift card or “E-voucher” pin code which is directly attributable to the sales of the gift card or “E-voucher” pin code.

Advertising costs

Advertising costs amounted to approximately \$1,855,000 and \$36,000 for the years ended June 30, 2021 and 2020, respectively.

Operating leases

A lease for which substantially all the benefits and risks incidental to ownership remain with the lessor is classified by the lessee as an operating lease. All leases of the Company are currently classified as operating leases. The Company records the total expenses on a straight-line basis over the lease term.

Research and development

Research and development expenses include salaries and other compensation-related expenses to the Company’s research and product development personnel, and related expenses for the Company’s research and product development team.

Defined contribution plan

The full-time employees of the Company are entitled to the government mandated defined contribution plan. The Company is required to accrue and pay for these benefits based on certain percentages of the employees’ respective salaries, subject to certain ceilings, in accordance with the relevant government regulations, and make cash contributions to the government mandated defined contribution plan. Total expenses for the plans were \$65,025 and \$2,410 for the years ended June 30, 2021 and 2020, respectively.

The related contribution plans include:

- Social Security Organization (“SOSCO”) – 1.75% based on employee’s monthly salary capped of RM 4,000;
- Employees Provident Fund (“EPF”) – 12% based on employee’s monthly salary;
- Employment Insurance System (“EIS”) – 0.2% based on employee’s monthly salary capped of RM 4,000;

Income taxes

The Company accounts for income taxes in accordance with U.S. GAAP for income taxes. The charge for taxation is based on the results for the fiscal year as adjusted for items, which are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Deferred taxes are accounted for using the asset and liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax basis used in the computation of assessable tax profit. In principle, deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilized. Deferred tax is calculated using tax rates that are expected to apply to the period when the asset is realized or the liability is settled. Deferred tax is charged or credited in the income statement, except when it is related to items credited or charged directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Current income taxes are provided for in accordance with the laws of the relevant taxing authorities.

An uncertain tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded. No penalties and interest incurred related to underpayment of income tax for the years ended June 30, 2021 and 2020.

The Company is incorporated in the State of Delaware and is required to pay franchise taxes to the State of Delaware on an annual basis.

The Company conducts much of its business activities in Malaysia and is subject to tax in its jurisdiction. As a result of its business activities, the Company will file separate tax returns that are subject to examination by the foreign tax authorities.

Comprehensive loss

Comprehensive loss consists of two components, net loss and other comprehensive loss. Other comprehensive loss refers to revenue, expenses, gains and losses that under GAAP are recorded as an element of stockholders’ equity but are excluded from net income. Other comprehensive loss consists of a foreign currency translation adjustment resulting from the Company not using the U.S. dollar as its functional currencies.

Loss per share

The Company computes earnings (loss) per share (“EPS”) in accordance with ASC 260, “Earnings per Share”. ASC 260 requires companies to present basic and diluted EPS. Basic EPS is measured as net income divided by the weighted average ordinary share outstanding for the period. Diluted EPS presents the dilutive effect on a per share basis of the potential ordinary shares (e.g., convertible securities, options and warrants) as if they had been converted at the beginning of the periods presented, or issuance date, if later. Potential ordinary shares that have an anti-dilutive effect (i.e., those that increase income per share or decrease loss per share) are excluded from the calculation of diluted EPS.

For the year ended June 30, 2021, a total of 1,063,560 contingent shares to be issued to the convertible note holders are excluded in the diluted EPS calculation due to its anti-diluted effect. For the year ended June 30, 2020, there were no dilutive shares.

Convertible notes

The Company evaluates its convertible notes to determine if those contracts or embedded components of those contracts qualify as derivatives. The result of this accounting treatment is that the fair value of the embedded derivative is recorded at fair value each reporting period and recorded as a liability. In the event that the fair value is recorded as a liability, the change in fair value is recorded in the statements of operations as other income or expense.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In circumstances where the embedded conversion option in a convertible instrument is required to be bifurcated and there are also other embedded derivative instruments in the convertible instrument that are required to be bifurcated, the bifurcated derivative instruments are accounted for as a single, compound derivative instrument.

If the conversion features of conventional convertible debt provide for a rate of conversion that is below market value at issuance, this feature is characterized as a beneficial conversion feature ("BCF"). A BCF is recorded by the Company as a debt discount pursuant to ASC Topic 470-20 "Debt with Conversion and Other Options." In those circumstances, the convertible debt is recorded net of the discount related to the BCF, and the Company amortizes the discount to interest expense, over the life of the debt.

Fair value measurements

Fair value is defined as the price that would be received for an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. When determining the fair value measurements for assets and liabilities, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability. The following summarizes the three levels of inputs required to measure fair value, of which the first two are considered observable and the third is considered unobservable:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value for certain assets and liabilities such as cash, accounts receivable, inventories, other receivables and other current assets, prepayments, accounts payable, customers deposits, other payables and accrued liabilities have been determined to approximate carrying amounts due to the short maturities of these instruments. The Company believes that its bank loans and convertible notes approximates fair value based on current yields for debt instruments with similar terms.

Related parties

Parties, which can be a corporation or individual, are considered to be related if the Company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

Recent accounting pronouncements

The Company considers the applicability and impact of all accounting standards updates ("ASUs"). Management periodically reviews new accounting standards that are issued. Under the Jumpstart Our Business Startups Act of 2012, as amended (the "JOBS Act"), the Company meets the definition of an emerging growth company and has elected the extended transition period for complying with new or revised accounting standards, which delays the adoption of these accounting standards until they would apply to private companies.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), to increase the transparency and comparability about leases among entities. The new guidance requires lessees to recognize a lease liability and a corresponding lease asset for virtually all lease contracts. It also requires additional disclosures about leasing arrangements. ASU 2016-02 is effective for interim and annual periods beginning after December 15, 2018, and requires a modified retrospective approach to adoption assuming the Company will remain an emerging growth company at that date. Early adoption is permitted. In September 2017, the FASB issued ASU No. 2017-13, which to clarify effective dates that public business entities and other entities were required to adopt ASC Topic 842 for annual reporting. A public business entity that otherwise would not meet the definition of a public business entity except for a requirement to include or the inclusion of its financial statements or financial information in another entity's filing with the SEC adopting ASC Topic 842 for annual reporting periods beginning after December 15, 2020, and interim reporting periods within annual reporting periods beginning after December 15, 2021. ASU No. 2017-13 also amended that all components of a leveraged lease be recalculated from inception of the lease based on the revised after-tax cash flows arising from the change in the tax law, including revised tax rates. The difference between the amounts originally recorded and the recalculated amounts must be included in income of the year in which the tax law is enacted. The Company has not early adopted this update and it will become effective on July 1, 2022 after FASB delayed the effective date for emerging growth companies with ASU 2020-05. The Company is currently evaluating the impact of this new standard on its consolidated financial statements and related disclosures.

In May 2019, the FASB issued ASU 2019-05, which is an update to ASU Update No. 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, which introduced the expected credit losses methodology for the measurement of credit losses on financial assets measured at amortized cost basis, replacing the previous incurred loss methodology. The amendments in Update 2016-13 added Topic 326, Financial Instruments—Credit Losses, and made several consequential amendments to the Codification. Update 2016-13 also modified the accounting for available-for-sale debt securities, which must be individually assessed for credit losses when fair value is less than the amortized cost basis, in accordance with Subtopic 326-30, Financial Instruments—Credit Losses—Available-for-Sale Debt Securities. The amendments in this Update address those stakeholders' concerns by providing an option to irrevocably elect the fair value option for certain financial assets previously measured at amortized cost basis. For those entities, the targeted transition relief will increase comparability of financial statement information by providing an option to align measurement methodologies for similar financial assets. Furthermore, the targeted transition relief also may reduce the costs for some entities to comply with the amendments in Update 2016-13 while still providing financial statement users with decision-useful information. In November 2019, the FASB issued ASU No. 2019-10, which to update the effective date of ASU No. 2016-13 for private companies, not-for-profit organizations and certain smaller reporting companies applying for credit losses, leases, and hedging standard. The new effective date for these preparers is for fiscal years beginning after December 15, 2022. ASU 2019-05 is effective for the Company for annual and interim reporting periods beginning July 1, 2023 as the Company is qualified as an emerging growth company. The Company is currently evaluating the impact ASU 2019-05 may have on its consolidated financial statements.

In December 2019, the FASB issued ASU 2019-12, "Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes". The amendments in this Update simplify the accounting for income taxes by removing certain exceptions to the general principles in Topic 740. The amendments also improve consistent application of and simplify GAAP for other areas of Topic 740 by clarifying and amending existing guidance. For public business entities, the amendments in this Update are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. Early adoption of the amendments is permitted, including adoption in any interim period for (1) public business entities for periods for which financial statements have not yet been issued and (2) all other entities for periods for which financial statements have not yet been made available for issuance. An entity that elects to early adopt the amendments in an interim period should reflect any adjustments as of the beginning of the annual period that includes that interim period. Additionally, an entity that elects early adoption must adopt all the amendments in the same period. The Company is currently evaluating the impact of this new standard on Company's consolidated financial statements and related disclosures.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In August 2020, the FASB issued ASU 2020-06, “Debt – Debt Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity’s Own Equity (Subtopic 815-40)”. The amendment in this Update is to address issues identified as a result of the complexity associated with applying generally accepted accounting principles (GAAP) for certain financial instruments with characteristics of liabilities and equity. For convertible instruments, the Board decided to reduce the number of accounting models for convertible debt instruments and convertible preferred stock. Limiting the accounting models results in fewer embedded conversion features being separately recognized from the host contract as compared with current GAAP. Convertible instruments that continue to be subject to separation models are (1) those with embedded conversion features that are not clearly and closely related to the host contract, that meet the definition of a derivative, and that do not qualify for a scope exception from derivative accounting and (2) convertible debt instruments issued with substantial premiums for which the premiums are recorded as paid-in capital. The amendments in this Update are effective for public business entities that meet the definition of a Securities and Exchange Commission (SEC) filer, excluding entities eligible to be smaller reporting companies as defined by the SEC, for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. The Board specified that an entity should adopt the guidance as of the beginning of its annual fiscal year. The Company has not early adopted this update and it will become effective on July 1, 2024 as the Company is qualified as an emerging growth company. The Company does not believe the adoption of this ASU would have a material effect on the Company’s consolidated financial statements and related disclosures.

In October 2020, the FASB issued ASU 2020-08, “Codification Improvements to Subtopic 310-20, Receivables—Nonrefundable Fees and Other Costs”. The amendments in this Update represent changes to clarify the Codification. The amendments make the Codification easier to understand and easier to apply by eliminating inconsistencies and providing clarifications. ASU 2020-08 is effective for the Company for annual and interim reporting periods beginning January 1, 2021. Early adoption was permitted, including adoption in an interim period. All entities should apply the amendments in this Update on a prospective basis as of the beginning of the period of adoption for existing or newly purchased callable debt securities. These amendments do not change the effective dates for Update 2017-08. The adoption of this standard on July 1, 2021 did not have a material impact on its consolidated financial statements.

In October 2020, the FASB issued ASU 2020-10, “Codification Improvements to Subtopic 205-10, presentation of financial statements”. The amendments in this Update improve the codification by ensuring that all guidance that requires or provides an option for an entity to provide information in the notes to financial statements is codified in the disclosure section of the codification. That reduce the likelihood that the disclosure requirement would be missed. The amendments also clarify guidance so that an entity can apply the guidance more consistently. ASU 2020-10 is effective for the Company for annual and interim reporting periods beginning January 1, 2022. Early application of the amendments is permitted for any annual or interim period for which financial statements are available to be issued. The amendments in this Update should be applied retrospectively. An entity should apply the amendments at the beginning of the period that includes the adoption date. The Company is currently evaluating the impact of this new standard on Company’s consolidated financial statements and related disclosures.

Except as mentioned above, the Company does not believe other recently issued but not yet effective accounting standards, if currently adopted, would have a material effect on the Company’s consolidated balance sheets, statements of operations and comprehensive loss and statements of cash flows.

Subtotal	112,225	336
Less: accumulated depreciation	(9,577)	(3)
Total	<u>\$ 102,648</u>	<u>\$ 333</u>

Depreciation expense for the years ended June 30, 2021 and 2020 amounted to \$9,627 and \$3, respectively.

Note 8 –Notes

Senior Note

On June 30, 2021 we issued a 12% Redeemable Senior Note in the principal amount of \$65,000 to Yong Kim Fong, a Malaysian citizen (the “Fong Note”). The Fong Note bears interest at 12.00% per annum and is due on the earlier of (x) the date on which our common stock is listed on Nasdaq and (y) July 1, 2024. The Fong Note is prepayable in full, but not in part.

Convertible Notes

The Company evaluated the convertible notes agreement under ASC 815 Derivatives and Hedging (“ASC 815”). ASC 815 generally requires the analysis embedded terms and features that have characteristics of derivatives to be evaluated for bifurcation and separate accounting in instances where their economic risks and characteristics are not clearly and closely related to the risks of the host contract. None of the embedded terms required bifurcation and liability classification.

On November 13, 2020, the Company issue a convertible note, to an accredited investor, in the aggregate principal amount of \$2,123,600. Pursuant to the agreement, the note bear an interest rate of 13.33% per annum, payable (i) on December 31, 2020; (ii) during calendar year 2021, monthly on the last day of each month and (iii) during calendar years 2022 and 2023 until the Maturity Date, semiannually on each June 30 and December 31; provided that for calendar year 2023 the final interest payment date shall be the Maturity Date. The Company evaluated the convertible notes agreement under ASC 815, which generally requires the analysis embedded terms and features that have characteristics of derivatives to be evaluated for bifurcation and separate accounting in instances where their economic risks and characteristics are not clearly and closely related to the risks of the host contract. None of the embedded terms in the convertible notes required bifurcation and liability classification. However, the Company was required to determine if the debt contained a beneficial conversion feature (“BCF”), which is based on the intrinsic value on the date of issuance. The Company evaluated the convertible notes for a beneficial conversion feature in accordance with ASC 470-20 “Debt with Conversion and Other Options”. The Company determined that the conversion price (\$4.00) was below the market price (\$5.48) as per an enterprise per share value appraised from an independent third party, and the convertible notes contained a beneficial conversion feature. The Company recognized the intrinsic value of embedded conversion feature of \$785,065 in the convertible notes as additional paid-in capital and reduced the carrying value of the convertible notes as a debt discount. In addition, notes issuance costs in connection with this note amounted \$212,360 and reduced the carrying value of the convertible notes as a debt discount. The carrying value, net of debt discount, will be accreted over the term of the term of the convertible notes from date of issuance to date of maturity using effective interest rate method. For the year ended June 30, 2021, amortization of debt discount amounted to \$238,917.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In May and June 2021, the Company issue various batches of convertible notes to 6 accredited investors, in the aggregate principal amount of \$3,610,361. Pursuant to the agreement, the maturity date is 36 months after the issuance, provided that if an initial public offer (“IPO”) listing is not successful, the accredited investors should be entitled to require the Company to redeem the convertible notes at the subscription/conversion of \$6.90 per share along with interest payable at the rate of 12% per annum. The Company also evaluated the convertible notes agreement under ASC 815 and determined none of the embedded terms in the convertible notes required bifurcation and liability classification. However, the Company was required to determine if the debt contained a BCF and determined that the conversion price (\$6.90) was above the market price (\$5.48) as per an enterprise per share value appraised from an independent third party, and the convertible notes do not contain a beneficial conversion feature. As a result, the Company record the proceeds received from these convertible notes as a liability in its entirety.

For the year ended June 30, 2021, interest expenses related to the aforementioned convertible notes amounted to \$163,414.

Note 9 – Other payables and accrued liabilities

	As of June 30, 2021	As of June 30, 2020
Accrued professional fees (i)	\$ 350,672	\$ 70,407
Accrued promotion expenses (ii)	45,334	-
Accrued payroll	76,282	5,094
Accrued interest (iii)	70,223	-
Others	1,088	3,158
Total other payables and accrued liabilities	<u>\$ 543,599</u>	<u>\$ 78,659</u>

(i) Accrued professional fees

The balance of accrued professional fees represented amount due to third parties service providers which include marketing consulting service, IT related professional service, audit fee, and consulting fee related to capital raising.

(ii) Accrued promotion expense

The balance of accrued promotion expense represented the balance of profit sharing payable to the Company’s merchant and subscribed agents to promote business growth.

(iii) Accrued interest

The balance of accrued interest represented the balance of interest payable from convertible note aforementioned in Note 7.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Related party loan

On December 7, 2020, the Company obtained right of use of a vehicle through signing a trust of deed with Chan Chong “Sam” Teo, the Chief Executive Officer and a shareholder of TGI. In return, the Company is obligated to remit monthly installment auto loan payment related to this vehicle on behalf of the related party mentioned above. The total amount of loan that the Company is entitled to repay is approximately \$27,000 (RM 114,000). The auto loan bear 5.96% of interest rate per annum with 60 equal monthly installment payment due on the first of each month. As of June 30, 2021, such loan has an outstanding balance of \$25,081, of which \$20,070 due after 12 months period and classified as related party loan, non-current portion. The interest expense was \$787 during the year ended June 30, 2021.

Note 11 - Stockholders' Equity

Common stock

As of June 30, 2021, TGI is authorized to issue 10,000,000 shares having a par value of \$0.00001 per share. In October 2021, TGI increased its authorized shares to 170,000,000 shares as part of the Reorganization with GEM, consisting of 150,000,000 shares of common stock with \$0.00001 par value, and 20,000,000 shares of preferred stock with \$0.00001 par value. The share capital increased of TGI presented herein is prepared on the basis as if the Reorganization became effective as of the beginning of the first period presented of shares capital of GEM.

In June 2017, the Company issued 10,312,585 shares of common stock and collectively received cash proceeds of \$242 in exchange of such of issuance.

Capital contributions

For the years ended June 30, 2021 and 2020, the Company's shareholders made capital contributions of \$478,992 and \$240,754 to the Company, respectively.

Beneficial conversion feature from issuance of convertible note

On November 13, 2020, the Company issue a convertible note, to an accredited investor, in the aggregate principal amount of \$2,123,600. The Company determined that convertible notes contained a beneficial conversion feature. As a result, the Company recognized the fair value of embedded conversion feature of \$785,065 in the convertible notes as additional paid-in capital and reduced the carrying value of the convertible notes as a debt discount.

Note 12 – Income taxes

The United States and foreign components of loss before income taxes were comprised of the following:

	For the years ended	
	June 30,	
	2021	2020
Tax jurisdictions from:		
- Local – United States	\$ (3,557,326)	\$ -
- Foreign – Malaysia	(4,364,254)	(110,974)
Loss before income tax	\$ (7,921,580)	\$ (110,974)

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The provision for income taxes consisted of the following:

	For the Year Ended June 30, 2021	For the Year Ended June 30, 2020
Current:		
- Local	\$ 2,000	\$ -
- Foreign	-	-
Provision for income taxes	<u>\$ 2,000</u>	<u>\$ -</u>

The effective tax rate in the periods presented is the result of the mix of income earned in various tax jurisdictions that apply a broad range of income tax rates. The Company and its subsidiary that operate in various countries: United States, and Malaysia are subject to taxes in the jurisdictions in which they operate, as follows:

United States of America

TGI was incorporated in the State of Delaware and is subject to the tax laws of the United States of America. As of June 30, 2021, the operations in the United States of America incurred \$3,557,326 of cumulative net operating losses which can be carried forward to offset future taxable income. The deferred tax valuation allowance as of June 30, 2021 and 2020 were \$747,038 and \$0, respectively.

TGI also subject to controlled foreign corporations Subpart F income (“Subpart F”) tax, which is a tax primarily on passive income from controlled foreign corporations with a tax rate of 35%. In addition, the Tax Cuts and Jobs Act imposed a global intangible low-taxed income (“GILTI”) tax, which is a tax on certain off-shore earnings at an effective rate of 10.5% for tax years (50% deduction of the current enacted tax rate of 21%) with a partial offset for 80% foreign tax credits. If the foreign tax rate is 13.125% or higher, there will be no U.S. corporate tax after the 80% foreign tax credits are applied.

For the years ended June 30, 2021 and 2020, the Company’s foreign subsidiaries did not generate any income that are subject to Subpart F tax and GILTI tax.

Malaysia

GEM is governed by the income tax laws of Malaysia and the income tax provision in respect of operations in Malaysia is calculated at the applicable tax rates on the taxable income for the periods based on existing legislation, interpretations and practices in respect thereof. Under the Income Tax Act of Malaysia, enterprises that incorporated in Malaysia are usually subject to a unified 24% enterprise income tax rate while preferential tax rates, tax holidays and even tax exemption may be granted on case-by-case basis.

The following table reconciles the local (United States) statutory rates to the Company’s effective tax rate for the periods indicated below:

	For the years ended	
	June 30,	
	2021	2020
U.S. statutory rate	21.0%	21.0%
Differential of Malaysia statutory tax rate	3.0%	(4.0)%
Change in valuation allowance	(24.0)%	(17.0)%
Permanent difference	(0.1)%	-
Effective tax rate	<u>(0.1)%</u>	<u>-</u>

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The following table sets forth the significant components of the aggregate deferred tax assets of the Company as of:

	<u>As of June 30, 2021</u>	<u>As of June 30, 2020</u>
Deferred tax assets:		
Beginning net operating loss	\$ 18,865	\$ -
Net operating loss carry forwards in U.S.	747,038	-
Net operating loss carry forwards in Malaysia	1,047,421	18,865
Less: valuation allowance	(1,813,324)	(18,865)
Deferred tax assets	<u>\$ -</u>	<u>\$ -</u>

Uncertain tax positions

The Company evaluates each uncertain tax position (including the potential application of interest and penalties) based on the technical merits, and measure the unrecognized benefits associated with the tax positions. As of June 30, 2021 and 2020, the Company did not have any significant unrecognized uncertain tax positions. The Company did not incur interest and penalties tax for the years ended June 30, 2021 and 2020.

Note 13. Concentrations of risks

(a) Major customers

For the year ended June 30, 2021, no customer accounted for 10% or more of the Company's total revenues. For the year ended June 30, 2020, one customer accounted for approximately 83.0% of the Company's total revenues.

As of June 30, 2021, one customer accounted for 100% of the total balance of accounts receivable, respectively. As of June 30, 2020, one customer accounted for 98.0% of the total balance of accounts receivable.

(b) Major vendors

For the year ended June 30, 2021, one vendor accounted for approximately 86.2% of the Company's total purchases. For the year ended June 30, 2020, one vendor accounted for 100% of the Company's total purchases, respectively.

As of June 30, 2021, three vendors accounted for approximately 38.7%, 16.6% and 14.0% of the total balance of accounts payable, respectively. As of June 30, 2020, three vendors accounted for approximately 41.6%, 21.2% and 10.0% of the total balance of accounts payable, respectively.

(c) Credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash. As of June 30, 2021 and 2020, \$2,843,398 and \$372 were deposited with financial institutions or fund received from customer being held in third party platform's fund account, respectively, \$2,456,102 and \$0 of these balances are not covered by deposit insurance. While management believes that these financial institutions are of high credit quality, it also continually monitors their credit worthiness.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Financial instruments that are potentially subject to credit risk consist principally of accounts receivable. The Company believes the concentration of credit risk in its account receivable is substantially mitigated by its ongoing credit evaluation process and relatively short collection terms. The Company does not generally require collateral from customers. The Company evaluates the need for an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends and other information. Historically, the Company did not have any bad debt on its account receivable.

(d) Exchange rate risk

The Company cannot guarantee that the current exchange rate will remain steady; therefore, there is a possibility that the Company could post the same amount of profit for two comparable periods and because of the fluctuating exchange rate actually post higher or lower profit depending on exchange rate of RM and HK\$ converted to US\$ on that date. The exchange rate could fluctuate depending on changes in political and economic environments without notice.

Note 14. Commitments and contingencies

Lease commitments

The Company's commitment for minimum lease payments under the remaining operating leases as of June 30, 2021 for the next five years is as follows:

The five-year maturity of the Company's operating lease liabilities is as follow:

Twelve Months Ending June 30,	Operating lease liabilities
2022	\$ 28,930
2023	14,465
Total lease payments	<u>\$ 43,395</u>

Rent expense for the years ended June 30, 2021 and 2020 was \$25,895 and \$463, respectively.

Contingencies

Legal

From time to time, the Company is party to certain legal proceedings, as well as certain asserted and un-asserted claims. Amounts accrued, as well as the total amount of reasonably possible losses with respect to such matters, individually and in the aggregate, are not deemed to be material to the consolidated financial statements.

TREASURE GLOBAL INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

COVID-19

Since the declaration of the COVID-19 a pandemic on March 11, 2020, by the World Health Organization or WHO, Malaysia has been put through various stages of lockdowns such as (1) full movement control orders (“MCO”), under which, quarantines, travel restrictions, and the temporary closure of stores and facilities in Malaysia were made mandatory, (2) MCO were eased to a Conditional Movement Control Order (“CMCO”) where most business sectors were allowed to operate under strict rules and Standard Operating Procedures mandated by the government of Malaysia and (3) CMCO were further relaxed to Recovery Movement Control Order (“RMCO”). On January 12, 2021, due to a resurgence of COVID-19 cases, the Malaysian government declared a state of emergency nationwide to combat COVID-19. Intermittent lockdowns were imposed in various states and districts in the country. February 2021 marked a significant month for Malaysia as all frontline staff of the country, which comprised those in healthcare, police, the Volunteers Department of Malaysia, the Fire and Rescue Department of Malaysia and civil defense sectors were vaccinated. On February 16, 2021, Prime Minister, Tan Sri Muhyiddin Yassin announced that a National COVID-19 Immunization Plan will be implemented for one year after February 2021, which 80% of the Malaysia population will be vaccinated to achieve herd immunization. On March 5, 2021, lockdowns in most part of the country was eased to a CMCO, nevertheless, COVID-19 cases in the country continue to rise. On May 12, 2021, Malaysia was again put under a full lockdown nationwide, until the earlier of (i) daily COVID-19 cases infection of the country fall below 4,000; (ii) intensive Unit Care, or ICU, wards start operating at a moderate level; or (iii) 10% of the Malaysian population is fully vaccinated. The country was administering over 400,000 doses of COVID-19 vaccines daily. On July 17, 2021, the full lockdown was slightly eased as 13.9% of the Malaysian population was fully vaccinated, with another 30% having received at least one dose of the vaccine. The COVID-19 situation in the country showed no sign of abating. Kuala Lumpur and Selangor remained the epicenter of the latest wave of infections. Total COVID-19 cases in the country surpassed the one million mark on July 25, 2021, and daily cases hit a record high of 24,599 on August 26, 2021. Despite the deteriorating COVID-19 state, the government lifted Kuala Lumpur from Enhanced Movement Control Order (“EMCO”) ahead of schedule and ended the nationwide state of emergency on August 1, 2021. Parliament met for the first time this year on July 26, 2021. Malaysia pressed on with its National COVID-19 Immunization Plan, fast inoculating its residents. COVID-19 infection started to drop below the 10,000 mark daily, beginning October 3, 2021. Effective October 11, 2021, interstate and international travel restrictions were lifted for residents who had been fully vaccinated against COVID-19 as the country achieved its target of inoculating 90% of its adult population. The government is preparing to shift into an endemic COVID-19 phase where it will not impose wide lockdowns even if cases rise. As of January 6, 2022, over 78.0% of the country’s population have been fully vaccinated.

Substantially all of the Company’s revenues are concentrated in Malaysia. Consequently, the Company’s results of operations will likely be adversely, and may be materially, affected, to the extent that the COVID-19 or any other epidemic harms the Malaysia and global economy in general. Any potential impact to the results will depend on, to a large extent, future developments and new information that may emerge regarding the duration and severity of the COVID-19 and the actions taken by government authorities and other entities to contain the COVID-19 or treat its impact, almost all of which are beyond the Company’s control. Potential impacts include, but are not limited to, the following:

- temporary closure of offices, travel restrictions, financial impact of the Company’s customers may be negatively affected, and could continue to negatively affect the demand for the Company’s product;
- the Company may have to provide significant sales incentives to its customers during the outbreak, which may in turn materially adversely affect its financial condition and operating results; and
- the Company may experience a slow-down in hiring new personnel which may adversely impact on the Company’s business operation.

Because of the uncertainty surrounding the COVID-19 outbreak, the financial impact related to the outbreak of and response to the COVID-19 cannot be reasonably estimated at this time.

15. SUBSEQUENT EVENTS

The Company evaluated all events and transactions that occurred after June 30, 2021 up through the date the Company issued these consolidated financial statements on January 25, 2022.

Convertible Redeemable Notes

Item 14. Indemnification of Directors and Officers.

Section 102 of the General Company Law of the State of Delaware ("DGCL") permits a Company to eliminate the personal liability of directors of a Company to the Company or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our charter provides that no director of the Company shall be personally liable to it or its stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability, except to the extent that the DGCL prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty.

Section 145 of the DGCL provides that a Company has the power to indemnify a director, officer, employee, or agent of the Company, or a person serving at the request of the Company for another Company, partnership, joint venture, trust or other enterprise in related capacities against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he was or is a party or is threatened to be made a party to any threatened, ending or completed action, suit or proceeding by reason of such position, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and, in any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, except that, in the case of actions brought by or in the right of the Company, no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the Company unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

[Our charter provides that we will indemnify to the fullest extent permitted from time to time by the DGCL or any other applicable laws as presently or hereafter in effect, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, including, without limitation, an action by or in the right of the Company, by reason of his acting as a director or officer of the Company or any of its subsidiaries (and the Company, in the discretion of the Board, may so indemnify a person by reason of the fact that he is or was an employee or agent of the Company or any of its subsidiaries or is or was serving at the request of the Company in any other capacity for or on behalf of the Company) against any liability or expense actually and reasonably incurred by such person in respect thereof; *provided, however*, the Company shall be required to indemnify an officer or director in connection with an action, suit or proceeding (or part thereof) initiated by such person only if (i) such action, suit or proceeding (or part thereof) was authorized by the Board and (ii) the indemnification does not relate to any liability arising under Section 16(b) of the Exchange Act, as amended, or any rules or regulations promulgated thereunder. Such indemnification is not exclusive of any other right to indemnification provided by law or otherwise.

If a claim is not paid in full by the Company, the claimant may at any time thereafter bring suit against the Company to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where any undertaking required by the Bylaws has been tendered to the Company) that the claimant has not met the standards of conduct which make it permissible under the DGCL for the Company to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Company. Neither the failure of the Company (including its Board, legal counsel, or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Company (including its Board, legal counsel, or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct. Indemnification shall include payment by the Company of expenses in defending an action or proceeding in advance of the final disposition of such action or proceeding upon receipt of an undertaking by the person indemnified to repay such payment if it is ultimately determined that such person is not entitled to indemnification.]

In any underwriting agreement we enter into in connection with the sale of common stock being registered hereby, the underwriters will agree to indemnify, under certain conditions, us, our directors, our officers and persons who control us within the meaning of the Securities Act of 1933, as amended, or the Securities Act, against certain liabilities.

Item 15. Recent Sales of Unregistered Securities.

Since the Company's incorporation on March 20, 2020, the registrant has granted or issued the following securities of the registrant that were not registered under the Securities Act, as amended.

(a) Issuance of Capital Stock.

On July 1, 2020 the Company issued 10,000,000 shares of its common stock to Kok Pin "Darren" Tan, our former Chief Executive Officer, who has subsequently transferred his shares to 16 persons and entities and holds less than 5% of the Company's common stock

On July 1, 2021 the Company issued 232,666 shares of its common stock to Exchange Listing LLC pursuant to a consulting agreement.

On October 27, 2021 the Company issued 312,585 shares of its common stock to three individuals pursuant to a Share Swap Agreement, as amended in consideration for all of the equity of Gem Reward Sdn. Bhd.

The issuance of the capital stock listed above was deemed exempt from registration under Section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder in that the issuance of securities were made to an accredited investor and did not involve a public offering. The recipient of such securities represented its intention to acquire the securities for investment purposes only and not with a view to or for sale in connection with any distribution thereof.

(b) Warrants.

On July 1, 2021, we issued a five-year warrant to purchase 300,000 shares of our common stock to Exchange Listing, LLC pursuant to a consulting agreement dated July 1, 2021 between us and Exchange Listing, LLC. The warrant exercise price of \$4.00 per share.

The issuance of the warrants listed above were deemed exempt from registration under Section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder in that the issuance of securities were made to an accredited investor and did not involve a public offering. The recipient of such securities represented its intention to acquire the securities for investment purposes only and not with a view to or for sale in connection with any distribution thereof.

(c) Option Grants.

None.

The option described above were deemed exempt from registration in reliance on Section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder in that the issuance of securities were made to an accredited investor and did not involve a public offering. The recipients of such securities represented its intention to acquire the securities for investment purposes only and not with a view to or for sale in connection with any distribution thereof.

(d) Issuance of Notes.

The Fong Note bears interest at 12.00% per annum and is due on the earlier of (x) the date on which our common stock is listed on Nasdaq and (y) July 1, 2024. The Fong Note is prepayable in full, but not in part.

On July 10, 2021 we issued a Convertible Redeemable Note in the principal amount of \$36,879.00 to Tan Ann Bee, an existing stockholder of the Company (the “Bee Note”). The Bee Note is convertible by the Company in full, but not in part, into 5,344 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Bee Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Bee Note is prepayable at any time. On June 30, 2021, the Securities Purchase Agreement related to the Bee Note was executed and on such date the Company received \$36,879.00 for the purchase of the Bee Note.

On July 29, 2021 we issued a Convertible Redeemable Note in the principal amount of \$236,462.52 to Kainan Resources Sdn Bhd, a Malaysian private limited company (the “Kainan Note 2”). The Kainan Note 2 is convertible by the Company in full, but not in part, into 34,270 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Kainan Note 2 is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Kainan Note 2 is prepayable at any time.

On September 22, 2021 we issued a Convertible Redeemable Note in the principal amount of \$240,442.41 to Chuah Su Mei, an existing stockholder of the Company (the “Chuah Note”). The Chuah Note is convertible by the Company in full, but not in part, into 34,847 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Chuah Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Chuah Note is prepayable at any time.

On October 20, 2021 we issued a Convertible Redeemable Note in the principal amount of \$120,235.66 to Click Development Berhad, a Malaysian company and an existing stockholder of the Company (the “Click Note”). The Click Note is convertible by the Company in full, but not in part, into 17,425 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Click Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Click Note is prepayable at any time.

On November 4, 2021 we issued a Convertible Redeemable Note in the principal amount of \$120,555.15 to Whitney Tan Ann Bee, an existing stockholder of the Company (the “Whitney Bee Note”). The Whitney Bee Note is convertible by the Company in full, but not in part, into 17,472 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Whitney Bee Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Whitney Bee Note is prepayable at any time.

On November 4, 2021 we issued a Redeemable Convertible Note in the principal amount of \$1,013,106.38 to Repro Solution Sdn Bhd, a Malaysian private limited company and an existing stockholder of the Company (the “Repro Note 2”). The Repro Note 2 is convertible by the Company in full, but not in part, into 146,827 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Repro Note 2 is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The Repro Note 2 is prepayable at any time.

On November 5, 2021 we issued a Convertible Redeemable Note in the principal amount of \$108,590.73 to World Cloud Ventures Sdn Bhd, a Malaysian private company and an existing stockholder of the Company (the “World Cloud Note”). The World Cloud Note is convertible by the Company in full, but not in part, into 15,738 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The World Cloud Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. The World Cloud Note is prepayable at any time. Jau Long “Jerry” Ooi, a Vice President of the Company owns 50% of the equity of World Cloud Ventures Sdn. Bhd.

On January 3, 2022 we issued a Convertible Redeemable Note in the principal amount of \$568,308.87 to Cloudmaxx Sdn Bhd, a Malaysian private company (the “Cloudmaxx Note”). The Cloudmaxx Note is convertible by the Company in full, but not in part, into 82,363 shares of our common stock and such conversion is mandatory upon the listing of our shares of common stock on Nasdaq. The Cloudmaxx Note is due on the third anniversary of the issuance date and does not bear interest unless it has not been converted by the third anniversary of its issuance date, in which case it shall bear interest from the time of issuance at 12% per annum. Jau Long “Jerry” Ooi, a Vice President of the Company owns 30% of the equity of Cloudmaxx Sdn. Bhd.

The notes described above was deemed exempt from registration in reliance on Section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder in that the issuance of securities were made to an accredited investor and did not involve a public offering. The recipients of such securities represented its intention to acquire the securities for investment purposes only and not with a view to or for sale in connection with any distribution thereof.

Item 16. Exhibits and Financial Statement Schedules.

(a) *Exhibits*: Reference is made to the Exhibit Index following the signature pages hereto, which Exhibit Index is hereby incorporated into this Item.

(b) *Financial Statement Schedules*: All schedules are omitted because the required information is inapplicable or the information is presented in the financial statements and the related notes.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the “Securities Act”);

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to any charter provision, by law or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized in the City of New York, State of New York, on [*], 2022.

**CERTIFICATE OF INCORPORATION
OF
Treasure Global Inc**

FIRST: The name of the corporation is: Treasure Global Inc

SECOND: Its registered office in the State of Delaware is located at 16192 Coastal Highway, Lewes, Delaware 19958, County of Sussex. The registered agent in charge thereof is Harvard Business Services, Inc.

THIRD: The purpose of the corporation is to engage in any lawful activity for which corporations may be organized under the General Corporation Law of Delaware.

FOURTH: The total number of shares of stock which the corporation is authorized to issue is 10,000,000 shares having a par value of \$0.0000100 per share.

FIFTH: The business and affairs of the corporation shall be managed by or under the direction of the board of directors, and the directors need not be elected by ballot unless required by the bylaws of the corporation.

SIXTH: This corporation shall be perpetual unless otherwise decided by a majority of the Board of Directors.

SEVENTH: In furtherance and not in limitation of the powers conferred by the laws of Delaware, the board of directors is authorized to amend or repeal the bylaws.

EIGHTH: The corporation reserves the right to amend or repeal any provision in this Certificate of Incorporation in the manner prescribed by the laws of Delaware.

NINTH: The incorporator is Harvard Business Services, Inc., whose mailing address is 16192 Coastal Highway, Lewes, DE 19958.

TENTH: To the fullest extent permitted by the Delaware General Corporation Law a director of this corporation shall not be liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director.

I, the undersigned, for the purpose of forming a corporation under the laws of the State of Delaware do make and file this certificate, and do certify that the facts herein stated are true; and have accordingly signed below, this March 20, 2020.

Signed and Attested to by:

/s/ Michael J. Bell

BYLAWS
OF
TREASURE GLOBAL INC
(A DELAWARE CORPORATION)

ARTICLE I
CORPORATE OFFICES

In addition to the registered office set forth in the certificate of incorporation of Treasure Global Inc, a Delaware corporation (the "Corporation"), the Board of Directors of the Corporation (the "Board") may at any time establish other offices at any place or places where the Corporation is qualified to do business.

ARTICLE II
MEETINGS OF STOCKHOLDERS

2.1 Place of Meetings. Meetings of stockholders shall be held at any place, within or outside the state of Delaware, designated by the Board. In the absence of any such designation, stockholders' meetings shall be held at the registered office of the Corporation.

2.2 Annual Meeting. The annual meeting of stockholders shall be held on such date, time and place, either within or outside the state of Delaware, as may be designated by resolution of the Board each year. At the meeting, directors shall be elected and any other proper business may be transacted.

2.3 Special Meeting. A special meeting of the stockholders may be called at any time by the Board, the chairman of the Board, the chief executive officer, the president, or by one or more stockholders holding shares in the aggregate entitled to cast not less than ten percent (10%) of the votes at that meeting. If a special meeting is called by any person or persons other than the Board, the chairman of the board, the chief executive officer, or the president, the request shall be in writing, specifying the time of such meeting and the general nature of the business proposed to be transacted, and shall be delivered personally or sent by registered mail or by email, telegraphic, or other facsimile or electronic transmission to the chairman of the Board, the chief executive officer, the president, or the secretary of the Corporation. No business may be transacted at such special meeting otherwise than specified in such notice. The officer receiving the request shall cause notice to be promptly given to the stockholders entitled to vote, in accordance with the provisions of Sections 2.4 and 2.5 of this Article II, that a meeting will be held at the time requested by the person or persons calling the meeting, not less than thirty-five (35) nor more than sixty (60) days after the receipt of the request. If the notice is not given within twenty (20) days after the receipt of the request, the person or persons requesting the meeting may give the notice. Nothing contained in this paragraph of this Section 2.3 shall be construed as limiting, fixing, or affecting the time when a meeting of stockholders called by action of the Board may be held.

2.4 Notice of Stockholders' Meetings. All notices of meetings with stockholders shall be in writing and shall be sent or otherwise given in accordance with Section 2.5 of these bylaws not less than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting. The notice shall specify the place (if any), date, and hour of the meeting, and in the case of a special meeting, the purpose, or purposes for which the meeting is called.

2.5 Manner of Giving Notice; Affidavit of Notice. Written notice of any meeting of stockholders, if mailed, is given when deposited in the United States mail, postage prepaid, directed to the stockholder at his, her, or its address as it appears on the records of the Corporation. Without limiting the manner by which notice otherwise may be given effectively to stockholders, any notice to stockholders may be given by electronic mail or other electronic transmission, in the manner provided in Section 232 of the Delaware General Corporation Law. An affidavit of the secretary or an assistant secretary or of the transfer agent of the Corporation that the notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein.

2.6 Quorum. The holders of a majority of the shares of stock issued and outstanding and entitled to vote, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the certificate of incorporation. If, however, such quorum is not present or represented at any meeting of the stockholders, then either (a) the chairman of the meeting or (b) holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, shall have power to adjourn the meeting to another place (if any), date, or time.

2.7 Adjourned Meeting; Notice. When a meeting is adjourned to another place (if any), date or time, unless these bylaws otherwise require, notice need not be given of the adjourned meeting if the time and place (if any), thereof and the means of remote communications (if any) by which stockholders and proxyholders may be deemed to be present and vote at such adjourned meeting, are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Corporation may transact any business that might have been transacted at the original meeting. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the place (if any), date, and time of the adjourned meeting and the means of remote communications (if any) by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

2.8 Organization; Conduct of Business. Such person as the Board may have designated or, in the absence of such a person, the chief executive officer, or in his or her absence, the president or, in his or her absence, such person as may be chosen by the holders of a majority of the shares entitled to vote who are present, in person or by proxy, shall call to order any meeting of the stockholders and act as chairman of the meeting. In the absence of the secretary of the Corporation, the secretary of the meeting shall be such person as the chairman of the meeting appoints. The chairman of any meeting of stockholders shall determine the order of business and the procedure at the meeting, including the manner of voting and the conduct of business. The date and time of opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting.

2.9 Voting. The stockholders entitled to vote at any meeting of stockholders shall be determined in accordance with the provisions of Section 2.12 of these bylaws, subject to the provisions of Sections 217 and 218 of the General Corporation Law of Delaware (relating to voting rights of fiduciaries, pledgors and joint owners of stock and to voting trusts and other voting agreements). Except as may be otherwise provided in the certificate of incorporation, each stockholder shall be entitled to one vote for each share of capital stock held by such stockholder. All elections shall be determined by a plurality of the votes cast, and except as otherwise required by law, all other matters shall be determined by a majority of the votes cast affirmatively or negatively.

2.10 Waiver of Notice. Whenever notice is required to be given under any provision of the Delaware General Corporation Law or of the certificate of incorporation or these bylaws, a written waiver thereof, signed by the person entitled to notice, or waiver by electronic mail or other electronic transmission by such person, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders need be specified in any written waiver of notice, or any waiver of notice by electronic transmission, unless so required by the certificate of incorporation or these bylaws.

2.11 Stockholder Action by Written Consent Without a Meeting. Unless otherwise provided in the certificate of incorporation, any action required to be taken at any annual or special meeting of stockholders of the Corporation, or any action that may be taken at any annual or special meeting of such stockholders, may be taken without a meeting, without prior notice, and without a vote if a consent in writing, setting forth the action so taken, is (a) signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, and (b) delivered to the Corporation in accordance with Section 228(a) of the Delaware General Corporation Law. Every written consent shall bear the date of signature of each stockholder who signs the consent and no written consent shall be effective to take the corporate action referred to therein unless, within sixty (60) days of the date the earliest dated consent is delivered to the Corporation, a written consent or consents signed by a sufficient number of holders to take action are delivered to the Corporation in the manner prescribed in this Section. A telegram, cablegram, electronic mail, or other electronic transmission consenting to an action to be taken and transmitted by a stockholder or proxyholder, or by a person or persons authorized to act for a stockholder or proxyholder, shall be deemed to be written, signed and dated for purposes of this Section to the extent permitted by law. Any such consent shall be delivered in accordance with Section 228(d)(1) of the Delaware General Corporation Law. Any copy, facsimile, or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile, or other reproduction shall be a complete reproduction of the entire original writing. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing (including by electronic mail or other electronic transmission as permitted by law). If the action which is consented to is such as would have required the filing of a certificate under any section of the Delaware General Corporation Law if such action had been voted on by stockholders at a meeting thereof, then the certificate filed under such section shall state, in lieu of any statement required by such section concerning any vote of stockholders, that written notice and written consent have been given as provided in Section 228 of the General Corporation Law of Delaware.

2.12 Record Date for Stockholder Notice; Voting; Giving Consents. In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, or entitled to express consent to corporate action in writing without a meeting, or entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board may fix, in advance, a record date, which shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. If the Board does not so fix a record date:

(a) The record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held.

(b) The record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board is necessary, shall be the day on which the first written consent (including consent by electronic mail or other electronic transmission as permitted by law) is delivered to the Corporation.

(c) The record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting, if such adjournment is for thirty (30) days or less; provided, however, that the Board may fix a new record date for the adjourned meeting.

2.13 Proxies. Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may authorize another person or persons to act for such stockholder by an instrument in writing or by an electronic transmission permitted by law filed with the secretary of the Corporation, but no such proxy shall be voted or acted upon after three (3) years from its date, unless the proxy provides for a longer period. A proxy shall be deemed signed if the stockholder's name is placed on the proxy (whether by manual signature, typewriting, facsimile, electronic or telegraphic transmission or otherwise) by the stockholder or the stockholder's attorney-in-fact. The revocability of a proxy that states on its face that it is irrevocable shall be governed by the provisions of Section 212(e) of the Delaware General Corporation Law.

ARTICLE III DIRECTORS

3.1 Powers. Subject to the provisions of the Delaware General Corporation Law and any limitations in the certificate of incorporation or these bylaws relating to action required to be approved by the stockholders or by the outstanding shares, the business and affairs of the Corporation shall be managed and all corporate powers shall be exercised by or under the direction of the Board.

3.2 Number of Directors. Upon the adoption of these bylaws, the number of directors constituting the entire Board shall be one (1). Thereafter, this number may be changed by a resolution of the Board or of the stockholders, subject to Section 3.4 of these bylaws. No reduction of the authorized number of directors shall have the effect of removing any director before such director's terms of office expires.

3.3 Election, Qualification, and Term of Office of Directors. Except as provided in Section 3.4 of these bylaws, and unless otherwise provided in the certificate of incorporation, directors shall be elected at each annual meeting of stockholders to hold office until the next annual meeting. Directors need not be stockholders unless so required by the certificate of incorporation or these bylaws, wherein other qualifications for directors may be prescribed. Each director, including a director elected to fill a vacancy, shall hold office until his or her successor is elected and qualified or until his or her earlier resignation or removal. Unless otherwise specified in the certificate of incorporation, elections of directors need not be by written ballot.

3.4 Resignation and Vacancies. Any director may resign at any time upon written notice to the attention of the Secretary of the Corporation. Notwithstanding the provisions of Section 223(a)(1) and 223(a)(2) of the Delaware General Corporation Law, any vacancy, including newly created directorships resulting from any increase in the authorized number of directors or amendment of the certificate of incorporation, and vacancies created by removal or resignation of a director, may be filled by a majority of the directors then in office (including any directors that have tendered a resignation effective at a future date), though less than a quorum, or by a sole remaining director, and the directors so chosen shall hold office until the next annual election and until their successors are duly elected and shall qualify, unless sooner displaced; provided, however, that where such vacancy occurs among the directors elected by the holders of a class or series of stock, the holders of shares of such class or series may override the Board's action to fill such vacancy by (i) voting for their own designee to fill such vacancy at a meeting of the Corporation's stockholders or (ii) written consent, if the consenting stockholders hold a sufficient number of shares to elect their designee at a meeting of the stockholders. If at any time, by reason of death or resignation or other cause, the Corporation should have no directors in office, then any officer or any stockholder or an executor, administrator, trustee or guardian of a stockholder, or other fiduciary entrusted with like responsibility for the person or estate of a stockholder, may call a special meeting of stockholders in accordance with the provisions of the certificate of incorporation or these bylaws, or may apply to the Court of Chancery for a decree summarily ordering an election as provided in Section 211 of the Delaware General Corporation Law. If, at the time of filling any vacancy or any newly created directorship, the directors then in office constitute less than a majority of the whole Board (as constituted immediately prior to any such increase), then the Court of Chancery may, upon application of any stockholder or stockholders holding at least ten percent (10%) of the total number of the shares at the time outstanding having the right to vote for such directors, summarily order an election to be held to fill any such vacancies or newly created directorships, or to replace the directors chosen by the directors then in office as aforesaid, which election shall be governed by the provisions of Section 211 of the Delaware General Corporation Law as far as applicable.

3.5 Place of Meetings; Meetings by Telephone. The Board of the Corporation may hold meetings, both regular and special, either within or outside the state of Delaware. Unless otherwise restricted by the certificate of incorporation or these bylaws, members of the Board, or any committee designated by the Board, may participate in a meeting of the Board, or any committee, by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in a meeting shall constitute presence in person at the meeting.

3.6 Regular Meetings. Regular meetings of the Board may be held without notice at such time and at such place as shall from time to time be determined by the Board.

3.7 Special Meetings; Notice. Special meetings of the Board for any purpose or purposes may be called at any time by the chairman of the Board, the chief executive officer, the president, the secretary, or any two (2) directors. Notice of the time and place of special meetings shall be delivered personally or by telephone to each director or sent by first-class mail, facsimile, electronic transmission, or telegram, charges prepaid, addressed to each director at that director's address as it is shown on the records of the Corporation. If the notice is mailed, it shall be deposited in the United States mail at least four (4) days before the time of the holding of the meeting. If the notice is delivered personally or by facsimile, electronic transmission, telephone or telegram, it shall be delivered at least twenty-four (24) hours before the time of the holding of the meeting. Any oral notice given personally or by telephone may be communicated either to the director or to a person at the office of the director who the person giving the notice has reason to believe will promptly communicate it to the director. The notice need not specify the purpose of the meeting. The notice need not specify the place of the meeting, if the meeting is to be held at the principal executive office of the Corporation. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting.

3.8 Quorum. At all meetings of the Board, a majority of the total number of directors shall constitute a quorum for the transaction of business and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board, except as may be otherwise specifically provided by statute or by the certificate of incorporation. If a quorum is not present at any meeting of the Board, then the directors present may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

3.9 Waiver of Notice. Whenever notice is required to be given under any provision of the Delaware General Corporation Law or of the certificate of incorporation or these bylaws, a written waiver thereof, signed by the person entitled to notice, or waiver by electronic mail or other electronic transmission by such person, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the directors, or members of a committee of directors, need be specified in any written waiver of notice unless so required by the certificate of incorporation or these bylaws.

3.10 Board Action by Written Consent Without a Meeting. Unless otherwise restricted by the certificate of incorporation or these bylaws, any action required or permitted to be taken at any meeting of the Board, or of any committee thereof, may be taken without a meeting if all members of the Board or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board or committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form. Any copy, facsimile, or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile, or other reproduction shall be a complete reproduction of the entire original writing.

3.11 Fees and Compensation of Directors. Unless otherwise restricted by the certificate of incorporation or these bylaws, the Board shall have the authority to fix the compensation of directors. No such compensation shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor.

3.12 Approval of Loans to Officers. The Corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the Corporation or of its subsidiary, including any officer or employee who is a director of the Corporation or its subsidiary, whenever, in the judgment of the directors, such loan, guaranty or assistance may reasonably be expected to benefit the Corporation. The loan, guaranty, or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors shall approve, including, without limitation, a pledge of shares of stock of the Corporation. Nothing in this Section shall be deemed to deny, limit, or restrict the powers of guaranty or warranty of the Corporation at common law or under any statute.

3.13 Removal of Directors. Unless otherwise restricted by statute, by the certificate of incorporation or by these bylaws, any director or the entire Board may be removed, with or without cause, by, and only by, the affirmative vote of the holders of the shares of the class or series of stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders, and any vacancy thereby created may be filled by the holders of that class or series of stock represented at the meeting or pursuant to written consent; provided, however, that if the stockholders of the Corporation are entitled to cumulative voting, if less than the entire Board is to be removed, no director may be removed without cause if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire Board. No reduction of the authorized number of directors shall have the effect of removing any director prior to the expiration of such director's term of office.

3.14 Chairman of the Board. The Corporation may also have, at the discretion of the Board, a chairman of the Board who shall not be considered an officer of the Corporation.

ARTICLE IV COMMITTEES

4.1 Committees of Directors. The Board may designate one or more committees, each committee to consist of one or more of the directors of the corporation. The Board may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of a member of a committee, the member or members present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another member of the Board to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Board, or in these bylaws, shall have and may exercise all the powers and authority of the Board in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to the following matters: (i) approving or adopting, or recommending to the stockholders, any action or matter expressly required by the Delaware General Corporate Law to be submitted to stockholders for approval or (ii) adopting, amending or repealing any Bylaw of the Corporation.

4.2 Committee Minutes. Each committee shall keep regular minutes of its meetings and report the same to the Board when required.

4.3 Meetings and Action of Committees. Meetings and actions of committees shall be governed by, and held and taken in accordance with, the provisions of Section 3.5 (*Place of Meetings; Meetings by Telephone*), Section 3.6 (*Regular Meetings*), Section 3.7 (*Special Meetings and Notice*), Section 3.8 (*Quorum*), Section 3.9 (*Waiver of Notice*), and Section 3.10 (*Board Action by Written Consent Without a Meeting*) of these bylaws, with such changes in the context of such provisions as are necessary to substitute the committee and its members for the Board and its members; *provided, however*, that the time of regular meetings of committees may be determined either by resolution of the Board or by resolution of the committee, that special meetings of committees may also be called by resolution of the Board and that notice of special meetings of committees shall also be given to all alternate members, who shall have the right to attend all meetings of the committee. The Board may adopt rules for the government of any committee not inconsistent with the provisions of these bylaws.

ARTICLE V OFFICERS

5.1 Officers. The officers of the Corporation shall be a chief executive officer, chief financial officer, and a secretary. The Corporation may also have, at the discretion of the Board, president, a treasurer, one or more vice presidents, one or more assistant secretaries, one or more assistant treasurers, and any such other officers as may be appointed in accordance with the provisions of Section 5.3 of these bylaws. Any number of offices may be held by the same person.

5.2 Appointment of Officers. The officers of the Corporation, except such officers as may be appointed in accordance with the provisions of Sections 5.3 or 5.5 of these bylaws, shall be appointed by the Board, subject to the rights (if any) of an officer under any contract of employment.

5.3 Subordinate Officers. The Board may appoint, or empower the chief executive officer or the president to appoint, such other officers and agents as the business of the Corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these bylaws or as the Board may from time to time determine.

5.4 Removal and Resignation of Officers. Subject to the rights (if any) of an officer under any contract of employment, any officer may be removed, either with or without cause, by an affirmative vote of the majority of the Board at any regular or special meeting of the Board or, except in the case of an officer chosen by the Board, by any officer upon whom the power of removal is conferred by the Board. Any officer may resign at any time by giving written notice to the Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation shall not be necessary to make it effective. Any resignation is without prejudice to the rights (if any) of the Corporation under any contract to which the officer is a party.

5.5 Vacancies in Offices. Any vacancy occurring in any office of the corporation shall be filled by the Board.

5.6 Chief Executive Officer. Subject to such supervisory powers (if any) as may be given by the Board to the chairman of the Board (if any), the chief executive officer of the Corporation (if such an officer is appointed) shall, subject to the control of the Board, have general supervision, direction, and control of the business and the officers of the Corporation and shall have the general powers and duties of management usually vested in the office of chief executive officer of a corporation and shall have such other powers and duties as may be prescribed by the Board or these bylaws. The person serving as chief executive officer shall also be the acting president of the Corporation whenever no other person is then serving in such capacity.

5.7 President. Subject to such supervisory powers (if any) as may be given by the Board to the chairman of the Board (if any) or the chief executive officer, the president shall have general supervision, direction, and control of the business and other officers of the Corporation. He or she shall have the general powers and duties of management usually vested in the office of president of a corporation and such other powers and duties as may be prescribed by the Board or these bylaws.

5.8 Vice Presidents. In the absence or disability of the chief executive officer and president, the vice presidents (if any) in order of their rank as fixed by the Board or, if not ranked, a vice president designated by the Board, shall perform all the duties of the president and when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the Board, these bylaws, the president, or the chairman of the Board.

5.9 Secretary. The secretary shall keep or cause to be kept, at the principal executive office of the Corporation or such other place as the Board may direct, a book of minutes of all meetings and actions of directors, committees of directors, and stockholders. The minutes shall show the time and place of each meeting, the names of those present at directors' meetings or committee meetings, the number of shares present or represented at stockholders' meetings, and the proceedings thereof. The secretary shall keep, or cause to be kept, at the principal executive office of the Corporation or at the office of the Corporation's transfer agent or registrar, as determined by resolution of the Board, a share register, or a duplicate share register, showing the names of all stockholders and their addresses, the number and classes of shares held by each, the number and date of certificates (if any) evidencing such shares, and the number and date of cancellation of every certificate (if any) surrendered for cancellation. The secretary shall give, or cause to be given, notice of all meetings of the stockholders and of the Board required to be given by law or by these bylaws. He or she shall have such other powers and perform such other duties as may be prescribed by the Board or by these bylaws.

5.10 Chief Financial Officer. The chief financial officer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of the Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, retained earnings and shares. The books of account shall at all reasonable times be open to inspection by any member of the Board. The chief financial officer shall render to the chief executive officer, the president, or the Board, upon request, an account of all his or her transactions as chief financial officer and of the financial condition of the Corporation. He or she shall have the general powers and duties usually vested in the office of chief financial officer of a Corporation and shall have such other powers and perform such other duties as may be prescribed by the Board or these bylaws. The person serving as the chief financial officer shall also be the acting treasurer of the Corporation whenever no other person is then serving in such capacity. Subject to such supervisory powers (if any) as may be given by the Board to another officer of the Corporation, the chief financial officer shall supervise and direct the responsibilities of the treasurer whenever someone other than the chief financial officer is serving as treasurer of the Corporation.

5.11 Treasurer. The treasurer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and records with respect to all bank accounts, deposit accounts, cash management accounts and other investment accounts of the Corporation. The books of account shall at all reasonable times be open to inspection by any member of the Board. The treasurer shall deposit, or cause to be deposited, all moneys and other valuables in the name and to the credit of the Corporation with such depositories as may be designated by the Board. He or she shall disburse the funds of the Corporation as may be ordered by the Board and shall render to the chief financial officer, the chief executive officer, the president or the Board of Directors, upon request, an account of all his or her transactions as treasurer. He or she shall have the general powers and duties usually vested in the office of treasurer of a corporation and shall have such other powers and perform such other duties as may be prescribed by the Board or these bylaws. The person serving as the treasurer shall also be the acting chief financial officer of the corporation whenever no other person is then serving in such capacity.

5.12 Representation of Shares of Other Corporations. The chairman of the Board, the chief executive officer, the president, any vice president, the chief financial officer, the secretary or assistant secretary of the Corporation, or any other person authorized by the Board or the chief executive officer or the president or a vice president, is authorized to vote, represent, and exercise on behalf of the Corporation all rights incident to any and all shares of any other corporation or corporations standing in the name of the Corporation. The authority granted herein may be exercised either by such person directly or by any other person authorized to do so by proxy or power of attorney duly executed by the person having such authority.

5.13 Authority and Duties of Officers. In addition to the foregoing authority and duties, all officers of the Corporation shall respectively have such authority and perform such duties in the management of the business of the Corporation as may be designated from time to time by the Board or the stockholders.

**ARTICLE VI
INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES,
AND OTHER AGENTS**

6.1 Indemnification of Directors and Officers. The Corporation shall, to the maximum extent and in the manner permitted by the Delaware General Corporation Law, indemnify each of its directors and officers against expenses (including attorneys' fees), judgments, fines, settlements and other amounts actually and reasonably incurred in connection with any proceeding, arising by reason of the fact that such person is or was an agent of the Corporation. For purposes of this Section 6.1, a "director" or "officer" of the Corporation includes any person (a) who is or was a director or officer of the Corporation, (b) who is or was serving at the request of the Corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, or (c) who was a director or officer of a Corporation which was a predecessor corporation of the Corporation or of another enterprise at the request of such predecessor corporation.

6.2 Indemnification of Others. The Corporation shall have the power, to the maximum extent and in the manner permitted by the Delaware General Corporation Law, to indemnify each of its employees and agents (other than directors and officers) against expenses (including attorneys' fees), judgments, fines, settlements and other amounts actually and reasonably incurred in connection with any proceeding, arising by reason of the fact that such person is or was an agent of the Corporation. For purposes of this Section 6.2, an "employee" or "agent" of the Corporation (other than a director or officer) includes any person (a) who is or was an employee or agent of the Corporation, (b) who is or was serving at the request of the Corporation as an employee or agent of another Corporation, partnership, joint venture, trust or other enterprise, or (c) who was an employee or agent of a corporation which was a predecessor corporation of the Corporation or of another enterprise at the request of such predecessor corporation.

6.3 Payment of Expenses in Advance. Expenses incurred in defending any action or proceeding for which indemnification is required pursuant to Section 6.1 or for which indemnification is permitted pursuant to Section 6.2 following authorization thereof by the Board shall be paid by the Corporation in advance of the final disposition of such action or proceeding upon receipt of an undertaking by or on behalf of the indemnified party to repay such amount if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that the indemnified party is not entitled to be indemnified as authorized in this Article VI.

6 . 4 Indemnity Not Exclusive. The indemnification provided by this Article VI shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders, or disinterested directors or otherwise, both as to action in an official capacity and as to action in another capacity while holding such office, to the extent that such additional rights to indemnification are authorized in the certificate of incorporation.

6 . 5 Insurance. The Corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against such liability under the provisions of the Delaware General Corporation Law.

6.6 Conflicts. No indemnification or advance shall be made under this Article VI, except where such indemnification or advance is mandated by law or the order, judgment, or decree of any court of competent jurisdiction, in any circumstance where it appears:

(a) that it would be inconsistent with a provision of the certificate of incorporation, these bylaws, a resolution of the stockholders, or an agreement in effect at the time of the accrual of the alleged cause of the action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(b) that it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

ARTICLE VII RECORDS AND REPORTS

7.1 Maintenance and Inspection of Records. The Corporation shall, either at its principal executive offices or at such place or places as designated by the Board, keep a record of its stockholders listing their names and addresses and the number and class of shares held by each stockholder, a copy of these bylaws as amended to date, accounting books, and other records. Any stockholder of record, in person or by attorney or other agent, shall, upon written demand under oath stating the purpose thereof, have the right during the usual hours for business to inspect for any proper purpose the Corporation's stock ledger, a list of its stockholders, and its other books and records and to make copies or extracts therefrom. A proper purpose shall mean a purpose reasonably related to such person's interest as a stockholder. In every instance where an attorney or other agent is the person who seeks the right to inspection, the demand under oath shall be accompanied by a power of attorney or such other writing that authorizes the attorney or other agent to so act on behalf of the stockholder. The demand under oath shall be directed to the Corporation at its registered office in Delaware or at its principal place of business. A complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order for each class of stock and showing the address of each such stockholder and the number of shares registered in each such stockholder's name, shall be open to the examination of any such stockholder for a period of at least ten (10) days prior to the meeting in the manner provided by law. The stock list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law. This list shall presumptively determine the identity of the stockholders entitled to vote at the meeting and the number of shares held by each of them.

7.2 Inspection by Directors. Any director shall have the right to examine the Corporation's stock ledger, a list of its stockholders, and its other books and records for a purpose reasonably related to his or her position as a director. The Court of Chancery is hereby vested with the exclusive jurisdiction to determine whether a director is entitled to the inspection sought. The Court of Chancery may summarily order the Corporation to permit the director to inspect any and all books and records, the stock ledger, and the stock list and to make copies or extracts therefrom. The Court of Chancery may, in its discretion, prescribe any limitations or conditions with reference to the inspection, or award such other and further relief as the Court may deem just and proper.

ARTICLE VIII GENERAL MATTERS

8.1 Checks. From time to time, the Board shall determine by resolution which person or persons may sign or endorse all checks, drafts, other orders for payment of money, notes, or other evidences of indebtedness that are issued in the name of or payable to the Corporation, and only the persons so authorized shall sign or endorse those instruments.

8.2 Execution of Corporate Contracts and Instruments. The Board, except as otherwise provided in these bylaws, may authorize any officer or officers, or agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the Corporation; such authority may be general or confined to specific instances. Unless so authorized or ratified by the Board or within the agency power of an officer, no officer, agent, or employee shall have any power or authority to bind the Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

8.3 Stock Certificates and Notices; Uncertificated Stock; Partly Paid Shares. The shares of the Corporation may be certificated or uncertificated, as provided under the Delaware General Corporation Law, and shall be entered in the books of the Corporation and recorded as they are issued. Any or all of the signatures on any certificate may be a facsimile or electronic signature. In case any officer, transfer agent or registrar who has signed or whose facsimile or electronic signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he or she were such officer, transfer agent or registrar at the date of issue.

8.4 Special Designation on Certificates and Notices of Issuance. If the Corporation is authorized to issue more than one class of stock or more than one series of any class, then the powers, the designations, the preferences, and the relative, participating, optional, or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights shall be set forth in full or summarized on the face or back of the certificate that the Corporation shall issue to represent such class or series of stock or the notice of issuance to the record owner of uncertificated stock; provided, however, that, except as otherwise provided in Section 202 of the Delaware General Corporation Law, in lieu of the foregoing requirements there may be set forth on the face or back of the certificate that the Corporation shall issue to represent such class or series of stock or the notice of issuance to the record owner of uncertificated stock a statement that the Corporation will furnish without charge to each stockholder who so requests the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights.

8.5 Lost Certificates. Except as provided in this Section 8.5, no new certificates for shares shall be issued to replace a previously issued certificate unless the latter is surrendered to the Corporation and cancelled at the same time. The Corporation may issue a new certificate of stock or notice of uncertificated stock in the place of any certificate previously issued by it, alleged to have been lost, stolen, or destroyed, and the Corporation may require the owner of the lost, stolen or destroyed certificate, or the owner's legal representative, to give the Corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft, or destruction of any such certificate or the issuance of such new certificate or uncertificated shares.

8.6 Construction; Definitions. Unless the context requires otherwise, the general provisions, rules of construction, and definitions in the Delaware General Corporation Law shall govern the construction of these bylaws. Without limiting the generality of this provision, the singular number includes the plural, the plural number includes the singular, and the term "person" includes both a corporation and a natural person.

8.7 Dividends. The directors of the Corporation, subject to any restrictions contained in (a) the Delaware General Corporation Law or (b) the certificate of incorporation, may declare and pay dividends upon the shares of its capital stock. Dividends may be paid in cash, in property, or in shares of the Corporation's capital stock. The directors of the Corporation may set apart out of any of the funds of the corporation available for dividends a reserve or reserves for any proper purpose and may abolish any such reserve. Such purposes shall include but not be limited to equalizing dividends, repairing or maintaining any property of the corporation, and meeting contingencies.

8.8 Fiscal Year. The fiscal year of the corporation shall be fixed by resolution of the Board of Directors and may be changed by the Board of Directors.

8.9 Transfer of Stock. Upon receipt by the corporation or the transfer agent of the corporation of proper transfer instructions from the record holder of uncertificated shares or upon surrender to the corporation or the transfer agent of the corporation of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the corporation to issue a new certificate or, in the case of uncertificated securities, a notice of issuance of shares, to the person entitled thereto, cancel the old certificate (if any) and record the transaction in its books.

8.10 Stock Transfer Agreements. The Corporation shall have power to enter into and perform any agreement with any number of stockholders of any one or more classes of stock of the Corporation to restrict the transfer of shares of stock of the Corporation of any one or more classes owned by such stockholders in any manner not prohibited by the Delaware General Corporation Law.

8.11 Stockholders of Record. The Corporation shall be entitled to recognize the exclusive right of a person recorded on its books as the owner of shares to receive dividends and to vote as such owner, shall be entitled to hold liable for calls and assessments the person recorded on its books as the owner of shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of another person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

8.12 Facsimile or Electronic Signature. In addition to the provisions for use of facsimile or electronic signatures elsewhere specifically authorized in these bylaws, facsimile, or electronic signatures of any stockholder, director, or officer of the corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

ARTICLE IX AMENDMENTS

The Bylaws of the Corporation may be adopted, amended, or repealed by the stockholders entitled to vote *provided, however*, that the Corporation may, in its certificate of incorporation, confer the power to adopt, amend or repeal Bylaws upon the directors. The fact that such power has been so conferred upon the directors shall not divest the stockholders of the power, nor limit their power to adopt, amend or repeal Bylaws.

**CERTIFICATE OF ADOPTION OF BYLAWS
OF
TREASURE GLOBAL INC**

The undersigned hereby certifies that he is the duly elected, qualified, and acting Secretary of Treasure Global Inc, a Delaware corporation (the "Corporation"), and that the foregoing bylaws, comprising fifteen (15) pages, were adopted as the Bylaws of the Corporation on July 1, 2020.

The undersigned has executed this certificate effective as of July 1, 2020.

/s/ Teo Chong Chan
Teo Chong Chan, Secretary

**CERTIFICATE OF AMENDMENT
TO CERTIFICATE OF INCORPORATION
OF
TREASURE GLOBAL INC**

TREASURE GLOBAL INC, a corporation organized and existing under the laws of the State of Delaware (the "Corporation"), pursuant to Section 242 of the Delaware General Corporation Law, hereby certifies as follows:

FIRST, that in accordance with the provision of Sections 141(f) and 242 of the Delaware General Corporation Law, the Board of Directors of the Corporation by unanimous written consent approved the following amendment to the Corporation's Certificate of Incorporation to increase the total number of authorized shares of stock from ten million (10,000,000) to one hundred seventy million (170,000,000), consisting of one hundred fifty million (150,000,000) shares of common stock, \$0.00001 par value, and twenty million (20,000,000) shares of preferred stock, \$0.00001 par value, and such that Article Fourth shall be amended in its entirety to read as follows:

"FOURTH: The total number of shares of stock which the Corporation shall have authority to issue is 170,000,000 shares, consisting of 150,000,000 shares of common stock, having a par value of \$0.00001 per share, and 20,000,000 shares of preferred stock, having a par value of \$0.00001 per share."

SECOND, that thereafter, pursuant to resolution of its Board of Directors and the sole stockholder of the Corporation by written consent voted in favor of the amendment.

THIRD, that the foregoing amendment was duly adopted in accordance with the provisions of Section 242, Section 141(f), and Section 228 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, the Corporation has caused this Amendment to the Certificate of Incorporation to be signed by its duly authorized officer this 26th day of October, 2021.

TREASURE GLOBAL INC

BENEFICIAL SHAREHOLDING AGREEMENT

THIS BENEFICIAL SHAREHOLDING AGREEMENT (this "Agreement") is entered into and made effective as of June 5, 2017 (the "Effective Date"), by and between KOK PIN TAN, a Malaysian citizen (NRIC: 831013-08-5689) ("Tan"), with an address of No. 30, JLN Setia Impian U13/4L Setia Alam, Seksyen U13, 40170 Shah Alam, Selangor, Malaysia, OOI JAU LONG, a Malaysian citizen (NRIC: 820306-08-5945) ("Long"), with an address of No. 32, Jalan Perlis, Taman Rakyat, 34600 Kamunting, Perak, Malaysia, and YU WENG LOK, a Malaysian citizen (NRIC: 790607-10-5175) ("Lok") and together with Long, the "Holders", with an address of No. 32, Jalan Setia Impian U13/6E, Setia Alam, 40170 Shah Alam, Selangor, Malaysia.

RECITALS

WHEREAS, Tan is contemplating the incorporation of a certain company to be named Gem Reward Sdn. Bhd. and incorporated in Malaysia ("Gem"), and would like the Holders and possibly others to equally hold all of the ordinary shares of Gem (the "Shares") on his behalf, and the Holders are willing to hold the Shares on Tan's behalf, upon the terms and subject to the conditions set forth in this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the premises, and of the agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Beneficial Holding. The Holders hereby agree (i) to hold all of the Shares in equal amounts, (ii) any Shares held by them shall be for the sole benefit of Tan, (iii) they will not vote or dispose of the Shares except under the instruction of Tan and (iv) to cause Gem to issue additional Shares at the instruction of Tan.
 2. Consideration to Chan. In consideration of the Holders' agreements set forth in Section 1, Tan will cause the Holders to receive equity in a company yet to be determined.
 3. Term. The term of this Agreement shall begin on the Effective Date and continue until terminated by Tan.
 4. Amendment; Waivers. This Agreement may not be amended except by a writing signed by all the parties hereto. The waiver by a party hereto of a breach of, or a default under, any of the provisions hereof, or to exercise any right or privilege hereunder, shall not be construed as a waiver of any other breach or default of a similar nature, or as a waiver of any of such provisions, rights, or privileges hereunder.
 5. Governing Law. This Agreement will be interpreted, and the rights of the parties hereto will be determined, under the laws of Malaysia without regard to conflict of laws.
 6. Notices. Any notice, request, instruction, or other document to be given hereunder by any party to the others shall be in writing and delivered personally or sent by registered or certified mail, postage prepaid, or by facsimile to such other persons or addresses as may be designated in writing by the party to receive such notice.
-

7. Entire Agreement. This Agreement constitutes the entire agreement, and supersedes all other prior agreements and understandings, both written and oral, among the parties hereto with respect to the subject matter hereof.

8. Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability or the other provisions hereof.

9. Assignment. This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors, heirs, legal representatives, and permitted assigns. The parties may not directly or indirectly assign any of its rights or delegate any of its obligations under this Agreement, by operation of law or otherwise, without the prior written consent of the other parties.

10. Counterparts. This Agreement may be executed in any number of counterparts, each such counterpart (including any facsimile or electronic document transmission of such counterpart) being deemed to be an original instrument, and all such counterparts shall together constitute the same agreement.

[Signature page follows]

IN WITNESS WHEREOF, this Agreement has been duly executed and delivered by the parties hereto as of the date first written above.

BENEFICIAL SHAREHOLDING AGREEMENT

THIS BENEFICIAL SHAREHOLDING AGREEMENT (this "Agreement") is entered into and made effective as of November 10, 2020 (the "Effective Date"), by and between KOK PIN TAN, a Malaysian citizen (NRIC: 831013-08-5689) ("Tan"), with an address of No. 30, JLN Setia Impian U13/4L Setia Alam, Seksyen U13, 40170 Shah Alam, Selangor, Malaysia, and TEO CHONG CHAN, a Malaysian citizen (NRIC: 830616-06-5113) ("Chan"), with an address of No. 73, Jalan USJ 13/4, 47620 Subang Jaya, Selangor, Malaysia.

RECITALS

WHEREAS, Tan would like Chan to hold ordinary shares of Gem (the "Shares") on his behalf, and Chan is willing to hold the Shares on Tan's behalf, upon the terms and subject to the conditions set forth in this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the premises, and of the agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Beneficial Holding. Chan hereby agrees (i) to hold all of the Shares in equal amounts to the current shareholders of Gem, (ii) any Shares held by him shall be for the sole benefit of Tan, (iii) he will not vote or dispose of the Shares except under the instruction of Tan and (iv) to vote to cause Gem to issue additional Shares at the instruction of Tan.
 2. Consideration to Chan. In consideration of Chan's agreements set forth in Section 1, Tan will cause Chan to receive equity in a company yet to be determined.
 3. Term. The term of this Agreement shall begin on the Effective Date and continue until terminated by Tan.
 4. Amendment; Waivers. This Agreement may not be amended except by a writing signed by all the parties hereto. The waiver by a party hereto of a breach of, or a default under, any of the provisions hereof, or to exercise any right or privilege hereunder, shall not be construed as a waiver of any other breach or default of a similar nature, or as a waiver of any of such provisions, rights, or privileges hereunder.
 5. Governing Law. This Agreement will be interpreted, and the rights of the parties hereto will be determined, under the laws of Malaysia without regard to conflict of laws.
 6. Notices. Any notice, request, instruction, or other document to be given hereunder by any party to the others shall be in writing and delivered personally or sent by registered or certified mail, postage prepaid, or by facsimile to such other persons or addresses as may be designated in writing by the party to receive such notice.
-

7. Entire Agreement. This Agreement constitutes the entire agreement, and supersedes all other prior agreements and understandings, both written and oral, among the parties hereto with respect to the subject matter hereof.

8. Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof.

9. Assignment. This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors, heirs, legal representatives, and permitted assigns. The parties may not directly or indirectly assign any of its rights or delegate any of its obligations under this Agreement, by operation of law or otherwise, without the prior written consent of the other parties.

10. Counterparts. This Agreement may be executed in any number of counterparts, each such counterpart (including any facsimile or electronic document transmission of such counterpart) being deemed to be an original instrument, and all such counterparts shall together constitute the same agreement.

DATED [11th March 2021)

BETWEEN

Treasure Global Inc
("Purchaser")

AND

THE PERSONS STATED IN COLUMN I OF SCHEDULE 1
("Vendors")

SHARE SWAP AGREEMENT

THIS AGREEMENT is made on [11th March 2021]

BETWEEN:

- (1) Treasure Global Inc (Company No.: 7908921) a company incorporated in the State of Delaware with its registered address at 16192, Coastal Highway, Lewes, Delaware 19958, Country of Sussex (the "Purchaser") of the one part;

AND

- (2) THE PERSONS STATED IN COLUMN I OF SCHEDULE 1 (the "Vendors") of the other part.

WHEREAS:

- A. The Vendors are the registered and beneficial owner of the Sale Shares (*as defined below*) where their respective shareholdings are stated hereunder in Schedule 1.
- B. As part of the corporate restructuring prior to seeking the Admission (*as defined below*) of the Purchaser, to which would result in the Target Company being wholly owned by the Purchaser, the Purchaser is desirous to acquire the Sale Share and to issue the Consideration Shares (*as defined below*) to the Vendors subject to the terms and conditions hereinafter set out.

NOW IT IS HEREBY AGREED as follows:

1. DEFINITIONS AND INTERPRETATION

In this Agreement, including without limitation the recitals and the schedules, unless the context otherwise requires:

- 1.1 the following expressions shall have the meaning set out against them:

"Admission"	means admission to trading of the entire issued and to be issued share capital of the Purchaser on NASDAQ;
"Agreement"	means this written Share Swap Agreement, and all the attachments, annexure and schedules hereto;
"Completion"	means the completion of the sale and purchase of the Sale Shares in accordance with the terms of this Agreement ;
"Completion Date"	means the date on which Completion actually takes place under this Agreement;

"Consideration"	means the sum of RM 1,281,595.00, which is equivalent to USD312,584.00, being the purchase price for the Sale Shares payable by the Purchaser to the Vendors;
"Consideration Shares"	means a total of 312.584 Purchaser's Shares representing 3.03 percent of the entire issued share capital of the Purchaser immediately following Completion to be allotted and issued by the Purchaser to the Vendors fully paid up or credited as fully paid up;
"Encumbrance"	means any claim, charge, mortgage, security, lien, option, equity, pledge, conversion right, right of set off or conversion, trust, power of sale, hypothecation or other third party right, retention of title, right of pre-emption, right of first refusal or security interest of any kind;
"NASDAQ"	means the United States Stock Exchange which is known as the National Association of Securities Dealer Automated Quotations;
"Purchaser Share"	means an ordinary share in the share capital of the Purchaser;
"Parties" or "Party"	means the parties to this Agreement or such one or more of them as the case may be;
"Purchaser Shares"	means ordinary shares of the Purchaser;
"RM"	means Malaysian Ringgit, the lawful currency of Malaysia;
"Target Company"	means Gem Reward Sdn Bhd (Registration No: 201701019994(1234159-A)), a company incorporated in Malaysia;
"Sale Shares"	means a total of 3,000,000 ordinary shares representing 100% equity interest of the Target Company as stated in Column II of Schedule I; and
"USD"	means the United States dollar, the lawful currency of the United States;

1.2 where two (2) or more persons or parties are included or comprised in any expression, agreement, covenant, term, stipulation, representation, warranty and/or undertaking expressed to be made by or on the part of such persons or parties, the aforementioned shall be deemed to be made by and binding upon and enforceable against such persons or parties jointly and severally (unless otherwise expressly specified herein);

- 1.3 any reference to "Taxation" shall comprise all forms of taxation whether in Malaysia, or elsewhere in the world, past, present and future (including, without limitation, income tax, capital gains tax, stamp duty, customs and other import or export duties) and all other statutory, governmental or state impositions, duties and levies and all penalties, charges, costs and interest relating to any claim (and for this purpose the expression "claim" shall include any notice, demand, assessment, letter or other document issued or action taken by the inland revenue or other statutory or governmental authority, body or official whosoever (whether of Malaysia or elsewhere in the world) whereby any company within the Group is or may be placed or sought to be placed under a liability to make a payment or deprived of any relief, allowance, credit or repayment otherwise available);
- 1.4 any reference to "transaction" shall include any transaction, act, event or omission of whatever nature and references to any transaction effected on or before Completion shall include the combined result of two or more transactions, the first of which shall have taken place (or be deemed to have taken place) or the commencement of which shall have occurred (or be deemed to have occurred) on or before Completion;
- 1.5 references to Clauses, Recitals and Schedules are to clauses, recitals, appendices and schedules to this Agreement and shall form an integral part of this Agreement; and
- 1.6 the headings are for convenience only and shall not affect the interpretation hereof.
- 1.7 unless the context otherwise requires, words in the singular shall include the plural and the plural shall include the singular.
- 1.8 reference to "business day" means a day except a Saturday, Sunday or public holiday (gazetted or ungazetted and whether scheduled or unscheduled) on which banks and financial institutions are open for business in Kuala Lumpur, Malaysia; and
- 1.9 unless the context otherwise requires, a reference to one gender shall include a reference to the other genders .

2. SALE AND PURCHASE OF SALE SHARES

- 2.1 Subject to the terms and conditions of this Agreement, the Vendors shall sell with full title guarantee to the Purchaser and the Purchaser shall purchase from the Vendors the Sale Shares free from all Encumbrances and with all rights, benefits and entitlements now or hereafter attaching thereto as at Completion including without limitations, all bonus, rights, dividends and distributions declared and unpaid or made in respect thereof.
- 2.2 The purchase price for the purchase of the Sale Shares shall be the Consideration, which shall be wholly satisfied by the Purchaser allotting and issuing the Consideration Shares to the Vendors and/or its nominee(s) on the Completion Date and on their issue and allotment each Consideration Share shall be fully paid up or credited as fully paid up and rank *pari passu* in all respects with the existing ordinary shares of the Purchaser .

2.3 In order to facilitate Completion, immediately upon execution of this agreement by all the Parties, the Vendors shall deliver to the Purchaser the documents described in clauses 3.2.1, 3.2.2 (undated) and 3.2.3 below.

2.4 The Vendors agree and undertake to the Purchaser that it will not, and shall procure that its nominee(s), where applicable, will not, dispose of and/or create any Encumbrance over the Consideration Shares prior to Admission.

3. COMPLETION

3.1 Completion shall take place on 28 February 2021 unless otherwise determined by the board of directors of the Purchaser.

3.2 On Completion, the Vendors shall date (as appropriate) and deliver to the Purchaser:

3.2.1 the share certificates in respect of all the Sale Shares;

3.2.2 valid and registrable transfers in respect of all the Sale Shares duly executed by the Vendors in favour of the Purchaser; and

3.2.3 a certified copy of the resolutions of the directors of the Vendors, approving the transfers of the Sale Shares to the Purchaser.

3.3 On Completion, the Purchaser shall deliver or cause to be delivered to the Vendors a certified copy of the resolutions of the board of directors of the Purchaser:

3.3.1 approving the purchase of the Sale Shares; and

3.3.2 resolving to allot and issue the Consideration Shares to the Vendors and/or its nominee(s) on Completion fully paid up or credited as fully paid up on allotment and ranking *pari passu* in all respects with the existing issued ordinary shares of the Purchaser.

4. WARRANTIES

4.1 The Vendors acknowledge that they have made representations to the Purchaser as set out in this Agreement with the intention of inducing the Purchaser to enter into this Agreement, and that the Purchaser was induced to enter into this Agreement by those representations and has entered into this Agreement on the basis of, and in full reliance upon them.

4.2 The Vendors hereby warrant, represent and undertake to and with the Purchaser and its successors in title as follows:

4.2.1 the recitals are true and correct in all material respects;

- 4.2.2 that the Vendors are, and on the Completion Date will be, the registered legal and beneficial owner of the Sale Shares;
- 4.2.3 that all the Sale Shares which are registered in the name of the Vendors are and will on the Completion Date be free and clear of all Encumbrances and are not subject to any restrictions with respect to the ability of the Vendors to transfer the Sale Shares and that all such Sale Shares will be transferred to the Purchaser together with full title guarantee and all rights, benefits and entitlements attached thereto;
- 4.2.4 that there are no outstanding options granted to any third party by the Vendors to purchase all or any of the Sale Shares which are registered in the names of such Vendors and such Vendors have not entered into any contract or arrangement for the sale or disposal of all or any of such Sale Shares or any interest therein to any third party and such Sale Shares are not subject to any options, warrants or rights nor are they agreed conditionally or unconditionally to be placed under any options, warrants or rights;
- 4.2.5 that all consents, approvals, licences and authorisations of, and all filings and registrations with, any governmental or statutory agency or authority necessary for the due execution and delivery of this Agreement including the approval of Bank Negara Malaysia for investment abroad have been, as far as the same are required to be done or performed by the Vendors by the Completion Date, obtained and will remain valid and in full force and effect up to and as at Completion, and all consents, approvals, licences, authorisations, filings and registrations necessary for the performance or enforceability of this Agreement and for the performance by the Vendors of their obligations under this Agreement have been obtained and will remain valid and in full force and effect up to and as at Completion;
- 4.2.6 that the Vendors have (and will at all times up to and as at Completion have) full legal rights, powers and authorities to execute, deliver and perform their obligations under this Agreement and all such other agreements, deeds, documents and instruments as are specified or referred to in this Agreement or as are otherwise required in order to implement the transactions envisaged in this Agreement;
- 4.2.7 that the Vendors have not committed and shall not commit any offence under and/or is in breach of any of the laws of Malaysia or any jurisdiction elsewhere in the world such as would have a material adverse effect on the business or affairs of the Purchaser or the value of the Sale Shares;
- 4.2.8 that there is no arrangement, agreement, option or any right made, granted or issued by the Vendors or any person which provides for the issue or gives any person the right to call for the issue of any shares, bonds, options, warrants, debentures or securities of any kind of the same;

- 4.2.9 that there is no provision of the memorandum and articles of association or constitution of any the Vendors and no provision of any existing contract, agreement or instrument binding on the Vendors have been or would be contravened by the execution and delivery of this Agreement and such other agreements, deeds, documents and instruments as are specified or referred to in this Agreement or by the performance or observance of the Vendors or any of the terms hereof or thereof;
- 4.2.10 that all consents, approvals, licences and authorisations of, and all filings and registrations with, any governmental or statutory agency or authority necessary for the Vendors to carry on his business have been obtained and will remain in full force and effect as at the Completion Date;
- 4.2.11 that there are no other classes of shares in the share capital of the Vendors except ordinary shares which rank *pari passu* among themselves;
- 4.2.12 that there is no litigation, arbitration, mediation, conciliation or administrative proceeding taking place, pending or threatened, whose outcome is likely to have a material adverse effect on the ability of such Vendors to perform their obligations under this Agreement; and
- 4.2.13 that there is no circumstance applicable to such Vendors which could make this Agreement or the transactions contemplated under this Agreement void, voidable or unenforceable under any applicable laws.
- 4.3 The Vendors further represent, warrant and undertake to and with the Purchaser that it has not taken any action nor, to the best of its knowledge, information and belief, has any other steps been taken or legal proceedings started or threatened against it for its bankruptcy, administration, winding up or dissolution or for it to enter into any arrangement or composition for the benefit of creditors or for the appointment of an administrative receiver, an administrator or a receiver, trustee or any of its respective properties, revenues or assets nor have any orders or resolutions been made or passed for any of the foregoing.
- 4.4 The Vendors further represent, warrant and undertake to and with the Purchaser that each of the representations, warranties and undertakings given by it contained in this Agreement will be true and accurate in all material respects on each day following the date of this Agreement up to and including the Completion Date as though the same were repeated on each such day including the Completion Date.
- 4.5 The Vendors hereby covenant and agree to indemnify and keep indemnified the Purchaser and any assignee or assignees of the Purchaser and any of their successors in title against all or any losses, damages, claims and demands arising out of a breach or breaches of the representations, warranties and undertakings given by it in this Agreement or misrepresentations in any material respect under the terms of this Agreement, or for any breach of any term or condition hereof.

4.6 If prior to the Completion Date it shall be found that any of the warranties, representations or undertakings contained in this Agreement are untrue or incorrect in any material respect, the Purchaser shall be entitled by notice in writing to the Vendors to claim for damages (but without prejudice to any of the rights to which the Purchaser may be entitled at law) but failure to exercise this right shall not constitute a waiver of any other rights of the Purchaser or its successors in title arising out of any breach of warranty, representation or undertaking.

4.7 Each of the representation s, warranties and undertakings contained in this Agreement shall be separate and independent and the rights and remedies of the Purchaser in respect of a breach or breaches of the representations , warranties or undertakings shall not be affected or determined by the completion of the sale and purchase of the Sale Shares hereunder or by any other event or matter whatsoever, except a specific and duly authorised waiver or release by the Purchaser as applicable.

5. RELEASE AND INDULGENCE BY THE PARTIES

Any liability to any of the Parties hereunder may in whole or in part be released, compounded or compromised by time or indulgence given by any of such Parties in its or their absolute discretion without in any way prejudicing or affecting its or their rights against any other Party or Parties or any further or other rights they may have.

6. NOTICES

6.1 Subject as otherwise provided in this Agreement, all notices, demands or other communications required or permitted to be given or made hereunder shall be in writing and delivered personally or sent by prepaid registered post (or by airmail if overseas) or by facsimile transmission, addressed to the intended recipient thereof at its address or facsimile number set out herein (or to such other address or facsimile number as any Party may from time to time notify to the others) . Any such notice, demand or communication shall be deemed to have been duly served: if delivered personally, immediately; if given by facsimile, on completion of transmission; if given by e-mail, at on completion of transmission; if given by registered post or airmail letter, seven (7) business days after posting and in proving the same it shall be sufficient to show that the envelope containing the same was duly addressed, stamped and posted.

6.2 The particulars for service of the Vendors are set down hereunder in Schedule I below.

6.3 The particulars for service of the Purchaser are:

Address	45, Jalan USJ 21/10, Usj 21, 47640 Subang Jaya, Sela ngor, Malaysia
Email.	dt@treasuregroup.co
Attention	Dr. Darren Tan Kok Pin

7. NO ASSIGNMENT

The Vendors shall not transfer or assign all or any of its rights obligations or benefits hereunder to any third party except with the prior written consent of the Purchaser, which consent shall be given at its absolute discretion.

8. COSTS

Each of the Parties shall bear its own legal and other costs and expenses incurred in connection with this Agreement and the sale and purchase of the Sale Shares. The Purchaser shall bear all stamp duty payable in respect of the transfer of the Sale Shares, if any.

9. ENTIRE AGREEMENT & MODIFICATIONS

9.1 This Agreement and the agreements referred to herein embody all the terms and conditions agreed upon between the Parties as to the subject matter of this Agreement and supersede and cancel in all respects all previous agreements and undertakings between the Parties with respect to the subject matter hereof, whether such be written or oral.

9.2 This Agreement shall not be altered, changed, supplemented or amended except by written instruments signed by all the Parties.

10. GOVERNING LAW AND JURISDICTION

10.1 This Agreement and any dispute or claim arising out of or in connection with it or its subject matter (including without limitation any non-contractual obligations) shall be governed by and construed in accordance with the laws of Malaysia.

10.2 The courts of Malaysia shall have non-exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with this Agreement or its subject matter.

11. COUNTERPARTS

This Agreement may be signed in any number of counterparts and by the Parties on separate counterparts, each of which is an original, but all of which constitute one and the same instrument. Delivery of an executed counterpart signature page of this Agreement by e-mail (PDF) or facsimile shall be as effective as delivery of a manually executed counterpart of this Agreement. In relation to each counterpart, upon confirmation by or on behalf of the signatory that the signatory authorises the attachment of such counterpart signature page to the final text of this Agreement, such counterpart signature page shall take effect together with such final text as a complete authoritative counterpart.

12. TIME OF ESSENCE

Time whenever mentioned is of the essence of this Agreement.

13. SEVERANCE

Notwithstanding that any provision of this Agreement may prove to be illegal or unenforceable, the remaining provisions of this Agreement shall continue in full force and effect.

[the rest of this page is intentionally left blank]

IN WITNESS WHEREOF this DEED has been signed as a deed by or on behalf of each of the Parties hereto and delivered on the date first above written.

THIS AMENDMENT TO SHARE SWAP AGREEMENT (this "Amendment") is entered into and made effective as of March 11, 2021, by and between TREASURE GLOBAL INC, a Delaware corporation (the "Company"), TEO CHONG CHAN, a Malaysian citizen (NRIC: 830616-06-5113) ("Chan"), with an address of No. 73, Jalan USJ 13/4, 47620 Subang Jaya, Selangor, Malaysia, OOI JAU LONG, a Malaysian citizen (NRIC: 820306-08-5945) ("Long"), with an address of No. 32, Jalan Perlis, Taman Rakyat, 34600 Kamunting, Perak, Malaysia, and YU WENG LOK, a Malaysian citizen (NRIC: 790607-10-5175) (together with Chan and Long, the "Vendors"), with an address of No. 32, Jalan Setia Impian U13/6E, Setia Alam, 40170 Shah Alam, Selangor, Malaysia. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in that certain Share Swap Agreement dated as of March 11, 2021, by and between the Company and the Vendors (the "Share Swap Agreement").

RECITALS

WHEREAS, the parties to the Share Swap Agreement desire to correct certain terms contained therein; and

WHEREAS, pursuant to Section 9.2 of the Share Swap Agreement, the parties hereto desire to amend the Share Swap Agreement to correct such terms.

AGREEMENT

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the parties hereto agree as follows:

1. Amendments.

(a) Section 3.1 of the Share Swap Agreement is hereby deleted in its entirety and replaced with the following:

"3.1 Completion shall take place on 11 March 2021 unless otherwise determined by the board of directors of the Purchaser."

(b) Section 3.3 of the Share Swap Agreement is hereby deleted in its entirety and replaced with the following:

"3.3 On Completion, the Purchaser shall deliver or cause to be delivered to the Vendors a certified copy of the resolutions of the board of directors of the Purchaser:

3.3.1 approving the purchase of the Sale Shares; and

3.3.2 resolving to allot and issue the Consideration Shares to the Vendors and/or its nominees(s) on the date that the Certificate of Incorporation of the Purchaser is amended to increase the authorized common stock of the Purchaser to an amount necessary to issue the Consideration Shares to the Vendors and such date shall be no later than October 29, 2021."

2 . Severability. If any provision of this Amendment, as applied to any party hereto or to any circumstance, shall be found by a court to be void, invalid, or unenforceable, the same shall in no way affect any other provision of this Amendment or the application of any such provision in any other circumstance, or the validity or enforceability of this Amendment.

3 . Entire Understanding. This Amendment and the Share Swap Agreement contain the entire understanding of the parties hereto relating to the subject matter contained herein and supersedes all prior and collateral agreements, understandings, statements, and negotiations of the parties. Each party acknowledges that no representations, inducements, promises, or agreements, oral or written, with reference to the subject matter hereof have been made other than as expressly set forth herein. This Amendment may not be modified or rescinded except by a written agreement signed by both parties.

4 . Notices. All notices under this Amendment shall be in writing and shall be (a) delivered in person, (b) sent by e-mail, or (c) mailed, postage prepaid, either by registered or certified mail, return receipt requested, or overnight express carrier, addressed in each case as provided by the parties hereto (or such other address as may be designated by the party by giving notice in accordance with this Section. All notices sent pursuant to the terms of this Section shall be deemed received (i) if personally delivered, then on the date of delivery; (ii) if sent by e-mail before 2:00 p.m. local time of the recipient, on the day sent if a business day or if such day is not a business day or if sent after 2:00 p.m. local time of the recipient, then on the next business day; (iii) if sent by overnight, express carrier, on the next business day immediately following the day sent; or (iv) if sent by registered or certified mail, on the earlier of the third (3rd) business day following the day sent or when actually received.

5 . Waiver. Failure by either party to insist upon strict compliance with any of the terms, covenants, or conditions hereof shall not be deemed a waiver of such term, covenant, or condition, nor shall any waiver or relinquishment of any right or remedy hereunder at any time be deemed a waiver or relinquishment of such right or remedy.

6 . Governing Law. This Amendment and the rights and obligations of the parties hereunder shall be governed by and construed in accordance with the laws of the State of Delaware without regard to conflicts of law principles thereof and applicable to contracts made and to be performed therein.

7 . No Presumption. This Amendment shall be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting or causing any instrument to be drafted.

8 . Counterparts. This Amendment may be executed in multiple counterparts, delivered by e-mail or such other form of electronic execution and delivery, all of which together shall constitute original copies and one and the same instrument.
